

GOOD DAY'S WORK IN LEGISLATURE BUT A LOT OF DISCUSSION

Fredericton, April 9.—The legislature accomplished a good day's work on the estimates. There was a lot of discussion and considerable speechmaking but when the house arose it was with the estimates nearly all passed. Very little time should be required to complete this feature of the session's work.

One fact which stands out prominently in the discussions which marked the proceedings is the inability of the opposition to learn by past experience. When that party was in power they had several lessons on how the affairs of the country should not be run, but they proceeded to repeat their errors until relieved of the burdens of office. But with the patriotic potato matter still fresh in their minds, the chief excuse offered by the former minister of agriculture, the present leader of the opposition, seems to have no impression on his followers.

In suggesting a reduction in the number of government members this evening, one of Mr. Tilley's suggestions was that the offices of agriculture and lands and mines should be amalgamated. It was in trying to run them this way that Hon. J. A. Murray ascribed his failure to look after the potato matter in a way which would have enabled him to avoid the chaos into which he was plunged.

Consideration of supply was resumed at the afternoon session and half a dozen items were passed before recess. Hon. Mr. Tweeddale had not spoken on the budget debate and he took advantage of the opportunity afforded by the consideration of agricultural estimates to reply to some statements which had been made by opposition members during the debate.

With facts and figures which could not be denied he showed how baseless was the charge that he had shown political favoritism or partisanship in the distribution of fertilizer and seed grain, and went on to show that the results secured in the greater production campaign in New Brunswick were greater compared

THE BLOOD

(BY LEE HERBERT SMITH, M. D.)

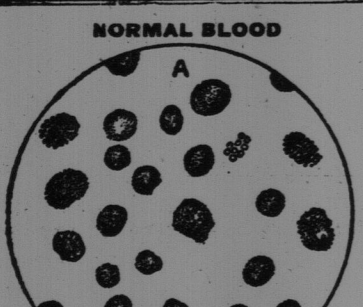

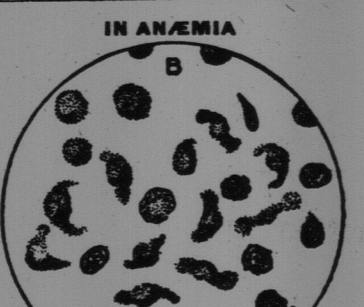

AFTER INFLUENZA AND HARD WINTER COLDS.

After an attack of the grip or pneumonia, or even a hard cold, the blood is left thin, watery, and one is said to be anemic. Instead of the blood cells being round, as in diagram "A", they become irregular, as in "B." When you feel weak, nervous, or the skin breaks out in pimples, eruptions or boils, and you feel "blue" and without any snap or energy, sometimes hands cold and clammy, there is usually a large decrease in the red or white blood corpuscles and one should build up with some good blood-builder and tonic.

You can put iron in your blood and the cells become round and red, losing the irregular shape, by

taking a good iron tonic, called "Ironite," put up by Dr. Pierce and sold by most druggists. This "Ironite" is compounded of a soluble iron, nux and herbal extracts. With this you gain in vim, vigor and vitality. Instead of pale cheeks, tired and worn out before the day is half done, after taking "Ironite" your cheeks will have color, you will feel strong and vigorous and ready for work.

Or if you like a good alternative and herbal tonic, such a one can be obtained at any drug store, favorably known for the past fifty years as Dr. Pierce's Golden Medical Discovery. This is made from the wild roots and barks of forest trees and without the use of alcohol.

NO CONSTIPATION NO PILES

We think, without a doubt, that constipation is the most prevalent, and at the same time, one of the greatest troubles human nature is afflicted with, and causes more sickness than anything else.

Unless a free action of the bowels occurs at least once a day, constipation is sure to ensue, then comes the sore and uncomfortable piles, sick and bilious headaches, coated tongue, chronic constipation, sour stomach, heartburn, water brash, and many other ailments.

Milburn's Laxa-Liver Pills will regulate the flow of bile to act properly on the bowels, thus removing the constipation and its allied troubles.

Mr. Dan Doucette, "Having been troubled for years with constipation and trying everything I knew of, a friend advised me to use Milburn's Laxa-Liver Pills. I used four vials and am completely cured. I can gladly recommend them to anyone who suffers from constipation."

Milburn's Laxa-Liver Pills have been on the market for the past 25 years, and have been used with best results by thousands of people in that time, and we have yet to hear of a complaint as to their curative powers.

Price 25¢ per vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**DELEGATION TO CAPITAL
TOMORROW, MAKE IT BIG**

A representative delegation of citizens will go to Fredericton tomorrow morning to support the city council in pressing for the amendments to the Currier bill relating to the New Brunswick Power Company. This was decided on at a meeting of the citizens' committee last evening in the board of trade rooms. M.

Interest was lent to the meeting by the presence of William Hawker, a holder of preferred stock, who at the outset of the meeting stated that the proposed amendments might operate to the loss of holders of that stock. He agreed that the \$2,000,000 of common stock should never have been issued, and that the city was justified in taking action in the matter. His only fear was that the proposed amendments might go a little too far.

Mr. Agar and Commissioner Fisher pointed out that the position of preferred stockholders was really made safer under the proposed legislation than if the city had taken no action in the matter. Both of these speakers went quite fully into the case and Mr. Hawker said they gave him much information he had not before possessed. The whole question of the position of investors and of the public served by the company was quite fully and generally discussed.

A resolution was adopted fully endorsing the action of the city council in employing John A. Sullivan, and in all the steps thus far taken to guard the city's interests. It was pointed out that the Currier bill, and the information gained was of such value to the city for the present and future as to justify every step taken by the council and the citizens' committee, even if the Currier report itself was an extremely disappointing one. It was insisted, however, that the rate-base named in that report was very excessive and the common stock should not be considered at all.

Before adjournment it was agreed to urge as many members of the citizens' committee as can get away to spend tomorrow in Fredericton in support of the city's bill.

Mayor Hayes was not able to leave last night for Fredericton, but he will go to the capital this evening, accompanied by the members of the citizens' committee.

AN ENDLESS CHAIN

Here is the endless chain of recommendations for Lydia E. Pinkham's Vegetable Compound. There is hardly assistance for the village in the State from which women have not been written letters telling of health restored by Lydia E. Pinkham's Vegetable Compound. If you are suffering from any of the ailments mentioned in the advertisement, ask your neighbor if she has ever used Lydia E. Pinkham's Vegetable Compound. In many cases she will tell you that she has used it and that it has helped her. It is a health by its use and will recommend it to you.

In Parliament

**A Stinging Time Follows Remarks
By Lucien Cannon**

Ottawa, April 9.—White with rage over the taunt that Ontario members, in voting for conscription, were attacked only by a desire to win the election, G. B. Nicholson, of East Algoma, who lost his only son in the war, sprang to his feet in the house of commons this morning and denounced Lucien Cannon, of Dorchester, as a "miserable, cowardly slanderer," and challenged him to "repeat the remark to my face outside the front of the parliament building."

Proceedings prevented him from giving Mr. Cannon a thrashing there and then, but he intimated that he was quite ready to whip the member from Quebec if he dared reiterate the slanders on the green outside the house.

When Mr. Nicholson called the Quebec man a miserable, cowardly slanderer, he was ordered by the Speaker to withdraw, and Dr. Edwards, of Frontenac, shouted: "I'll withdraw, Mr. Speaker, but I'll say it to his face outside. I hurl the contemptible remark back at his teeth and dare him to repeat it outside the chamber," declared Mr. Nicholson.

The outstanding speech of the day was made by W. F. F. Nicholson of Kingston. Both of his sons served with distinction at the front, one in the Royal Flying Corps and the other in the infantry, and were severely wounded in encounters with the enemy. He, of course, said nothing about that, but spoke as a man representing Kingston constituency, which has sent 2,000 men to the war. Mr. Nicholson read from reports of Mr. Cannon's speeches in the Dorchester constituency, which he sent to show that "he was not only against conscription but against the war from its inception. Cannon had asked: 'Are we to ruin our country for England? No, it is not Canada's war.'"

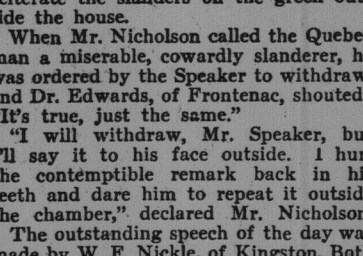

Mr. Nicholson vigorously denied the charge that the conscription measure was an election dodge and dramatically declared that he would rather have gone down to defeat a thousand times and to political oblivion forever than be a traitor to the men at the front—the "thin khaki line which stretched from the North Sea to the boundaries of Switzerland, who were standing between Canada and the modern barbarians."

The minister of militia, General Mclellan, spoke briefly earlier in the debate. He rose to correct the impression that many Canadian soldiers had been shot at the front for desertion.

The Danger Signals

Pains in the back or sides. Constant headaches, swollen joints, urinary troubles, brick dust face, dropsy, and all the signs of kidney trouble.

**HER FIVE CHILDREN
Had Whooping Cough
At the Same Time.**

Whooping cough is one of the most dangerous diseases of children, especially to those under five years of age. It first starts with a fever and cough, sneezing, watering of the eyes and an irritation of the throat. Later the coughing increases, the child becomes livid in the face, the eyes appear as if they would burst from their sockets, and suffocation seems imminent till relief is brought by the "whoop."

On the first sign of whooping cough we would advise the use of Dr. Wood's Norway Pine Syrup. This famous remedy will clear the bronchial tubes of the collected mucus and phlegm, and in this way ease the racking cough and in a short time make it disappear entirely. Mrs. Walter McLaughry, North Bedford, Sask., writes: "I have five children, the eldest thirteen and the baby two years old. They all had the whooping cough at the same time. I tried two by the four commissioners, but none gave me the same satisfaction as Dr. Wood's Norway Pine Syrup. A home where there are young children should never be without it. It will highly recommend it to those who want a quick cure."

There are many imitations of Dr. Wood's Norway Pine Syrup, so be sure you get the genuine by insisting that the package is put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c and delivered by The T. Milburn Co., Limited, Toronto, Ont.

Increases Your Weight, Restores Lost Strength, Prevents Illness

Every day come new converts to that great army of men and women who rejoice in new-found health that came to them through the use of that wonderful blood-renewing preparation called "FERROZONE." Very simple how it acts. All you have to do is take two small chocolate-coated tablets with a sip of water at the close of each meal. Ferrozone is a marvel. It contains just what this blood lacks—lots of iron, but mark you, the kind of iron your blood is able to absorb. Ferrozone puts life and vim into the blood. Makes it rich and nourishing. Naturally the body is better fed and grows stronger day by day.

Of course digestion must be improved, and probably the stomach will require aid as well. Ferrozone serves the purpose admirably. Those who use it, enjoy appetite and digestive powers far beyond the ordinary.

That tired feeling is replaced by the buoyant joyous sensation of health and vigor. Day by day as your strength increases, you feel new energy surging through your veins, and know that a great tonic of great merit is at work. No remedy more nourishing or uplifting, no treatment so sure to bring lasting health, good spirits and contentment. Ferrozone contains just what run-down folks need; it cures because it supplies more nutriment than you can get in any other way. 50c per box or six for \$2.50 at all dealers, or by mail from The Catarothone Co., Kingston, Ont.

KEEP ELECTRIC LAMPS CLEAN

Dirty electric lamps are inefficient and wasteful. A recent investigation in a large establishment disclosed interesting figures in the extent of this waste. A group of lamps with a week's accumulation of dirt showed an average absorption of light of sixteen per cent., some of them running as high as nearly twenty per cent. Another group which had been used for three weeks had an average absorption of light of twenty per cent., with a maximum of over twenty-six per cent. Figuring on this basis, sixteen per cent. more lamps at the end of three weeks would be required to obtain the same illumination that would have been obtained if the lamps were kept clean. This, of course, meant a corresponding increase in the electric light bill.

GAME ACT AMENDMENTS

Reception by Governor and Mrs. Fugle—Premier's Birthday Observed

Fredericton, N. B., April 9.—The bill to amend the Game Act which will be introduced in the legislature by Hon. E. A. Smith, minister of lands and mines, will contain several important changes. It is understood. Chief among them will be the restoration of permission to sell game meat. The sale was prohibited last year and the prohibition resulted in strong protest. No change will be made in the length of the game season. License fees will remain unchanged except in the case of fishing, in which \$10 will be charged for a non-resident angler's license as a trout stream and \$25 on a salmon stream. Waters held under lease will come under the provision as well as others.

Important changes will be made with respect to permits and bounties. It is understood that there will be a considerable increase in the fee for heavier permits. Wild cat bounties will be increased, but porcupine bounties will be withdrawn. Last year 5,000 of these animals were killed and bounties claimed. Foremen of logging and construction crews will be held responsible under the legislation for infraction of the Game Act by men under their supervision.

Fredericton, N. B., April 9.—His Honor the Lieutenant-Governor and Mrs. J. J. Ferguson received this afternoon at the Queen hotel. His honor was attended by Lieutenant-Colonel W. J. Osborne, A. D. C., and R. S. Barker, official secretary. Mrs. Fugle was assisted in receiving by Mesdames J. H. Barry and J. Roy Campbell.

John Neill, son of ex-Warden A. B. Neill, of Devon, and Miss Alice Brown, daughter of Mr. and Mrs. Clarence Brown, of the same place, were married tonight at the bride's residence. Rev. H. H. Ferguson, pastor of the Devon Baptist church, performed the ceremony.

Fredericton, N. B., April 9.—Premier Foster's forty-fifth birthday, which occurred today, was gracefully recognized before the house opened this afternoon. When the premier arrived to take his seat he found on his desk a magnificent bouquet of forty-five carnations mingled with greenery, which was presented with the compliments of the members of the executive council.

The premier in a neat speech expressed his appreciation.

The leader of the opposition, on behalf of his colleagues, extended his felicitations to the premier.

CARPENTERS ASK MORE

At a meeting of the house carpenters, held in the Oddfellows' Hall, Union street, last evening, it was decided to ask for an increase in their wages from 45 cents to 60 cents an hour. This proposed increase of wages has been under discussion at two or three meetings, all the members of the union being strongly in favor of it, and last night it was formally decided to insist on the increase, dating from May 1. Notice to this effect will be sent to all the contractors in the city. There was a very large attendance of members present at the meeting and several new members were initiated. During the evening an address was given by W. F. Hatheway.

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

J. W. Bruce, Well-Known Here, Member Of Commission

Ottawa, Ont., April 9.—The commission to investigate industrial relations will consist of two representatives each of employers and employees, and the public. Chief Justice Mathers will be chairman.

The members of the commission are: Chief Justice Mathers, chairman; Senator White and Charles Harrison, M. P., representing the public; Carl Riddor, president of the Montreal Pulp & Paper Company, Montreal, and F. Pause, lumberman, Montreal, representing the employers; Tom Moore, president of the Trades and Labor Congress and J. W. Bruce, member of the labor appeal board, Toronto, representing the employees. Thomas Pennington, Toronto, will be secretary of the commission.
