The Paily Tribune.

ST. JOHN, N. B., MARCH 22, 1872.

St. John's Investments: Among the causes which are alleged t have operated in bringing about a strinplay no unimportant part. Lumber, it appears, is treated as a rising commodity. -one that the capitalist cannot have too much of. The growing scarcity of lumber all the world over; the great Wester fires of last year, which destroyed enormous stretches of the finest timber lands in the world; the wants of Chicago alone which will absorb a large proportion of the manufacture of Western lumber thi year, with the bare possibility that Congress may remove or reduce the duty or Canadian lumber, have contributed to the belief that no better investment can be found for one's ready money than Lumber, Accordingly, our own people have em barked in lumber, whether in the shape of. funds have been diverted to foreign uses. principle of human nature, pooh-poohed by Into Shinning also, a large part of the all earnings of our business men have gone; and while it is the fact that this is one of It was shown by the clearest a prior: evithe best uses and best paying investments dence, to the complete satisfaction of the to which our means can be applied, it is venerable fogies, that the application of equally true that a year or year and a half steam to this our staple industry must generally elapses before any considerable necessarily eventuate in the most heartportion of the original investment can be burning failures and defeats. We were returned to the owner in the form of earn- told that, setting aside the greatly inings; and as 1871 was an unusually active creased expense of the enterprise, a steamer year in that respect, we might have reason- would be subjected to all possible risks and
