### CHURCH NOTES.

May 1895 be a happy and prosperous year to all our readers.

It is better to make your family proud of you than to be foolishly proud of your family.

A Christmas tea and entertainment for the S. S. children was held at Bobcaygeon on the 14th December, which was largely attended and much appreciated. The scholars were admitted free and yet over \$31 was received from their friends who were present.

We regret to hear of the death of Mr. Basil R. Rowe, who many years ago settled near Orillia. He was a zealous and self-denying churchman, noted for his uprightness and integrity. Perhaps he was best known away from home, by his consistent and persistent advocacy, through his writings and by word of mouth in synod and out, of the scriptural plan of Christian people, laying by as God blesses them, and at least a tenth of that which they receive. If all church people gave as Mr. Rowe did there would be little, if any, lack of funds for the extension of Christ's kingdom. We extend our sympathy to his sorrowing relatives and can assure them that "He being dead yet speaketh."
