**OUR COMPETITIONS**

For Boys and Girls

Can You Find Names of Trees?

This competition is not difficult. In each section will be found the name of a tree—all well known trees. Some of the letters in the name are to be found in one word and the remainder in the next word or words, the letters running on in proper order. Here is an example: "Her father was a butcher, Ryder was his name." Now, the last four letters in "butcher" and the first two letters in "Ryder" spell "cherry." This is the name of the tree meant. Now go ahead with the following:

1. She wore a lovely box, khaki was the color of her costume.
2. Before he boarded the vessel many friends bade him "good-bye."
3. She sealed up in envelopes all the pretty cards.
4. Adjusting his skates he took to the ice, darted off, and disappeared from view.
5. It was a strong box made entirely of iron.
6. There's not a land on this world's map (Let none galsay these words from me) Like Canada, the land I love, Where plenty reigns and all are free.
7. He had always enjoyed good health, but is now ill, owing to carelessness in diet.
8. The loud cries of the babe echoed thro' the surrounding hills.

To the two kiddies who send in the most correct and neatly written results, I shall award a beautiful story book. All entries must reach this office by Wednesday, 22nd March, accompanied with the usual coupon, and addressed to:

UNCLE DICK,  
THE STANDARD,  
ST. JOHN, N. B.

whose decision must be considered as final.

**Drawing and Painting Contest**

Above are shown sketches of four animals. To the two kiddies who can paint or draw them best I shall award two beautiful story books.

No boy or girl must be more than fifteen years of age, and all entries must reach this office by Wednesday, 16th, accompanied with the usual coupon, filled in, and addressed to:

UNCLE DICK,  
THE STANDARD,

The ladies of the West End circle of the Soldiers' Comfort Association announce that they will make a special appeal to the people of West End and Lancaster for tobacco for the lone soldier in the trenches on Wednesday, March 15th. When the young ladies call we hope every one will help us with money or tobacco to brighten the lonely hours of the brave boys who are doing so much for us. Remember date, Wednesday, March 15th. Mrs. W. A. Tobin, convenor of tobacco. Mrs. A. W. Fraser, president.

**QUESTION OF PROHIBITION**

**REV. DR. J. A. MORISON**

West Side Pastor, Lieut. Dever, Capt. May and Sergeant Knight Make Vigorous Recruiting Addresses at Great Rally in Imperial Theatre — Praise and Cheers for Fighting 26th.

How a Prohibitory Law Has Worked in United States.

Rev. Ralph J. Haughton Comments The Standard for Discontinuing Objectionable Advertisement.

In the course of an interesting sermon on prohibition last evening Rev. Ralph J. Haughton of the Congregational church, commanded The Standard for its refusal to continue publishing advertisements opposing prohibition. He said in part: "I am pleased to learn that The Standard has yielded to the influence of moral mission and sentiment and has decided to accept no more of these infamous advertisements. I raised my voice, with many others, in condemnation of The Standard's action in publishing these advertisements and tonight I am just as willing and ready to commend The Standard for its more recent decision to refuse to print any more, I think that is only fair. The moral forces of the city and province have secured thereby another victory."

Continuing, Mr. Haughton referred to the financial loss entailed on a newspaper declining to publish liquor advertisements and thought that papers sustaining such loss should receive the endorsement of the best intelligence and highest sentiment in the city and province.

Rev. Mr. Haughton then dealt with the contention that prohibition had proved a failure and cited numerous testimonies in refutation. David Lloyd George had said that partial prohibition had meant a great decrease in the quantity of drunkenness in Great Britain. Business firms in Chicago had been made happier. Groceries, billiards and other necessary items are being paid promptly by men who formerly drank and gambled away their earnings.

Governor Capper of Kansas said: "The success of prohibition in Kansas has been complete and conspicuous. The enforcement of the prohibitory law distinctly promotes social welfare and reduces to a minimum economic waste consequent upon the liquor traffic and allied evils."

Rev. Mr. Haughton declared that in Kansas City two hundred open saloons had been closed out in thirty days. The first year of prohibition showed increased business in all staple lines and a growth of \$1,500,000 in the bank deposits. Last year in Kansas eleven counties the jails were empty, 32 of the 105 counties had no inmates in their county farms or poorhouses and the land has been rented to farmers. Last year the deposits in the State National banks in Kansas totalled over \$204,000,000 and the taxpayers spent \$20,000,000 on automobiles.

In the State of Arizona prohibition had also worked marvels. In the City of Phoenix there was an increase in taxable property of over \$5,000,000, a decrease in the tax rate and a decrease in the cost of the city government of Phoenix of \$20,000 for the first six months of 1915 as compared with the same period in 1914.

The governor of North Carolina told of the operation of prohibition in his state by reciting the following facts: The prohibition law was passed in 1908. In that year the total receipts of the state government from all sources were \$2,464,430. The total receipts for 1915 were \$4,705,888. In 1908, the last year under the liquor license law, the capital stock of state, private and savings banks, in North Carolina was \$7,600,000. In the year 1915 the capital stock of the same banks was \$10,890,048. In 1908 the deposits in these banks were \$31,995,996 while in 1915 the same banks had deposits to the value of \$45,536,853.

In conclusion he pointed out that the time had come for Christian men to interest themselves in the prohibition fight and by uniting stamp out the liquor traffic.

**SPECIAL TOBACCO APPEAL.**

It is felt there are many men who will willingly share their smokes with the fighting men, also that the women will equally deny themselves some luxury during the Lenten season. A special appeal is made by the Soldiers' Comfort Association from March 15th to 22nd for tobacco or money to buy the same to send to the soldiers in the trenches. Won't you send them some? and by so doing cheer them in their lonely fight.

The shipment of this week's appeal will go forward at once as an Easter greeting. Please address to Soldiers' Comfort Association, C. P. R. Building, corner King and German streets, St. John, N. B.

**Saturday's Meeting.**

The meeting Saturday night was in charge of the sergeants of the 116th Battalion and was most successful. The men of a Company are just getting their hands in and expect to get a number of men this week.

**“He is Always Telling Others About Them”**

Brother and Sister Cured by Dr. Chase's Kidney-Liver Pills—News of Cure Too Good to Keep.

In this letter Mrs. Hurley relates how glad she and her brother are to tell how they were cured of indigestion and kidney trouble by Dr. Chase's Kidney-Liver Pills.

That is the kind of enthusiasm Dr. Chase's medicines arouse and that is why they are so generally known and used today. People who are cured tell their friends and neighbors, and so the word is passed along.

From the limits of Dr. Chase's practice at Ann Arbor, Mich., the good news of these medicines travelled until they are known the world over and considered indispensable in many thousands of homes.

This is the kind of letters we are receiving daily and there can be no mistaking the enthusiasm expressed here.

Mrs. J. J. Hurley, Upper Hanwell, York Co., N. B., writes: "I suffered from indigestion for two years and tried a great many kinds of medicine, but not a lasting relief until I used Dr. Chase's Kidney-Liver Pills. I would take severe vomiting spells and be weakened down so that I could not do my own work. I shall never be able to give the medicine enough praise for the benefit derived from its use, and will strongly recommend it to all my friends."

My brother has also used Dr. Chase's Kidney-Liver Pills and they have entirely cured him of lame back and kidney trouble. He is always telling others about them."

Dr. E. L. Brine writes: "I can certify that this statement of Mrs. J. J. Hurley is correct in all details."

Chronic indigestion is almost invariably associated with torpid, sluggish action of the liver, kidneys and bowels, and can never be really cured without these organs are awakened to healthful action by such treatment as Dr. Chase's Kidney-Liver Pills. One pill a dose, 25 cts. a box, all dealers, or Edmanston, Bates & Co., Ltd., Toronto.

**BROOKLYN LADY**

**TURNED BACK**

**BY OFFICIALS**

**Came Here to Attend Funeral of Brother, but Held Up at Welsford on Return Trip**

A protest has been made to Washington by Mrs. Charles Sullivan, who conducts a ladies' tailoring establishment in Brooklyn, N. Y., against the action of the officials on the evening St. John-Bowling train in refusing to allow her and her five year old nephew to proceed to the United States recently. Mrs. Sullivan came to this province to attend the funeral of her brother, who died at the General Public Hospital in this city, and it was while on the return journey that she and the little boy were held up, presumably because the officials on the train feared she might become a public charge across the border.

As a matter of fact, Mrs. Sullivan and her husband are not lacking in this world's goods. They conduct a large and paying establishment in Brooklyn and are not only real estate owners there, but they own a large summer place near Sheldale.

Mrs. Sullivan was questioned at length after the train left St. John, and although she told them of the mournful occasion which called her to this city. The two were compelled to remain over night in St. John and it was not until she applied to the United States Immigration bureau here and complied with a list of regulations that she could get the necessary permit to allow her to return home.

Mrs. Sullivan was not only subjected to great inconvenience, she avers, but is also out of the price of a ticket between St. John and Vancouver. She and her husband come to New Brunswick every year and spend two months at their summer home and never, she says, has she been held up by official red tape.

Morison on the conscription question.

Dr. Morison told of a colony of English born men in British Columbia who closed their dwellings, went to the front and gave up their lives for the empire.

"Canada today," he continued, "has shown that she understands her duty. God forbid that we should have conscription. I am here as a minister of God to bring home to you in a way of intellect but the shrinking of the soul, as the man who tore up international law, and as that modern incarnation of all satanic powers, that Dr. Morison told of a colony of English born men in British Columbia who closed their dwellings, went to the front and gave up their lives for the empire."

**DRESS WARM AND**

**KEEP FEET DRY**

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure, and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

**Could Not Stand**

**The Least Excitement.**

**Was So Weak and Run Down.**

Many women become run down and worn out by their household cares and duties never ending, and sooner or later find themselves with shattered nerves and weak hearts.

When the heart becomes weak, and the nerves strung, it is impossible for a woman to look after her household or social duties. The least little exertion or excitement leaves her in an exhausted condition, and not fit to do anything.

On the first sign of any weakness of the heart or nerves, you will be wise if you start to take Milburn's Heart and Nerve Pills.

This remedy will act directly on the disordered heart making it beat strong and regular, and will also invigorate and strengthen the nerves so as to make them steady and firm.

Mrs. J. A. Williams, Tillsonburg, Ont., writes: "I cannot speak too highly of Milburn's Heart and Nerve Pills. I suffered greatly with my nerves. I was so weak and run down, I could not stand the least excitement of any kind. I believe your Heart and Nerve Pills to be a valuable remedy for all sufferers from nervous trouble."

Milburn's Heart and Nerve Pills are the original remedy for all heart and nerve troubles. Price 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
