BARRACADES BAR WAY TO SPAWNING BEDS

Ceverly Constructed Traps Which Serionsly Affect Salmon Industry-Mr. Helgeson's Report.

(From Friday's Daily.)

An interesting account of the illegal methods adopted by the Indians for trapping salmon in the river and streams of the Babine country, as briefly mentioned by the Times, is given by H. Helgeson, an officer of the Dominion fisheries department, who recently returned from a four of that district. He describes the tremendous slaughter of these fish on their way to the spawning beds by means of barricades built across the streams, recounts his interviews with the Indians, the destruction of these dams and traps, and in conclusion makes a number of refor the Welsh coal is only about 12s., this very low price being due to the fact that Mr. Allan and Mr. Solomon as her showcommendations, one of which provides Helgeson claims that the Indians have been accustomed to securing a winter supply of food in this way for years, and freight from Great Britain rises there | Selection.....Orchestra, under S.
