RELIEF PLANS FOR PRESENT WINTER

What the Employment Service of Canada Will Do.

Value of Service—Review of What was Done Last Winter in Various Provinces—More than \$1,500,000 Spent for Relief.

(By George M. Stewart in Toronto Globe.) In Canada for the first time we have had co-operative effort on the part of the Dominion, provincial and municipal authorities in relief measures. In December, 1920, the federal government urged in a memorandum that the situation should be met to the utmost possible extent by the provision of work instead of relief. The government agreed to bear one-third of the cost of relief when such became necessary on condition that the distribution should be organized by the municipal authorities and that no relief should be dispensed unless the applicant had obtained a certificate from the local office of the employment service showing that no work was available for him.

In the majority of cases it was possible to discontinue the distribution of unemployment relief during the winter of the spring season, but in some ten municipalities it was found necessary to assist the unemployed during the summer. The total amount expended by the federal government under this relief plan was about \$1,500,000, of which the federal government took full responsibility for the relief of handicapped ex-service men out of employment, which involved the expenditure of approximately \$1,250,000.

Plans for Present Winter. With regard to the present winter the federal government announced on October 7 that it would continue to aid municipalities in unemployment relief to the extent of one-third of their relief expenditures, but only on condition that the provincial governments should share equally in the expense. To encourage the municipal authorities in the provision of employment rather than relief the government agreed to bear one-third of the actual cost of any municipal work over the estimated cost of carrying it on in the normal working season on condition that the provincial government would share in the expense to the same extent.

In addition to carrying on several large national works, the government provided that with the concurrence of the minister of labor the National Railways should place immediately next year's orders for rails and accessories and for the rebuilding and repairs of freight equipment. The Purchasing Commission has also endeavored to send orders for equipment and supplies for the different government departments during the slack seasons of the industries affected.

The employment service of Canada may claim to have contributed toward the reduction of unemployment in this country. In placements in the total of 370,000 for the year the workers were transferred on reduced transportation to employment at considerable distances. No doubt in a large proportion of these cases the workers would not have learned of the opportunity otherwise nor would the employers have secured the labor. The employment offices do not send workers to other localities if local labor

CHILDREN'S COUGHS QUICKLY RELIEVED

It is hard for you to keep the children from taking colds, they will run out of doors not properly wrapped, or have too much clothing on and get overheated and cool off too suddenly, they get their feet wet and kick off the clothes at night; the mother cannot watch them all the time so what is she going to do? Mothers should never neglect the children's coughs or colds, but on the first sign should procure a bottle of

DR. WOODS' NORWAY PINE SYRUP

It is pleasant and nice to take, and relieves the cough or cold in a very short time and thus prevents bronchitis, pneumonia, or perhaps consumption getting a foothold on their system. Mrs. E. Smith, 288 Victoria Ave., North Hamilton, Ont., writes:—“I have three children who have had very bad colds, due to change of climate. I have tried different remedies, but I never got the best results from Dr. Woods' Norway Pine Syrup. I have no difficulty in giving it to them, as they like it. I always have at least one bottle in the house.”

Price, 85c. and 60c. a bottle at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Men's Felt Hats \$3.50 AT HUNT'S 17 Charlotte Street

is available. Organized on a national basis, the employment service is able to despatch to meet the unmet demand constantly arising throughout the country even in times of depression such as this, and in this way “the stagnant pools of labor,” as Beveridge has characterized the reserves of unemployed, are partly drained.

Mr. Lloyd George said the other day: “We have done more for the unemployed than have ever been done before.” This holds true of Canada as well as England, and probably of most other countries. But the treatment has been mainly curative, we are contending with the fever because we have not tried to prevent it. There are encouraging signs, however, that preventive measures are being adopted. It is significant that unemployment insurance is being more firmly established in Europe and that in the United States bills have been introduced in three of the state legislatures proposing that each industry shall provide compensation for unemployment to its workers. More and more the employment offices are being concentrated in the slack seasons and the bad years. Employers are directing their efforts to the stabilizing of employment within their establishments. In the midst of the present suffering it is possible to discern some development toward a policy of unemployment prevention.

DOMINION LODGE L. O. B. A. OFFICERS

At a meeting of Dominion L. O. B. A. Lodge No. 18, held last evening in the Orange Hall, Simonds street, officers were installed for the ensuing year, and an enjoyable concert was given after installation. The officers, who were installed by F. W. G. M., Mrs. Hatfield Myles Flanders, of Haster Rock, Victoria county, assisted by Miss Jessie Woodland, provincial grand secretary; Mrs. John Silliphant, W. M. of L. O. B. A. No. 36, and Mrs. Harry Brown, of the Johnstone Lodge, No. 111, were as follows: Worthy mistress, Mrs. T. Valle; chaplain, Mrs. O. Brentnall; recording secretary, Mrs. E. Patrinquin; financial secretary, Mrs. M. Lane; treasurer, Mrs. John Silliphant; director of ceremonies, Mrs. L. Stacey.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at Once When Backache or Bladder Bothers—Meat Forms Uric Acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

JO-BEL THE WONDER SALVE

What could be a more welcome gift around Christmas time than something that would give peace and comfort to anyone suffering from eczema, piles, disfiguring sores, pimples, chafing, itching, etc., etc. and

JO-BEL WILL DO IT as testified to by so many of your own well known people who themselves have been made happy by its use. For sale all druggists. Price 50c. and \$1.00 box. JOSEPH A. MURDOCH, 127 Orange Street

LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Pepp are little tablets, containing various medicinal ingredients, which when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs, in a word, while no liquid or solid can get to the lungs and air passages, these Pepp fumes get there and accomplish their work of healing.

FREE TRIAL. Cut out this across it the same date of this paper, and mail it (with 1c. stamp to pay return postage) to Pepp Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Pepp, 60c. box.

Tepps

lecturer, Mrs. J. Brown; second lecturer, Mrs. C. Atkinson; I. G. Mrs. W. Atkinson; O. G. Miss Doris McNulty; F. of C. Mrs. J. Pickles; second P. of C. Mrs. H. Bird; third P. of C. Mrs. E. H. Brown; first P. of C. Mrs. E. Hamilton; Mrs. A. Atkinson and Mrs. E. Patrinquin; auditors, Edwin Thomas and Thomas Rogers; past treasurer, Mrs. F. Rogers; pianist, Mrs. E. Hamilton; guardian, Edwin Thomas.

After the installation, there was a vocal solo by Mrs. J. Brown; a recitation by Mac Stacey; a solo, Mrs. Hamilton; and piano solo by Miss Vida Lodge. Mrs. J. Brown, on behalf of Dominion Lodge, presented to Mrs. Flanders a silver serving tray, engraved, Mrs. E. Saunders, of Wightman Lodge, No. 344, of East Florenceville, Quebec county, had laden with candies, fruits and nuts, occupied a good space and from it sixty-five presents were distributed to the members. The tree was given by the Happy Hour Club and Refreshments were served at the close. The twenty-eighth anniversary of the lodge will be celebrated in February by a basket social and pound party in aid of orphans and needy ones.

CONSTIPATION BAD HEADACHES FAINT, DIZZY SPELLS

Constipation is one of the commonest ills of mankind, and one that is almost universal. It is a source of much trouble and a serious complication sets in. A free motion of the bowels daily is necessary for the health of everyone then there will be no constipation, sick or bilious spells, dizziness, heartburn, indigestion, foul breath, or any stomach, floating specks before the eyes, jaundice, water brash, etc.

Keep the bowels properly regulated by the use of MILBURN'S LAXATIVE PILLS and you will enjoy the best of health. Mrs. Frank Willey, R. R. 8, Belmont, Ont., writes:—“I have been troubled with constipation for nearly two years. I had bad headaches, faint and dizzy spells, and would blot terribly. I was nearly discouraged for I had tried many things that gave me no relief. My mother got me a vial of Milburn's Laxative Pills and told me to give them a fair trial. After I had taken one vial I felt much better and continued to use them. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxative Pills for the world.”

Price, 25c. a vial at all dealers, or mailed direct on receipt of price by T. Milburn Co., Limited, Toronto, Ont.

MOTHERS' PENSIONS

(Moncton Transcript.) It is a satisfactory feature of the trend of most of the social legislation enacted by our various provincial legislatures during the last few years that it is largely practical and based upon sound economic principles, says an exchange. The provinces have moved slowly in this matter, especially in the East, preferring in many cases to allow neighboring states to the south to break virgin ground of social experiments. While every province from the Pacific Coast to Ontario has legislation on this subject on its statute books and all but eight of the States of the Union have made similar provision, neither Ontario nor the maritime provinces have taken the plunge. It is just ten years ago since Mothers' Pensions were transferred from the visionary ideals of advanced reformers into the realm of actuality, Jackson County, Missouri, having the distinction of having granted the first mother's pension.

The basis of these pensions is that no child shall be deprived of the privilege of home life and the loving care of its mother on account of poverty, and that if a home is deprived of the services of the breadwinner by death, imprisonment or detention in a hospital the state shall provide sufficient money to keep the home intact.

Legislation in the various provinces honours the nation, outside the question of cost, there will be no dispute. Institutions that are equipped with every modern appliance, that are hygienic according to the last word in sanitary science and in which there is a healthful moral tone, are unable to purchase or acquire that indefinable and priceless asset of mother love.

softening influence in that conglomeration of sentiments which are wrapped in the word “Home” that does not take root in public institutions. In addition to this there is the proved fact that Mothers' Pensions are economical from the state's standpoint if properly and efficiently administered. Both Manitoba and Saskatchewan have shown that the cost of maintaining one child through the agency of the Mothers' Pension legislation is less than that of its maintenance in a public institution.

“THE JAZZ” IS GOING INTO THE DISCARD

Dancing Masters Feel End of Disgusting Wiggling is in Sight.

Chicago, Jan. 5.—“The Jazz” is slowly but surely going into the discard, according to a statement issued here by Renato Bett of Dayton, O., director of dance reform of the American National Association, Masters of Dancing. “The Fox Trot” is the dance that receives the most abuse by the dancer,” said the statement, “and it is the ‘Fox Trot’ music as written and played in ‘Jazz’ fashion that causes the dancer to abuse this popular dance. There is nothing wrong with the ‘Fox Trot,’ or the steps in the ‘Fox Trot,’ but it is a conceded fact among all teachers of dancing that the oriental suggestiveness and broken time in the Fox Trot Jazz music, together with the lack of sufficient supervision, is responsible for the downward trend of the dance.”

The American National Association of Masters of Dancing began two years ago, to work for cleaner dancing. Hundreds of Welfare Associations, thousands of college deans, police women everywhere, and finally the public dance hall proprietors are listed in the work with us. We all feel one hope that the great ‘Jazz’ has been reached, and reports to us from every part of the country show ‘clean dancing’ crusades being started everywhere.

All exaggerated movements, especially of the upper parts of the body, are in very bad taste in social dancing, and are never found with true refinement and culture.”

Nine don'ts are given in the statement. They are:—“Don't permit vulgar jazz music to be played. “Don't permit young men to hold their partners tightly. “Don't permit partners to dance with cheeks close or touching. “Don't permit ‘neck holds.’ “So-called ‘whimmy’ or ‘toddle’ dancing should not be tolerated. “Don't dance from the waist up; dance from the waist down. “Don't permit suggestive movements. “Don't permit dancers to copy the extremes that are now used on the modern stage.”

A meeting of the commissioners of the East St. John County Hospital was held yesterday morning in the office of the county secretary, J. King Kelley, when

Children

who have once had Zam-Buk applied never forget how it soothes and heals their hurts. Wise mothers never use anything else. A touch of herbal Zam-Buk—a bandage made of almost any clean rag—no more tears or worry. Zam-Buk is so pure and so refined that it provides the ideal healer for every sort of wound, abrasion or soreness.

60c. box, 4 for \$1.25. All Stores and Chemists.

the estimates for 1922 were completed. While a surplus of about \$1,000 remains from the 1921 warrant, the estimates this year will be about the same as those of 1921, as it is expected that the receipts from private patients will not be so great as the number of soldier patients, from whom a considerable revenue is received, is being reduced.

Enthusiastic reports of the recent Christmas celebration in the Home for Incubables were received by the board for the home at a meeting held yesterday afternoon, Dr. Thomas Walker presiding. The reports showed that it was one of the best entertainments ever held for the inmates.

CHILDREN LIKE TO TAKE NADRUCO Syrup of Tar with Cod Liver Oil Compound

Its healing properties—so valuable in quickly relieving Coughs and Colds, Whooping Cough and Bronchitis—are masked and disguised by sweet, pleasant-tasting syrup. A dose at bed-time will save the children from coughing spells during the night, as this soothes the throat and loosens the phlegm.

Prepared by NATIONAL DRUG AND CHEMICAL COMPANY OF CANADA LIMITED

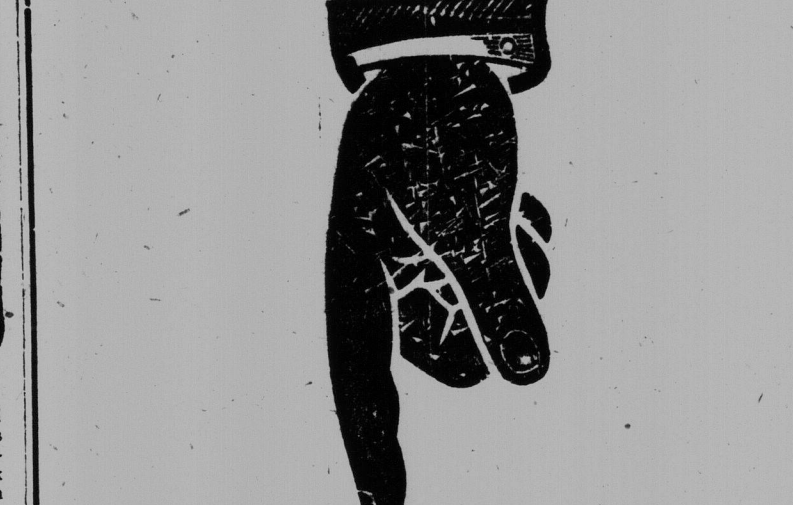

The Worlds' Steeplechase Champion

Mr. Percy Hodges says:—“As the ‘World's Steeplechase Champion,’ I can quite easily maintain my supremacy by including a regular course of Phosferine throughout my training periods and also for a short time after the races in which I compete. I am sure that the ‘fit and fresh’ feeling, and the sense of physical energy which enabled me to cover 1 mile, including 33 jumps, under 5 minutes was really THAT ‘FIT AND FRESH’ FEELING promoted by the Phosferine I took immediately before the race. There is always a risk of ‘nerviness’ upsetting the best form or condition, and in all my experience there is nothing to surpass Phosferine to enable an athlete to cope with any such disadvantage.”—Park Lodge, Park Rd., Twickenham, London, England.

The Greatest of all Tonics PHOSFERINE

A PROVEN REMEDY FOR: Anemia, Nervous Debility, Loss of Appetite, Premature Decay, Mental Exhaustion, Bilelessness, Indigestion, Exhaustion, Neuritis, Weakness, Premature Decay, Mental Exhaustion, Bilelessness, Rheumatism, Malaria, Headache, Nervous Shock, Sciatica, etc. Made in Liquid and Tablets, each sold in 3 sizes, the larger sizes are the more economical. PROPRIETORS: ASHTON & PARSONS, LTD., LUDGATE HILL, LONDON, ENGLAND. Sole Agents for Canada: HAROLD F. RITCHIE & COMPANY, LIMITED, TORONTO, ONTARIO.
