nature prices kept whole supply closely under their hands
Admiral's criticism this in strongest sense -
McCulloch's Dictionary. such writers frequently
scarcely that decay of spice is due to the policy
of limitation & licensing on part of Gov. It falling
off of it was primarily due to falling off in European
demand, & to the larger variety of vegetable - protein
begin to be common food. & improved meat. - bread
of cattle began to improve
& culminated in use of spirituous liquors, take place
of spices for palate, - common practice to bring
gin in 18th cty, "drunk for penny, dead drunk for
halfpenny, a straw grate" in London says -
Receiving this prod a fundamental change
in character of Imp trade was accomplished
of which there had been some indications in latter
part of 17th cty. spices fell off. - in demand
for raw silk sales of Europe itself also
~~raw~~ fabrics, - meanwhile other arts. of Europe
progress came to front. 1st in latter part of 17th
cety Calicoes. Hermet name from their being boiled
& seem from Calicut. - imported both white
& printed. more commonly spoken of at first
as painted clothes - After the tariff was set, in
Europe early in 18th cty. the demand for raw
cotton increased & cotton slowly began to compete
with the linen wh upper classes had worn
