Lonely Englishman Would Correspond.

Toronto, Ont., April 18, 1908.

Editor.—I have been a very interested reader of the W. H. M. for the last 12 months and especially the correspondence pages. I have at last decided to try a letter myself.

I may say I am a lonely Englishman, not a cockney though, age 22, height 6 feet, weifiht 175 lbs., dark hair blue eyes, very healty, ahnd do not drink, smoke, chew or dance; am very fond of music and athletics though; am a member of the saptist church and if any young ladies of like minds would care to correspond as friends I should be glad to answer, but at present I am not looking for a wife.

I, unlike most of your correspondents, am not engaged in farming, but have a good position in connection with the C. P. R. and expect to be moved West shortly.

Thanking you in anticipation of printing this,

"Canadian Pacific."

Polly Will Correspond With Tricks.

Cardston, Alta., April 11, 1908.

Editor.—I have been a reader of your most valuable paper for some time and enjoy very much the correspondence columns of the W. H. M.

I am a farmer's daughter, about 19 years of age and have had lots of experience in farming and housekeeping and like it very well. I am 5 feet 6 inches in height and weigh about 125 pounds. I have brown hair grey eyes, and am rather good looking. If any of the young bachelors would like to correspond with me I will answer their letters with pleasure. I would like especially to correspond with the one who signs himself "Fricks" in March number. My address will be with the editor. "Polly."

Chakesperian Scholar.

Creelman, Sask., April 9, 1908.
Editor.—Having been an entnusiastic reader of your interesting paper for nearly twelve months and now a subscriber, I will take the liberty if you will permit me to use a little space in your correspondence columns.

I hate to spoil sport but I love the truth at the same time, even if at the expense of fun sometimes. I have a knowledge of the Creelman district for nearly six years now and I may say that there is not a settler in this district now, if ever there has been, with two sections of land, not to mention \$10,000.00 in cash, and I am sure it would be some satisfaction to the settlers if there were such a person in their midst. So I think "Sport" in the March number must be laboring under a delusion and I trust he may be able to see this and vindicate his statement, if not already in Brandon or under the doctor's care. Not wishing to be personal at all, I am acquainted with a few in the district who write to the correspondence columns of various papers, presumably to try and meet their affinity. The other day we were surprised after nearly ten or more years of acquaintance to find there was a wife who had been looking for one of these persons and was hot on the trail of Mr. Man. as he went out one day from home I guess, and somehow forgot to return. Well, I am sure the readers will wish him luck. I do, and think of Shakespeare's words, I believe, they were:

Sigh, fair ladies, sigh no more,

Men were deceivers ever;

One foot in sea and one on shore,

To one thing constant never.

but then I say also, Ex. from Cymbeline, Shakespeare: "Woman, I've strained her word against a spider's thread."

Well, I wish your paper every success and trust the correspondence columns will accomplish the end the editor has in view. "British Oak."

P. la Prairie, Man., April 11, 1908. Editor.—Though not being a subscriber to your most highly esteemed magazine I am a constant reader. I get it from a girl friend of mine and am greatly interested in the correspondence column.

and weigh 134 pounds; am considered good looking, with blue eyes and brown hair. I am very fond of music, dancing and skating. I can play the piano and do all kinds of house work and am not afraid of it. I also do some sewing and fancy work and I could cook for a king if he would let me.

There is one letter in your paper I do not quite agree with and that is the one written by the "Two Squashes," for I think there are just as good bachelors and farmers as bankers and lawyers, etc.

Many seem dissatisfied with their mode of life and are looking for a change. I believe in living in the present and enjoying myself. We are only going through the world for once anyway, so why not look upon whatever
