DISEASE MADE BONES SNAP LIKE GLASS

Frank L. Wellington has died at his home in Trinity Avenue, New York, the victim of a disease which caused his bones to snap like glass. One day while holding a strap in a street car his arm snapped off. A short time later a leg bone snapped. According to his physician this terrible condition was brought about by taking medicine which contained a certain mineral poison.

Again and again has it been demonstrated that mineral medicines are harmful. It is because of Bileam's salts so effective for all liver and digestive disorders, yet contain no trace of any mineral but are, on the contrary, purely herbal, that they have won the praise of medical men, trained nurses, and scientists all the world over. Bileam's differ from pretty nearly every other liver medicine in containing no mercury, and from pretty nearly every other stomach medicine in being free from bile salts. They are also free from alcohol. They are compounded from the finest known medicinal herbs and roots, and are thus the best family medicine that can be obtained. They operate gently on the bowels, curing constipation and piles. They correct acidity of the stomach, stimulate the digestion, tone up the liver, and correct the secretion of bile. Their general action is at the same time corrective and tonic—correcting faulty secretion, toning up weak and debilitated organs. They thus cure anæmia, grow sickness, female ailments and irregularities, blood impurities, rheumatism, etc. For muscular headache, gas, pain in the chest and between the shoulders they are also very effective. In curing constipation they do not cause after-crisis, nor do they ever cause griping. Mothers will find them beneficial in the many little ailments to which children are subject. All druggists sell Bileam's at 25¢ each, or they may be obtained post free from the Bileam Co., Toronto, on receipt of price. For \$2.50 a parcel of six boxes will be mailed. This is the most economical form for family use.
