

All Candidates for Junior Matriculation shall take the following subjects of the Pass Course :—English, Latin, History, Mathematics, and any two of the following :—Greek, French, German, Experimental Science (*i.e.*, Physics and Chemistry).

The Examination may be divided into the following two parts, which may be taken in either order and in a different year :—(I.) Arithmetic, English Grammar, Physics, and the History of Great Britain and Canada ; (II.) Greek, Latin, French, German, English Composition, English Literature, Ancient History, Algebra, Geometry, and Chemistry.

Divinity may be substituted for Physics.

The percentage for Pass shall be thirty-three and one-third per cent. on each paper of the Examination taken by the Candidate.

The marks for sight-work on each of the "Authors" papers shall constitute not more than thirty-three and one-third per cent. of the whole of the marks for the paper.

Candidates failing in one or more subjects of either part may take at any one subsequent Examination held for that part the subject or subjects in which they have failed.

Second Class teachers' or Junior Leaving certificates will be accepted *pro tanto* at both Part I. and Part II. of the Pass Matriculation Examination, but Candidates who desire to compete for scholarships or relative standing will not be granted this exemption in the case of Part II.

The subjects of the Matriculation Examination for 1900-1902 will be :—

PART I.

ENGLISH GRAMMAR.

The main facts in the development of the language. Etymology and Syntax, including the logical structure of the sentence and the inflection, classification and elementary analysis of words.
