DEPARTMENT OF AGRICULTURE FRUIT BRANCH

OTTAWA, June 12—There is not likely to be a particularly heavy crop of fruit in the Niagara Peninsula this year. Representatives of the Dominion Fruit Branch at Ottawa were through the district last week and have prepared the following report.

Peaches are fairly good crop along the Niagara River and in the section in and around St. Catharines, but at Grimsby, Winona and Stoney Creek the crop is lighter and will probably be further reduced by "leaf curl" which is extremely prevalent there.

Pears, plums and cherries have set for a good crop, and useless to heavy "drop" taken place within the next few weeks, the nearby markets will be well supplied with these fruits.

Apples are almost a failure in Niagara, and reports from other sections of Ontario indicate a light crop generally in the province.

Strawberries are light in the Clarkston-Burlington section, but promise much better east of Hamilton to the Niagara River.

The help situation in Niagara is not so serious as has been generally supposed. The orchards are being well cared for, and appear to be in excellent condition. Many girls have offered their services to assist in harvesting the crop, and the growers are not anticipating any serious difficulties in securing labor at that time.

The season has been very much delayed by continued cold weather, and blossoms were about two weeks later than usual in coming out.

Speaking in a general way the Niagara fruit crop will not be above average, and the crop of 23456DLUULU, and the Ontario apple crop is certain to be light, and quite possibly of poor quality. The spring weather has very favorably development of apple scab, and unless orchards have been well sprayed, the fruit still will be seriously affected.

NEW RUSSIA WILL FIGHT TO FINISH

Petrograd, via London, June 17—The Duma, in secret session, has passed a resolution for an immediate offensive by the Russian troops.

The resolution declares a separate peace with Germany or prolonged inactivity on the battlefield to be ignominious treason toward Russia's Allies, for which future generations never would pardon the Russia of the present day.

"The Duma therefore considers," the resolution added, "that the safety of Russia and the maintenance of the liberties which have been obtained, lie in an immediate offensive in close cooperation with Russia's Allies."

Petrograd, June 16, via London—A stirring proclamation placing the council of workmen's and soldiers' delegates on record as irrevocably opposed to a separate peace was adopted today by the council. The proclamation was prompted by Austrian efforts to lure Russia into a separate peace.

The council, representing the most democratic elements in the revolution, despite its watchword of "No annexations; no indemnities," has recently accepted the French programme for the redemption of Alsace-Lorraine as entirely just, on the grounds that it would be but the restriction of territory wrongfully seized by Germany in 1871.

TO REDUCE COST OF LIVING

LONDON, June 18—Invited to make a statement as to his intended policy as food controller, Baron Rhonda, President of the Local Government board, yesterday told the press that it would be obviously premature to enter into details, but he could say that the government had given him ample powers, even should it be necessary to the extent of taking over the food supplies of the country and the adoption of strong measures to check all speculation in the necessities of life.

"The man who seeks to profit by the necessities of his country at this hour of her peril," said Lord Rhonda, "is nothing short of a blackmailer and must be treated as such."

The controller added that attention would first be directed toward the securing of a reduction in the price of bread, which was the urgent need of the moment.

GALLANT AIRMAN DESTROYS A ZEPPELIN

London, June 17—Two persons were killed and sixteen injured in last night's air raid over Kent, during which a Zeppelin was brought down in flames. The following official report of the raid was given out here today:

"Last night's air raid was carried out by two enemy airships. One airship crossed the Kentish coast at about 2 a.m. and dropped six bombs on a coast town. According to the latest police reports two persons were killed, sixteen were injured, and a large number of houses were damaged.

"The second raider attacked the east coast town of West Anglia at about 2.30 a.m. She was heavily shelled by guns of the anti-aircraft defence, and driven off. It is probable she was damaged by gun fire.

"Shortly afterwards this raider after dropping a number of bombs in open places, was engaged and brought down in flames by a pilot of the Royal Corps. The airship was destroyed. There were no casualties or damage in West Anglia."

PRICE OF MOLASSES EXPECTED TO RISE

As a Result of the Loss of the Molasses-Laden American Schooner Edgar W. Murdock at Grand Manan, N.B.—Vessel Had a Large and Valuable Cargo.

It was stated on the Halifax waterfront yesterday that the insurance on the cargo of molasses of the American four-masted schooner, Edgar W. Murdock, 1,451 tons, before reported as having gone ashore at Grand Manan, N. B., in a storm on Monday, and sunk, was insured for \$200,000. It is stated that the loss of cargo will affect the local market to the extent of 15 cents per gallon, owing to the shortage in stock as a result of the loss. The vessel herself was valued at \$175,000.—Halifax Chronicle.

4,356,760 GERMANS IN CASUALTY LISTS

LONDON, June 18—The German casualties, as admitted in the German official casualty lists in the month of May following:

Killed and died of wounds of sickness, 22,000; prisoners and missing, 26,562; wounded, 62,394; total, 110,956.

These figures are scarcely as large as the British losses alone for May. It will be readily seen that they are far below actual German losses on all fronts.

Accepting the figures, however, these casualties added to those previously reported, give the following totals since the beginning of the war:

Killed and died of wounds or sickness, 1,068,127. Prisoners and missing, 567,410. Wounded, 2,731,223. Total, 4,356,760.
