COAKER **ENGINES**

are THE BEST Motor Engines for Fishermen

W. F. Coaker, Esq., M.H.A., President Fishermen's Union Trading Company Limited.

Dear Sir,—

Last Spring I purchased a 6 h.p. COAKER Engine which has given me every satisfaction.

I certainly consider it the best Motor Engine for fishermen to-day on the local market.

With my trap boat I am able to make seven knots an hour. Last Summer I had my trap set four miles away and I made two trips daily with three dories in tow, and never had the slightest mishap.

I would adivse any fisherman who requires an Engine that can be operated easily and give good results to buy a 6 h.p. COAKER Engine.

Yours truly,

WALTER HILLIER.
