

## Housing Proposition Discussed Small Attendance of Citizens

Another Meeting to be Held May 23rd. Committee Have Number of Enquiries.

The public meeting held last night, in the Council Chamber for the purpose of discussing the housing question was not as largely attended as the committee having the matter in hand would have liked, but at that those who were present entered into a good discussion of the merits of the Government's proposition. However the representation of the ratepayers was not large enough to decide the question definitely and on the suggestion of Mr. Allan Bechtel President of the Board of Trade and Mayor Kutt another meeting will be held on Friday evening May 23rd, when the matter will no doubt be finally settled.

Mr. H. Strum acted as chairman last evening and in his opening remarks stated that since Commissioner Kutt had addressed a meeting in Kitchener last week a hostile aspect had been put on the question.

After summing up the remarks of Mr. Ellis the chairman stated that a number of enquiries have been received from some who have a little money and from others who would require the Government's offer fully.

Mr. Bechtel felt sure that were 50 or 60 houses built that they would be occupied at once. He stated that in conversation with a large concern in Kitchener who will require an additional 250 hands this summer that it would not matter whether the houses were in Kitchener or Waterloo as one place was just as convenient as the other.

Were the houses available here these people who come from other places would buy here just as well as Kitchener. The town is willing to spend money to get new industries but here are you going to get these if we have no houses for the help to live in.

The way we are situated, so close to Kitchener, makes no difference where these people locate we benefit to a certain extent also. Mr. E. Reitzel of Reitzel Bros. rather favored the idea of the town buying houses already built but it was pointed out that this would not relieve the situation any as it was more houses that were needed.

He thought there would be no saving if 25 houses were built or only one but the majority of those present could not see it that way. The only argument Mr. Reitzel could put up on this was that scarcity of labor and a probable increase in the rate per hour would happen where a firm received a contract of this kind. He was not opposed to the idea but was afraid it would not work out.

Reeve Bohlender had very little to say in being present to get more information. He was on the fence as regards the proposition but was open to conviction. He did not agree with Mr. Reitzel however, as he was convinced a person could erect

Mr. H.P. Higgins of Toronto was a visitor in town yesterday.

A special meeting of the Park Board will be held tonight.

The beautiful residence of Mr. M. Kaufman on Charles street has been sold to Mr. Ball who recently purchased the stock and fixtures of Bechtel Bros. Citizens of town will welcome Mr. Ball and family to their midst.

Mrs. Rev. E. Bookelmann and Mrs. Martin Fischer are spending a short vacation with relatives and friends in Uncle Sam's domain.

As to whether there will be any local baseball in town the coming summer or not is a question but if the offering of a suitable trophy is any inducement then the boys had better get busy and organize a city league. One enthusiastic fan will donate a suitable trophy providing a league is formed so it is up to our city leaguers to get busy and start the ball rolling.

### VARIOUS CASES WERE DISPOSED OF

Total of \$2300 Fines on Liquor Charges

The various charges of infractions of the Ontario Temperance Act that have been pending were disposed of in Police Court this morning. Fines totalling \$2300 were imposed by the Court on four defendants.

There was an array of officials representing the Department present for the occasion, namely Inspector J. Winterhalt, who had laid the information in all the cases; Inspector O'Brien of Guelph, Inspector Elliott of Stratford, Inspector Everett of Brantford and Inspector Beckett of Owen Sound.

Regarding the charge of selling liquor against Mr. Charles Zuber, Mr. Haverson, K.C., entered a plea of guilty.

Mr. Jeffrey said he hardly knew what to say in this case. "This is the second charge against the defendant. If I am to say what I think I should say he ought to go to jail. In view of the fact that this is not the first offense, I ask you to impose a fitting penalty. I would say \$800 fine."

This was satisfactory to Mr. Haverson. The Magistrate thereupon fixed the penalty at \$800.

Regarding the charges against Mr. C. N. Huether and Mr. Joseph Shantz, the counsel for the Department claimed that a heavy fine should be imposed. "If a poor fellow is caught on the road with a bottle in his pocket he is fined \$200; here is a case where there were sixteen barrels in the barn and fifteen on the roadside, thirty-one in all. Is it right to fine them only \$200? They must have been very dry or expecting to do a good business. I would therefore ask you to make the fine accordingly," he said.

Mr. H. J. Sims pointed out that this was a first offense.

The Court imposed a fine of \$300 on Mr. Huether, and \$200 on Mr. Shantz, besides the costs.

"I think that this disposition of the cases will be ample reward for the Department," Magistrate Weir remarked with a smile.

Mr. N. Jeffrey, of Guelph, in referring to the charges against Mr. Fieldman, in connection with alleged offences in April, said the charges involved a father and son.

The charge against Mr. Fieldman was a second one. Representations had been made to the Department on behalf of the defendant who he understood was in bad health. While the Department was not anxious to see him receive the maximum penalty, which was a jail sentence, yet they felt a severe penalty should be imposed. He understood that the defendant would plead guilty.

Mr. H. J. Sims thereupon stated he pleaded guilty on behalf of his client. Mr. Jeffrey then asked for a fine of \$1000.

Magistrate Weir, in view of the consent of the Department's counsel imposed a fine of \$1000 and costs.

## WINNIPEG STRIKE

23,000 UNION MEN OUT  
WINNIPEG, May 15.—Precisely at ten this forenoon, a general strike was launched and approximately twenty-seven thousand unionists left their work. Street cars were taken to the barns, building, elevators stopped running, postal employees went home, all deliveries of milk, bread and other foodstuffs ceased and about three thousand clerks and bookkeepers also struck.

Except for a specially organized fire saving crew, the firemen walked out. Police had been ordered to remain on duty although they had voted solidly to strike and some strikers have been detailed by committee to offer three services in interest of maintaining order. The strikers arranged for a water supply to the hospitals.

A committee of one thousand citizens is being enrolled to maintain order.

**May Get Grant Port Dover Harbor**

**GRAND VALLEY DELEGATES RETURN FROM OTTAWA**  
BRANTFORD, May 14.—Utmost confidence that the sum of \$100,000 will be placed in the supplementary estimate for harbor improvement at Port Dover is expressed by the representatives of the Grand River Valley Associated Board of Trade, who reached their respective homes today.

The confidence follows the hearing of the delegation by Sir Thomas White, acting premier, and Hon. F. B. Carroll when a strong case was made out for the Port Dover harbor. Written assurance was also presented that as soon as docking facilities permitted the L. E. & N. Railway will put a car ferry into service for the handling of local and other heavy freight.

The present condition of the harbor received strong support from Hon. F. B. Carroll, minister of public works. "You never saw anything on earth in such a state of hopeless decay as Port Dover harbor." This was his candid admission when he was asked by Sir Thomas White, acting premier and minister of finance, to give his opinion as to Port Dover harbor. The opinion was that considerable improvement on the existing premises and handling of the funds and the Grand River Valley delegates who waited on the two ministers left the conference room with the belief that government was sending funds for the Dominion improvement of the harbor were bright.

"I AM so tired. This teaching seems to keep one's nerves at high tension all day long. The children do worry me terribly at times. They seem to lose all interest in their lessons in the Spring, and how I will ever get that Entrance Class through their exams. Is more than I can guess. If I could only rest and sleep at night it would not be so bad. But I cannot. My appetite is gone, and I feel completely discouraged. I believe it is all from my nerves. The strain of this school is too much for me. I wonder if Dr. Chase's Nerve Food would do me any good?"

"Strange I never thought of it before, for I know that lots of teachers depend on it in the Spring to carry them through and keep up their energy during this trying time. If I could only get the mothers to give it to their nervous, irritable children, I am sure that would help some, too. It is worth while trying, anyway, when one gets into such a nervous and worrying condition as I am, and I do not see why it should not help me as well as others."
