

Department of External Affairs.

The Agent of the Canadian Pacific Railway Company informed Miss. Patterson that some official of your Department was writing to her apparently trying to explain why she should not be allowed to go to England but there is no reason in the world that suggests itself to me why she should not be allowed to go and I trust there will be no further delay in connection with her application, and that the permit for her departure will be issued immediately.

Yours truly,

WWL:P
Encl.

W. W. Lynd.
