are quoted at \$9.50 fed and watered on the market and \$9.20 ft. 0b. country points Sows hr ng \$7.70 ft. 0b. MONTREAL BUTTER AND MEESE MONTREAL BUTTER AND MEESE 1,000 boxes, making a total of over 100, 000 boxes shipped since the close of navi-gation. This shows a total to date of about 150,000 less than we exported up to this time hast year; and, as the stock re-

### WHY NOT SELL THROUGH AD-VERTISING IN FARM AND DAIRY?

Do you ever figure out just what it costs you to keep surplus pure bred stock, such as bull calves, bulls ready for service, and which you want to sell, and other surplus pure-bred stock, which someone else can make better use of than you ₹am

20000

āmm

There is a great market amongst There is a great market amongst the people reached by Farm and Dairy. Many of these people right now are looking for the very kind of stock you have for sale.
Why shouldn't you adopt the progressive way of selling your pure-bred stock? Why not advertise it in Farm and Dairy?

Space in Farm and Dairy costs you only \$1.40 per inch. It will pay you to fix up your ad to night and send it in to Farm and Dairy so as

to catch next issue.

Send orders to have your ad. in
Farm and Dairy for several issues, beginning next week

maining in Canada is probably from 30,000 to 40,000 boxes, it shows that our total production this seacon is something like 10,000 boxes less than last year. The season that it is generally expected that more milk will be turned into butter next year at the expense of the production of choses, and consequently a further decline in the outcut must be looked

tion of cheese, and consequently a further decline in the output must be looked. The market for butter is rather firmer, with prices on New Zealneds advanced to 5012a a pound here. Finest September, and acleted to 10 to 12 to 12

to \$13.25.

SALE DATE CLAIMED

Erra F. Summers, Slate Hill Farm, Winchester, Ont., will disperse his herd of pure-bred Holsteins on April 17. Watch for Mr. Summers' ads. in future issues of

SOME NEWS OF THE WALKER FAMILY (Continued from page 29) no doubt but that this Walker family, headed by Prilly, is the greatest transmitting family in the whole breed. Two of the daughters of King Walker you will notice as Betty Lyons Walker, 35, years, 23,30 lbs. butter in seven days, and Prilly Porntiac Walker, 25, years, 25,39 lbs. butter in seven days, and Prilly Porntiac Walker, 25, years, 25,39 lbs. butter

I have recently sold the remaining bull ter.

I had on hand, and be has grone to Seat-tle. I had on hand, and be has grone to Seat-tle. I could have sold him 40 times, but I would not lower the price. As soon as this man at Seattle got his pedigree he wired for him. He realised what he was wired for him. He realised what he was ing in U. S. for double the money. Why is it that Canadians will go to the United States and pay hig prices whom they can get better got he may last eight carrier have been helfers. This senior herd sire of mine is getting 75 per cont females and he weight nearly a ton.

I am Dullang also we born this sum. I am Dullang also we born this sum a better chance.
