POLICE COURT.

Robert Nixon Held on a Serious Charge—A Clothes-line Quarrel.

Charles Murray was arrested last evening on a warrant issued by William H. McCarthy charging him with assault. McCarthy this morning stated that the trouble arose over an offending clothes-line, which Murray had put on a post to which he had no right. He went in to see that man ten o'clock to Murray's house to reason with him in regard to the matter and in return for his trouble was emphatically and deliberately kicked down stairs. It was a great blow to him, and he naturally became annoyed.

The case was afterwards dismissed. Murray being ordered to take down the clothes line.

Murray's story is that McCarthy came into his house about ten o'clock and began "chewing the rag" about a pulley line which he had put up on a pole belonging to Mrs. O'Something. He contended that it was too late in the evening to talk about clothes-lines, especially as he was preparing to retire to his couch. He consequently remarked to McCarthy:—"Please go out. Go out! Get out!" and the kicking could not have been very painful. McCarthy had previously taken off his boots. Nor did he kick him down three flights of stairs, as stated by complainant.

During the course of the examination McCarthy finding himself unable to agree with all the statements made by Murray, remarked, "That is a falsehood—a big story. Don't perjure yourself," etc., and as such language is not in accordance with the rules of police court etiquette, both parties were asked to sit down.

Robert Nixon was arrested last evening on a serious charge, that of unlawfully endeavoring and attempting to procure Elizabeth Pike to leave Canada with intent that she might be come an inmate of a brothel in the United States. Miss Pike is a niece of George Pike, the well known legislator, and is a young lady of good appearance. Nixon, it is said, made all sorts of overtures to Miss Pike, agreeing to marry her if she would accompany him to the United States. The information was laid by George Pike. Nixon has been of late years spending his time between St. John and American cities, principally Boston, and always seemed to have lots of money. Prior to that he ran a liquor saloon on City road.

This morning he was brought before the court. The charge was read and the prisoner remanded until tomorrow.

The Devine case was again before the police magistrate last night. D. Mullin appeared for Devine, and Policeman White was present. Alf Corbin, the pugilist, described the arrest of Devine, stating that he did not see Policeman White strike him. He helped the officer to take Devine to the station. The prisoner kicked and fought to get away. Dr. D. E. Berryman told of a wound an inch and a half long on Devine's head. It might have been inflicted by a fall on the sidewalk or by a blow from a baton. The matter was further adjourned till Friday.

The Captain of the steamer Loyalist was reported by Harbor Master Taylor for occupying a berth not assigned to him. A berth at the Pettibone wharf had been previously assigned to the Loyalist, but her captain instead of taking it, moved up to the I. C. R. wharf. The case will be up again tomorrow.

Michael McWilliam, a sweeper in the country market, was given in charge about noon today by Mrs. Chas. J. Coster. Mrs. Coster said that McWilliam assaulted her in the market. The trouble is said to have arisen over a dog which followed Mrs. Coster into the building, and which the sweeper was endeavoring to put out. As the alleged offence was not in sight of the police, McWilliam was released pending the laying of regular information by Mrs. Coster.

There were fifty-nine cases on the civil docket.

THE FRUIT TRADE.

A. L. Goodwin will receive 1,000 quarts of strawberries from Boston this evening. The western Canada strawberry crop is short, owing to the prevalence of wet weather, though a large crop had been expected.

The firm's second consignment of California fruit will arrive tomorrow. The first one arrived Tuesday, and the peaches sold at 32 and apricots and plums at \$2.50. Lower prices are expected on the lot to land tomorrow.

On account of oranges being so cheap the market both here and in Montreal has been closed up and prices are advancing. Mr. Goodwin tried to get two cars in Montreal, and could only get one, the large dealers being well sold up.

Trade is good in bananas and pineapples. The latter and also cucumbers are coming in more freely. The fruit trade in general is active.

I. C. R. OX-TRAIN.

The I. C. R. ox-train left the depot yesterday at 11.40 and twenty-five minutes after the time she is supposed to leave. She was waiting for way-bills and gathering strength for another stupendous effort to break the slow record between St. John and Rothney. She made the run to Coldbrook in ten minutes, beating several heavy-laden truck wagons that raced with her along the Marsh road. At Coldbrook the weather was fine and the forage good, and a rest of twenty-eight minutes was taken, then steam was got up once more and she moved on to Rothney, arriving there at 12.3. A run of nine miles was thus made in one hour and thirteen minutes. Quite a number of passengers were on board and it is said the number is likely to increase, as people are beginning to be curious to know how it feels to travel by ox-train in this first year of the twentieth century.

Miss Anna Blair and her friend Miss Brehm, of England, are visiting Mrs. R. P. Randolph, Fredericton.

Miss Mary of St. John is visiting her friend, Miss Grace Winslow, Fredericton.
