Keep Down the Cost of Living

Did you ever count the potatoes you throw away as useless? They average one in every five, and you have to pay for them, but though they are, you needn't keep this up, either.

CLEMENTS' HAND-PACKED POTATOES

are GUARANTEED GOOD. They are smooth, shal-low-eyed, and carefully selected, being kept at just the right temperature, in our own special cellars. They come in Peck Packages, every week, right to the kitchen door, and COST NO MORE THAN OTHER KIND.

It All Started From a Bad Cold

WATFORD MAN FOUND RELIEF IN DODD'S KIDNEY PILLS.

Mr. Robt. Taylor, Sr., After Suffering for Two Years, Tells of the Benefits He Got From Dodd's Kidney Pills.

Waterford, Ont., June 2.—(Special)—Mr. Robert Taylor, Sr., a very capable man living here, is telling his friends that the pain in his back, from which he suffered for some time, has disappeared, and that he gives all the credit to Dodd's Kidney Pills.

"My trouble started with a cold," Mr. Taylor states, "and though I was treated by a doctor I got no permanent relief. I had cramps in my muscles and stiffness in my joints, my sleep was broken and unrefreshing and I perspired freely with the least exertion. I had attacks of rheumatism and sciatica, and though I tried many medicines I found no relief till I tried Dodd's Kidney Pills. I must say they were a great benefit to me."

Mr. Taylor's troubles came from his kidneys. The diseased kidneys failed to strain the uric acid out of the blood and the results were as he has stated. Dodd's Kidney Pills put the kidneys in working order, the uric acid was strained out of the blood, and the troubles went with it.

AM! MY TIRED FEET ACHED SO FOR "TIZ"

How "TIZ" Eases Sore, Swollen, Sweaty, Calloused Feet and Corns

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tormented feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and smile, and then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions. There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

Montreal, June 2—Captain Langlo, Montreal agent of the Storstad, denied tonight that Mrs. Andersen, wife of Captain Andersen of the collier, ever made the statements attributed to her by some of the Montreal evening papers to the effect that Captain Kendall, of the Empress, had been drugging.

Montreal, June 2—It was announced today at the C. P. R. offices, Windsor street, that the raising of the submerged Empress of Ireland was a matter which depended solely on the decision and rights of the underwriters, Lloyd's of London.

Montreal, June 2—The body of a little girl, about seven years of age, with a piece of string around her waist as the only means of identification, has been found on the shore at Little Metis, according to information received by the C. P. R. Instructions have been forwarded that the body be forwarded to Quebec.

The child's body must have travelled at least fifteen miles from the scene of the wreck of the Empress before coming ashore.

To Search for Body

John H. Hamilton and J. J. Mitchell left last night for Quebec in the hope that the body of Frank W. Hamilton, son of the former, would be found amongst the dead brought to that city from the St. Lawrence disaster. His body has as yet been unidentified.

Montreal, June 1—The condition of the Storstad's stem, twisted so much to starboard that it almost formed a half circle, is said to be favorable to the

statements of the captain of that steamer when he said that when the collision occurred it was impossible for the collier's stem to remain in the hole made in the Empress because the latter's forward movement twisted it out.

FOREST FIRES ARE STILL SPREADING

Valuable timberland is being ruined by an extensive forest fire in the district near Kellogg and dense volumes of smoke darkened the countryside yesterday for miles beyond the fire zone, while drivers at the rate of a mile per hour, swept through birch and spruce woods in the most disastrous and spectacular blaze that has followed from the holiday fires.

The fire is said to have started near Compton's Lake and traveled at the rate of a mile an hour before the strong wind which prevailed yesterday, cutting a wide ruinous swath in the properties of Fred. Clark and Mrs. Bonnell, and on crown lands.

Since Sunday the conflagration has bared a large area through to Lorneville and is now burning back, working into green timber.

In the Nerepis district, residents have prepared to fight a fierce brush fire, and water barrels and buckets have been placed in the road at intervals along the line of flame, are sweeping through

the Lingley, McKenzie and government lands.

It is said that a change of wind will drive the Kellogg blaze towards the valuable property of the Ingewood Pulp & Paper Company, and may threaten the Musquash district.

A message from Clarendon to The Telegraph last night said considerable damage had been done to the green timber on the John E. Moore property there and that the fire had then only two and a half miles from Clarendon station.

Car May Visit England.

London, June 2—Although nothing has been definitely arranged it is believed that the Car will visit London in the near future. This will come as a fitting conclusion to the interchange of hospitality which began with President Poincare's visit to England last June.
