ST. GEORGE'S DAY

Flags Fly in Honor of England's Patron Saint

LOCAL CELEBRATION

An Ode Appropriate to The Day—The Officers of the Society in This City and the Objects Aimed At

Englishmen and descendants of Englishmen in this city join today with their compatriots throughout the world in honoring the anniversary of St. George, the patron saint of England. The Union Jack floats over public buildings and institutions and some private homes as well in recognition of the day. The occasion will also be marked by the annual gathering of St. George's Society this evening when the members will meet for dinner in the Royal Hotel. This organization has done much to keep green the memory of their patron saint and, by the practice of good fellowship and practical charity have given expression to the aims and ideals of the society and the objects for which it was formed.

Give me your ears, O Patriots
List ye to this short lay—
With lusty shout and stout heart true,
Proclaim this world-famous day.

For "St. George and Merrie England"
"Twas our forefathers cry
Still "St. George for dear old England!"
Our voices make reply.

Bonnie Scotland loves St. Andrew,
St. David guards fair Wales;
And Erin sings St. Patrick's fame
O'er all her hills and dale.

And shall not we, too, loyal be,
Our brave St. George to own?
Shall we not keep his Patronal
With bright and merry tone?

Can we forget all his brave deeds,
Who courage nobly taught?
Who stay'd the Tyrant's gory scourge,
And peace and freedom wrought?

Can we not him our pattern make?
Can we not help the weak?
And when in dangerous paths they tread,
Shall we then dare to speak?

Can we not teach our sons to fight
For true for conscience' sake;
Make England's Patron their choice
When honor is at stake?

So would we hope that England's sons
(This shall we ever pray)—
Support the weak, defend the right,
The odds be what they may.

So will we e'er unfurl the flag,
Extending to the breeze;
It's blood-red cross on pure white ground
Ne'er speaks of selfish ease.

So "St. George for dear old England!"
Again we shout the cry;
Sound forth his praise, his fame proclaim;
Patriots never die.

A. T. BURGESS.

The officers of St. George's Society for 1913 are:

President—Gerrard S. Mayne.
Vice-president—Fred E. Hainington.
Treasurer—Geo. W. Ketchum.
Secretary—W. A. Church.
Asst. Secretary—Frank A. Kinneer.
Historian—Col. E. T. Sturdee.
Chaplain—Rev. E. B. Hooper.

The objects of St. George's Society are to foster a spirit of patriotism and nationality, to promote social intercourse among its members, and to extend aid to Englishmen and Welshmen or their descendants, or their widows and orphans.

In addition to these objects from the constitution of the society, there is a broader field, to maintain a spirit of fraternal union and a pride of race, to further English interests and customs, and to celebrate St. George's Day, England's Day, which is also the anniversary of the birth and death of Shakespeare.

ST. VITUS DANCE

IN YOUNG CHILDREN

A Striking Example of Its Cure By the Tonic Treatment

St. Vitus dance is the commonest form of nervous trouble that afflicts young children, because of the great demand made on the body by growth and development, and there is an added strain caused by study. It is when nature demands more so great that they impoverish the blood, and the nerves fail to receive their full supply of nourishment, that the nervous debility which leads to St. Vitus dance begins.

The remarkable success of Dr. Williams' Pink Pills in curing St. Vitus dance should lead parents to give this great blood-building medicine to their children at the first signs of the approach of the disease. Pale, listlessness, inattention, restlessness and irritability are all symptoms which early show that the blood and nerves are failing to meet the demand upon them. Here is proof of the power of Dr. Williams' Pink Pills to cure this trouble. Mrs. J. W. Towns, Oshawa, Ont., says:—"At the age of eleven my daughter was attacked with St. Vitus dance, and despite all we did for her the trouble grew rapidly worse. Soon she was scarcely able to walk, her body and limbs jerked and trembled so, and she was quite unable to feed herself. When she would lie down she would be unable to rise without assistance. As nothing was helping her, I wrote a friend whose daughter had been similarly affected, and she advised the use of Dr. Williams' Pink Pills, which had cured her child. I at once got a supply of the Pills, and even the use of the first box seemed to show an improvement. By the time five boxes were used she was completely cured and has had no return of the trouble since." Sold by all medicine dealers by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

IN PARLIAMENT

Ottawa, April 22—The Liberals today asked the ministry to say what its closure resolution really means, and how far it would shut off amendments and debate. Premier Borden replied that, if used with severity, the opposition would have little opportunity for action, but no government would ever be unreasonable in applying closure. The opposition would always see that the government got a reasonable show.

The reply of the Liberals was that they did not want opportunity to speak as a courtesy from the government, but as a matter of right. They said that the government would not have the right to apply the closure rule, but that it would be the duty of the speaker to apply it.

Finally, they intimated that if closure should be forced through they did not intend to recognize it, because they had not been consulted in its preparation.

It looks as though there were still some warm times ahead.

Mr. MacDonald asked Hon. Mr. Haas as to the truth of the reports that he had caused the discharge of the men of the Niobe, but the naval minister was not prepared to make a statement until tomorrow.

Fred Kay resumed discussion of the closure bill. "If they had faith in their policy," he said, "they would go to the people on it."

Sir Wilfrid Laurier was enthusiastically cheered when he arose to speak. In conclusion, he said:

"The proper remedy for all these twattings and turnings, for all these subterfuges and dangerous expedients, is not for the majority to play fast and loose with the rule, which has been the bulk of parliamentary liberty and responsibility, is not in the invasion of the privileges and rights of a free people. No, the remedy is not to be found in these things. It is to be found in a direct, manly appeal to the Canadian people."

Sir Wilfrid Laurier concluded amid a tempest of Liberal cheering.

THE NASHWAUK DRIVES

(Fredericton Mail)

E. B. Staples, manager at Maryville for the Partridge Pulp & Paper Company has received some information that indicates a fairly bright outlook for the Nashwaak drive. Although there is little snow in the woods on the headwaters of the Nashwaak there is abundance of ice and if warm rains set in shortly the water will remain at a good pitch for driving.

Crews have been at work on the landings on the Nashwaak headwaters since the first of the week. It is expected that driving will begin early next week. The cut on the Nashwaak for the past winter is estimated as being better, 15,000,000 and 14,000,000 feet.

"That's a heavy burden you have got my lassie," said a gentleman. "It's no burden," replied the girl; "It's my wee brother."

A WONDERFUL DISCOVERY

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill.

Then again, as soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the scuffle of the thing, but they know it that Zam-Buk stops their pain. Mothers should never forget this.

Again, as soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. March, of 101 Delormier Ave., Montreal, called upon the Zam-Buk Co., and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. Today—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a 7c. stamp (pay return postage). Address Zam-Buk Co., Toronto.

MORNING LOCALS

A young man charged with a theft in Campbellton last year and who was being brought back from the States on the S. S. Calvin Austin last evening made his escape by leaping from the deck to the wharf while the steamer was docking. The detective in charge of him had withdrawn his attention for a moment.

BRAKEMAN KILLED

Percy Kennedy, a brakeman employed with the Southamptown railway, was killed yesterday at Newmarket Station, N. B., while working about some of the cars of a train.

He fell and was run over by a string of cars. His body was taken to Millville, N. B., where he had resided. Kennedy was twenty-six years old and unmarried.

He—"Isn't it strange that so many little men marry tall women?"

She—"It is a great deal stranger that so many tall women marry little men."

SYMPTOMS OF CONSUMPTION

Yield to Vinol

The medical profession does not believe that consumption is inherited, but a person may inherit a weakness or tendency to that disease.

A prominent citizen of Evansville, Ind., writes: "I was ill for five months with a pulmonary trouble, and had the best doctors; I had hemorrhages, and was in a very bad way. Through the advice of a friend I tried Vinol, and I feel that it saved my life. It is all you recommend it to be. I believe it is the greatest medicine on earth. I have advised others to try Vinol, and they have had the same results." (Name furnished on request.)

Vinol soothes and heals the inflamed surfaces and allays the cough. Vinol creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary disease.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. —Yasson's 3 Drug Stores, King street, Main street and Haymarket square.
