

## The Supremacy of the De Laval Cream Separator

### Supreme in Skimming Efficiency

Over 85 years of experience and thousands of tests and contests the world over have demonstrated the De Laval to be the only thoroughly clean skimming cream separator, under all the varying actual use conditions, favorable as well as unfavorable.

### Supreme in Construction

This applies to every part of the machine—to the bowl, the driving mechanism, the frame and the tinware. The De Laval Patent Protected Split-Wing Tubular Shaft Feeding Device makes possible greater capacity, cleaner skimming and a heavier cream than can be secured with any other machine.

### Supreme in Durability

The De Laval is substantially built. The driving mechanism is perfectly oiled and the bowl runs at slow speed, all of which are conducive to durability and the long life of the machine. While the life of other cream separators averages from three to five years, a De Laval will last from fifteen to twenty years.

Order your De Laval now and let it begin saving cream for you right away. Remember that a De Laval may be bought for cash or on such liberal terms as to save its own cost. See the local De Laval agent, or if you don't know him, write to the nearest De Laval office as below.

50,000 BRANCHES AND LOCAL AGENCIES THE WORLD OVER

### Supreme in Improvements

This has been the greatest factor in De Laval success. Not a year goes by but what some improvement is made in De Laval machines. Some of the best engineers in America and Europe are constantly experimenting and testing new devices and methods, and those which stand the test are adopted.

### Supreme in Service

With its worldwide organization and with agents and representatives in almost every locality where cows are milked, no stone is left unturned by the De Laval Company to insure that every De Laval user shall get the very best and the greatest possible service from his machine.

### Supreme in Satisfaction

De Laval users are satisfied users, not only when the machine is new, but during the many years of its use.

### Supreme in Sales

Because they are supreme in efficiency, construction, durability, improvements, service and satisfaction, more De Laval Cream Separators are sold every year than all other makes combined.

## ROLLERS at Sacrifice Prices

We are going out of the Roller business, and will therefore clean out at a sacrifice all our three-drum Steel Land Rollers.

We have on hand seventy-five 27 inch Rollers, which we offer at \$31; and twenty-five 30-inch Rollers, at \$32, all 8 feet long; net cash with order,

delivered to any point in Ontario. Points in Quebec add \$1 to above prices.

Guaranteed first-class or money refunded.

## Barrett Money Savers for Farmers

Made in Canada

### Practical Parables

A FARMER went forth to inspect his farm. It was near the end of his fiscal year and albeit he thought he had left nothing undone he found that things were not as should be. His stock was lean, nervous and not yielding great profits. His fences were straggling and ready to fall, having rotted in the posts. His harrow and certain expensive implements were rusted for he had not painted them. His barn admitted water at the roof, and likewise his own home, and that of his poultry. And the little gutters that should carry the water from roof to ground did leak too and were in sore need of repair. And even more so, the roofs on his many buildings which had cost much gold and labor, were not attractive nor yet durable. So the farmer was exceeding down cast. And it came to pass that a more successful neighbor came unto him and said:

"A LARGE part of my profits are due to watching the little leaks. Barrett Money Savers helped me. Take Carbonol for instance. No farmer should be without it. It has all the merits of carbolic acid without the danger. Effective in a hundred different places. If you cut your hand, apply Carbonol in solution. If your live stock get bruised, Carbonol will fix them. It disinfects sick rooms, and makes house cleaning easier. Begin to economize today by buying Carbonol.

"A LEAKY roof means more than incoming water. It means outgoing money for repairs or damages. Begin right with Amatite, the ready roofing that needs no paint. Put Amatite on your steep roofs and sidings. Wind, rain and weather can't hurt Amatite. Its sparkling mineral surface improves the appearance of any building and guarantees durability. Made in rolls of 110 square feet, with galvanized nails and cement in the centre. Easily laid without skilled labor. I ended my roofing troubles with Amatite.

"THE greatest enemies to live stock and poultry are lice, mites, vermin and flies. I keep my live stock clean and happy by spraying them with Creonoid, and I spray my roosts regularly. It is the most economical and effective animal antiseptic I have ever seen, and I've tried them all. All you have to do is spray your stock once or twice and their pests will go away, leaving your hens, cows, pigs and horses healthy and happy. Be sure to follow directions carefully. There are many other valuable uses for Creonoid and you had better ask them to send you their booklet on the subject. Don't delay when the solution of your problem is so easy.

"I USED to help the Farm Machinery Company pay dividends until I was advised to try Everjet Elastic Paint. You see metal seldom wears out; it rusts out and Everjet positively prevents rust. It never peels, scales or cracks. There is more merit in Everjet than I can tell you of. Everjet is especially recommended for use on 'ready roofings' because of its low price and great covering capacity. Protect your roofs and machinery with Everjet.

"YOUR wooden fences would have been good for twenty years if you had painted the buried parts of the posts with a good wood preservative. Why not do it now? Get some of Barrett's Grade One Creosote Oil. Tests have shown that it is the best wood preservative on the market because it penetrates deeper and lasts longer than any other. You can't beat creosote for insuring the life of the wood. Barrett's is the best creosote.

Grade One  
Liquid  
Creosote Oil

"IF YOU are not satisfied with your roofs, or want a covering that will keep wind and water out permanently, at low cost, you should try Everlastic Roofing. There is no better 'Rubber Roofing' on the market. It is inexpensive, easy to lay and gives excellent service for years. Just the thing for outbuildings. Made in one, two and three ply weights. The rolls are 36 inches wide. You need some Everlastic Roofing.

EVERLASTIC  
ROOFING

"THEN there is a product you ought to have just on general principles. As an aid in quick repairs, Barrett's Elastigum Waterproof Cement is a wonder. And it repairs permanently too. Just the thing to join and relin gutters, whether wood or metal. It seals leaks and joints and is unbeatable for flashings around chimneys."

Send for illustrated booklet describing Barrett Money Savers in detail. Address nearest office. For sale by good dealers everywhere.
