GENERAL SPORTS.

What is Going on in Baseball and Other Athletic Games.

News, Local and Telegraphic, Gathered from Reliable Sources.

Sixteen thousand people witnessed the opening league game in St. Louis on Saturday, while 20,000 turned out at Brooklyn.

It took eleven innings Saturday to decide the Brooklyn game. Spalding's Official Guide gives St. Thomas as winners of the Canadian League championship at 603, Hamilton 597, London, 517, and Chatham, 271.

POP STRATFORD'S MANAGER.

It is announced that the manager of the new Canadian League team at Stratford will be first baseman Popkay, of Detroit, who it will be remembered, played on the Bay City and Chatham teams last year. Popkay will play first base and manage and captain the team. He is said to be a level-headed chap, with a good knowledge of baseball and a neat discernment in the value of players. He is at present negotiating with a number of men who have asked for positions on the team. "Old Hoss" Twineham, of Detroit, was an unsuccessful applicant for the position of manager.

ST. THOMAS SIXTEEN STRONG.

The St. Thomas League team will be a strong organization this season. Fifteen and a half men are now on the pay roll; there will have to be some weeding done before the season opens, and the management are puzzled just what four men they will drop. Six pitchers are in the lot. They are Frank Pears, Al Kerns, C. E. Robb, Alex. Hardy, H. Ballard and Glen Kellogg. Two Sullivan, Dan and Jack, are the backstops. Basse will again be found at first, Slasman at short, and Rolden at third, while a new man named Geo. Rust, from Little Falls, N. Y., is to cover second base. Martin Lyons and Tibbels, last year's outfielders, are retained, and Lopez are entertained of securing Joe Knight also.

THE MARKETS.

Wheat—The Chicago market went up Thursday, but slumped off Friday towards the close. The drop left the value at 73 1/4, which is over two cents less than it was at the highest point, and in consequence the market is unsettled. The growing crop will be the factor now for at least a couple of weeks. If the wheat is much damaged, the price will go up, if not it will drop. Oats—Better demand for export and the trade generally is looking up. The outlook for increase in receipts, now the roads are better will settle the market.

Barley—All sales noted are for seed. Barley—Market dull.

Beans—No demand, and but few sales are noted. Corn—Butter more inquiries, but stocks are light, owing to the long spell of bad roads. Live Hogs—There is a good demand, and several shipments are noted. The highest price paid was \$3.75.
