A Real Farm Helper

AT a recent tractor demonstration a farmer remarked "Our short season demands a lot of reserve power for rush work that I have never been able to get out of horses. I am taking home a Titan 10-20 because it looks to me like a real farm helper."

Was he right or not? Look over your own conditions and judge from them. Aren't there times in the year when you would give almost anything for more power to get the plowing done on time or to get in the grain and thresh it?

A Titan 10-20 kerosene tractor gives you that extra power that you need in rush seasons, and gives it at a price you can afford, because it operates successfully on cheap kerosene and uses fuel and oil (feed) only when it is working. It will do more and better work than any horses you could buy for the same money, and it's more dependable than horses. Keep it working hour after hour and day after day.

All the details of construction, design, and sizes of the Titan line of real farm helpers are given in books and catalogues we would like to send to you. Titan tractors are popular. To have your tractor for spring work you should begin investigating now. Write to the nearest branch house.

Your Last Chance to Get an AUTOMOBILE FREE—

CONTEST POSITIVELY CLOSES ON APRIL FIRST
HOW TO WIN A CAR

We will present a handsome FORD TOURING CAR (1917 model) to the first reader of The Canadian Thresherman and Farmer, in each of the three prairie provinces—Manitoba, Saskatchewan and Alberta—who estimates nearest to the number of whole kernels in 5 POUNDS AND 7 OUNCES OF No. 1 NORTHERN WHEAT, BETWEEN THE 15th OF SEPTEMBER, 1916, AND 1st APRIL, 1917. The wheat is a fair, clean sample of No. 1 Northern, grown in Saskatchewan, and weighs 54 pounds to the bushel. It was obtained from the Dominion Grain Inspector at Winnipeg. The wheat and bottle were taken to the Dominion Weights and Measures Office and exactly 5 pounds and 7 ounces were weighed out and poured into same. The bottle was then immediately sealed up in the presence of two witnesses, photographed, and deposited with the Union Trust Company, of Winnipeg. It will remain in their vaults until the contest closes, 1st April, 1917, when it will be taken out and counted by a board of three judges, none of whom are in any way connected with The Canadian Thresherman and Farmer.
