

SI LE PUBLIC CONNAISSAIT les grands avantages des VERRES TORIQUES sur les autres verres à lunettes ordinaires personne n'achèterait plus que des VERRES TORIQUES. Le foyer de ces verres est presque illimité tandis que dans les verres ordinairement vendus il n'existe guère que dans une partie fort limitée du centre. C'est le verre que tous les vrais oculistes prescrivent parce que c'est vraiment le seul qui donne ENTIÈRE SATISFACTION.
