AMUSEMENTS FOR OURSELVES AND OTHERS

OPERA HOUSE.

Mildred and Rouclere and their merry company are booked to appear at the Opera House the last half of next week. The play this company will introduce is Princess Iris. To give a detailed story of the play, the management say, would only spoil the pleasure of many who will attend. They claim, however, that the play is a series of continual laughs, pleasant surprises and many new and big illusions that are presented during the action of the piece, and that it is a play that will please young people. Seat sale opens at the Opera House box office.

OPERA HOUSE.

The success for several years of Charles H. RossKam's Chicago Stock Company is declared to be the strongest proof of Mr. RossKam's genius as a manager. Good performances, it is said, are given of the latest and most popular metropolitan productions, with a first class company and a scenic and property dressing not usually given to plays except when special productions are made. The people comprising the company are Norbert E. Dorente, Forrest Cummings, Richard Carhart, George Florer, Francis Townsend, Carl Sherred, Harry Alton, Clara Belle Prae, Helen Myers, Juanita Mack, Belle Florer, Mable Spencer and others. The advance sale opens Thursday morning. For the Monday matinee and night, a production of Strangheart will be given.

THE NICKEL.

The last day of the week will be an interesting one at the Nickel, where so many fine programmes have been put on of late. The film bill is as follows: Priscilla and the Indian Chief, a tale of the Puritan days in New England; the Biograph story Was He a Coward?, an incident of a smallpox outbreak, and the third reel is an Edison farce-comedy, Mr. Bumptious as a Detective. Each film-story is a complete little play, and with Madame Furlong-Schmidt in her farewell song, and Jack Mcrrissey in the late hit, Nora Malone, a good Saturday of fun and fancy is assured.

On Monday the Nickel will return those perennial favorites Holmes and Buchanan in a complete new line of songs both classical and popular. All St. John knows Mr. Buchanan's charming tenor voice, and Gertrude Bennet Holmes is always enjoyed for her interpretation—blithesome and vivacious—of the late musical comedy success and little love lyrics. In duo the singers will have some bright surprises. The opening numbers will be: Miss Holmes, Mother Machree, from Barry of Ballymore, and Mr. Buchanan will render Tosti's exquisite lyric, My Ideal. See evening papers.

THE LYRIC.

The Lyric management announces several first class attractions for the next two weeks as special Easter features. The first are comedy slack wire equilibrists, Cross and Verno, opening Monday afternoon. They have appeared before thousands on both sides of the continent, always entertaining the youngest to the oldest; laughter is said to reign supreme in the performance at the side-splitting antics of these clever and funny pantomimic slack wire acrobats. Today's programme contains the same numbers which pleased so well Thursday and Friday, viz., the novelty dancing of The Deveres, "In the Hot Lands," a story of Texas, and "Captain Barnacles' Courtship," a Vitagraph comedy.

COVERED WITH ECZEMA

Cured By Two Bottles of D. D. D

On March 21st, 1910, Magnus McMillan, of Port Hood, N. S., wrote us:

"My little boy three years old was covered from head to foot with eczema. I tried over twenty different remedies and washes but could not see any improvement—in fact it seemed to be getting worse.

I was about discouraged and had lost faith in all kinds of so-called eczema cures, when I saw an advertising about D. D. D. Prescription. I sent for a sample bottle and the third application convinced me that I had at last got a cure. Two bottles effected a complete cure.

What D. D. D. did for the little boy, it will do for any skin sufferer. A mild, soothing liquid made up of Oil of Wintergreen, Thymol, Glycerine and other ingredients, it penetrates to the root of the trouble and washes the disease germs out.

Why not get relief? Simply write today to the D. D. D. Laboratories, Dept. S J. T. 49 Colborne street, Toronto, and they will send you a free trial bottle.

Baseball

The Local Baseball Situation.

A meeting of those interested in baseball was held in the Y. M. C. A. last evening. There was a large attendance, and although nothing definite was done, the situation was talked over in a general way, and it was the opinion that the season promised well. The following teams were represented: Marathons, by H. K. Clawson and J. T. Bradbury; St. John's, by Chas. Tilley, J. McLeod and George Stubbs; Clippers, by L. Callahan and A. McNutt in the absence of Manager McBrine; St. Peter's were to have had representatives present, but they failed to show up. J. T. Bradbury was elected to the chair, and George Stubbs acted as secretary. The Commercial league teams of Brook- & Paterson, Vassie & Co., Ltd., Macaulay Bros. & Co., and the M. R. A. had delegates present, as did the I. C. R. league. As there are so many junior teams clamoring for the use of the grounds it will be practically impossible to grant the request of those two leagues, and as a result it is probable that they will amalgamate.

The situation was then openly discussed and considerable controversy arose over the professional idea. The Marathons and St. Johns favored the importation of batteries at least, while the Clippers seemed inclined to stick to local talent. Whether the league opens with any pros. or not, it is altogether likely that before it closes several stars will be seen performing here. At a meeting to be held at 8 o'clock in the Y. M. C. A. on Monday night arrangements will be made between the lessee of the Shamrock grounds and the managements of the different teams as to terms, etc., and things put on a more definite basis. D. B. Donald and Dr. Malcolm were present at the meeting, and heard applications for the use of the grounds. They say it is their intention to help along the junior and intermediate ball much as possible, but it is doubtful if they will be able to meet all the requests.

Inter-Society League.

The Inter-Society Base Ball League met last night in St. Peter's Y. M. A. rooms and elected the following officers:

President—W. J. McMahon.

Vice-president—D. Colgan.

Secretary-treasurer—T. F. Coughlan.

The following teams will be in the league: St. Peter's, St. Joseph's, F. M. A., C. M. B. A., Holy Trinity and St. Michael's. The games will be played on the St. Peter's grounds. A meeting of the league is called for Wednesday night next, when a schedule will be drawin up and other details arranged.

The Outlook in Moncton.

Moncton, N. B., April 8—Whether or not Moncton is to have a senior baseball league this summer depends on what action the M.P.A.A.A. takes at a meeting to be held soon. If the M.P.A.A.A. continues to exercise control over baseball and refuses to allow amateurs and professionals to mingle on the diamond, then it would seem that baseball will be dead in Moncton this year. On account of so many of last year's local players being professionalized, it would be impossible to form good amateur teams, and semi-professional ball is the only thing that will give Moncton a local league.

FRECKLES, PIMPLES AND LIVER SPOTS

Can Be Removed Easily By Stuart's Calcium Wafers in a Few Days

Write for Free Trial Package.

Why suffer the stares of those about you because of a poor, muddy and bleary looking complexion? What you need is rich, strong, generous flowing blood to furnish a clear, clean pigment (color) to the face so that with each beat of the heart the blood courses uninterruptedly through the small surface veins of the face, thereby keeping a glowing color ever present.

Stuart's Calcium Wafers are composed of the most powerful of blood builders and purifiers, yet they are harmless and may be taken into the system by any one, even a child. What is invigorating to the weak stomach most certainly will aid the well one. Any invalid may take Stuart's Calcium Wafers and be benefited so that no one need feel the slightest hesitancy in using these little tablets unstintingly.

They work very fast and many severe cases of discolored complexions are thoroughly cleared and beautified after a brief time. The number of testimonials we have attesting to the strength, value and effectiveness of Stuart's Calcium Wafers would astonish one. Every druggist carries them in stock, price 50c. Don't wait, but go to your druggist today and buy a box of these Wafers. Take them after each meal and give them an honest trial and the rapid results will astonish you.

We will send you a trial package containing an amount of these Wafers sufficient to show their power. Send us your name and address and we will send you a trial package, by mail, free. Address F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

OBITUARY

Woodstock, N. B., April 7—(Special)—John Arthur Lindsay died at his residence at Lindsay, this county, this morning, aged seventy years. His father was William Lindsay, who settled in that part of Wakefield called Lindsay, over eighty years ago. He is survived by two sisters, Mrs. J. S. and B. Carvell, of Lakeville. F. B. Carvell, M. P., is a nephew. He sat in the county council for Wakefield several terms. He was a Methodist in religion, and a life-long Conservative in politics.

NEW STEAMSHIP PROJECT.

A Newcastle, Eng., correspondent writes confirming the report that Furness, Withy & Company are moving a big scheme for securing direct communication between Liverpool and the Canadian lakes. Their companies operating on the lakes will become one large concern, working from Montreal with ocean steamships provided by Lord Furness.

BABY ATTRACTED ATTENTION

People Stopped His Mother On The Street.

"Our eldest boy, Maurice, was born at Cheddar, Somerset, England. We put him on Neave's Food when one week old, and he never tasted anything else until his first birthday. When he was 15 months old, we came to Canada, and we kept Maurice chiefly on Neave's Food until he was nearly two years old. And he is one of the best boys have ever seen. Hundreds of people have remarked on his size. When he was a big baby people stopped me on the street and in the stores to ask how old Maurice was and what he was fed on. He is very bright and intelligent, and has never had an illness.

Our young child, Douglas, is two years old and we put him on Neave's Food when he was a week old and he did just as well on it as Maurice, and is a fine, strong, healthy boy."

'Nickel' Monday!

THE RETURN OF HOLMES AND BUCHANAN for a short season of concert solos and popular duet numbers will be pleasant anticipation for those who know from experience how thoroughly well this talented couple interpret their selections. It has been a year since H. & B. were last heard in St. John, and since that time they have met with unbounded success throughout New York state, and besides a long and successful tour in New England have been heard with much favor throughout the Middle West. Gertrude Bennet Holmes will open her new engagement here with the sweet song, "Mother Macree," from "Barry of Ballymore," and Robert Buchanan's magnificent tenor should be heard to excellent advantage in Tosti's "My Ideal." There will be a novelty duo number as well. Holmes and Buchanan are to sing five times each day; twice in the afternoon and three times at night.

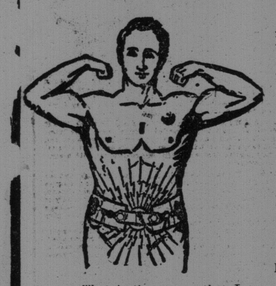
MEN! I'LL CURE YOU BEFORE YOU PAY ME!



Let any man who is weak, broken-down, old and decrepit in physical weakness, full of pains and aches, gloomy, despondent and cheerless—any man who wants to be stronger and younger than he feels—let him come and tell me how he feels, and if I say that I can cure him, and he will show that he is honest and sincere, he need not pay a cent until I cure him.

The proposition I make to you is a fair one. It is an easy one for you to accept. All I ask is give me security that I will get my pay, and you can

PAY WHEN CURED

If I don't cure you my Belt comes back to me and we quit friends. You are out the time you spend on it—wearing it while you sleep—nothing more.

I don't want money that I don't earn; I don't need it, and I am not after it. But I am after the dollars that are now going wrong in the quest of health. Look at the poor wrecks of humanity that are spending all they earn on drugs—hope that is paralyzing their vital organs—that have spent all they have earned for years without gaining a pound of strength for the hundreds of dollars wasted.

That is the money that I am after, because I can give a thousand per cent interest. And I don't want it at all until I have cured you. I will cure you. I have cured as many cases right here that I can prove my claims to you, but if that proof is not enough I'll cure you first—then you can pay me. Is that fair?

Most of the Belts that I am selling now are to men who have been sent here by their friends whom I have cured. I think that is the best evidence that my business is a success, from the standpoint of cures, as well as on the dollar side.

Never mind waiting until you use the last dose out of that bottle from the drug store. Begin now. Call and talk matters over with me, or send for my book. It costs you nothing. For over twenty-four years I have taught the great truth that "ELECTRICITY IS LIFE," and have proved the soundness of my doctrine by making cures when others have failed time and again. Others have aspired to do the work I am doing with my ELECTRIC BELT. They offer you electricity in some other form, or some "electric belt" that possesses no curative power whatever. They are like "boys on bladders floundering in a sea of uncertainty—while today the DR. McLAUGHLIN ELECTRIC BELT stands the world over as the most correct—the most perfect method of applying Galvanic Electricity to the body that has ever been devised.

Dear Sir,—You will, no doubt, be wondering why you have not heard from me, but I wanted to give your Belt a thorough test before I gave my testimonial, and now I can safely say that your Belt has made a well man of me. I never feel any of the effects of Rheumatism, and I am as strong and well as ever. You can make this as strong as you wish and use my name to it, for your Belt is certainly worth more praise than I know how to give it.

RONALD LEITCH, Ospringe, Ont.

The Dr. McLaughlin Electric Belt cures Indigestion, Constipation, Weakness of the Liver and Kidneys, Rheumatism, Neuralgia, Lumbago, Sciatica; overcomes the effects of exhaustive habits—every sign of weakness in men or women. It puts new Life and Energy into the Nervous System. Ginger up! Use this Belt and become a Man!

Call at my office, or send me this coupon and I will mail you my 80-page FREE BOOK. It points the way to Health and Prosperity.

THE REXALL IDEA OF DRUG STORES

The March number of the Outlook Magazine has an interesting article on the Rexall chain of Drug Stores. The story runs in part as follows:—

When the food and drug abuses, about which there was so much newspaper talk a short time ago, were known only to those "on the inside," not many days passed in which fresh adulterations of medicol preparations were not discovered.

A great deal of this drug adulteration came to the attention of a young man who found in it much cause for worry.

This young man had an active imagination.

He saw, in his mind's eye, the sick and suffering cheated of health through the impurity and weakness of medicines bought in hope that they would be a help. How to change all this became a problem of such importance that it occupied the young man's mind to the exclusion of all other matters.

But Louis K. Liggett—"Father of the Pure Drugs Idea"—is a young man; with all a young man's energy, allied to young man's enthusiasm, and all a young man's ambition for the success of service he has now proved to be of such great benefit to mankind.

This was in 1902—nine short years ago. Today, what do we see?

Great laboratories occupying buildings of many stories —acres of floor space — nearly a thousand people employed in the laboratories at all times — over three hundred and fifty Rexall Medcinal Preparations (remedies for all the common ills of mankind), turned out in vast quantities the year round, and over four thousand druggists distributing the goods to the American public.

Druggists who sell Rexall Preparations are all stockholders in the company which makes them.

Each Rexall Druggist is personally interested in the success of everything pertaining to the Rexall Idea. Each Rexall Druggist is personally responsible for maintaining the Rexall standard of purity.

The Rexall Idea does not require its stores to be the largest—the showiest — nor even the most prosperous in appearance (though all Rexall Stores are prosperous).

There is but one essential requirement. Without it, no druggist can become a member of the great Rexall organization.

This requirement is—integrity.

Rexall Preparations cannot be secured in any but Rexall Stores.

Only through Rexall Stores — those known to the organization as being capable of upholding the Rexall standard—are Rexall Preparations sold.

Chas. R. Wasson, 100 King street, is the local Rexall druggist.

THE CARPENTERS' UNION

Editor of the Times:

Sir,—To the remaining unorganized carpenters of St. John: Sirs,—We wish to submit the following facts for your consideration: Local Union 919, of the United Brotherhood of Carpenters and Joiners of America, was organized in this city in October, 1901. Now every carpenter knows the poor wages the members of our craft were receiving at that time. Now we want to ask, could we, individually, have brought ourselves to be in a position to ask $3 a day of our employers on the first day of May? In the City of Moncton, carpenters are working individually. The highest wage paid is $1.75 a day of ten hours. This condition prevails in every city and town where the members of our craft are unorganized. As the time for getting into our organization at a reduced fee is nearly up, we would advise that you decide to get at once to our organization, which is in business solely to help men to be men. It really is simply a question of being a man or a mouse. We are holding another of our series of open meetings in our rooms, Market Building, next Wednesday evening at 8 o'clock. We will be pleased to secure you as a candidate for membership.

Yours truly,

THE CARPENTERS UNION.
