STRICTURES Cured To Stay Cured

DR. SPINNEY,
Founder of
Dr. Spinney & Co.

Strictures, no matter where located, are apt to involve the surrounding structures. If neglected or improperly treated, urethral stricture will produce distressing symptoms. Cutting, stretching and tearing are the old barbarous methods of treating this disease. The strictly modern and original methods employed by us are free from the horrors of surgery and are absolutely safe and harmless. The abnormal stricture tissue is dissolved and leaves the channel free and clear. All unnatural discharges cease, any irritation or burning sensation disappears, the kidneys, bladder, prostate gland and other surrounding organs are strengthened and the bliss of manhood returns. Our ABSORPTIVE TREATMENT will positively cure you. **YOU CAN PAY WHEN CURED.**

We Cure Varicocle, Blood and Skin Diseases, Nervous Debility, Strictures, Bladder, Kidney and Urinary Diseases.

STRICTURE

CURED WITHOUT CUTTING, PAIN OR LOSS OF TIME

No matter how long you have suffered or how barbarously you have been treated by surgeons, by cutting, stretching and burning, we ask you to investigate our NEW METHOD of curing it. Our treatment is original with ourselves, and in the result of 30 years' experience in these special diseases. The stricture tissue in the canal is painlessly absorbed and hence removed forever. Any discharge, which often accompanies stricture, disappears, the inflamed surface is healed up, all scalding and burning sensations cease; the kidneys and bladder become strong and normal, the sexual organs regain vigor and vitality and the patient feels as though life were worth living. All cases are treated under a

POSITIVE GUARANTEE OR NO PAY.

OUR NEW METHOD TREATMENT will cure you, and make a man of you. Under its influence the brain becomes active, the blood is purified, pimples, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and healthy. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard-earned dollars. WE WILL CURE YOU OR NO PAY.

We treat and cure NERVOUS DEBILITY, SEXUAL WEAKNESS, EMISSIONS, SYPHILIS, GLEET, STRICTURE, VARICOCELE, KIDNEY and BLADDER DISEASES, and all diseases peculiar to men and women.

ITEMS OF INTEREST ABOUT PLACES AND PEOPLE WE ALL KNOW

DAYTOWN

Very wet weather now—almost impossible to get in late crops. The grain is drowning out in a great many places—can hardly get the corn and potatoes planted.

Mr. A. Elliott is operating his two-horse corn planter in this place. It works well.

Miss Maria Wood is not much better—has been sick five weeks, under Dr. Mallory's treatment.

WASHBURN'S

Owing to the inclemency of the weather, the first meeting for the purpose of organizing a Sunday school was not a success. A second meeting was held last Sunday. Only a few adults were present. A final effort will be made next Sunday, when we hope that all interested will come prepared to help carry on the work for the season. The meeting will be held at 2 p.m.

Miss May Washburn is spending a few days with Miss A. Gilbert in Athens.

NEW DUBLIN

The pleasant time of the year has again put in appearance when the trees are all green.

Mrs. Joseph Kirkland of Glen Buell this week visited her sick niece, who is improving under the skillful care of Dr. Purvis.

Mr. Aaron Sherman is fixing his house in a fine shape by painting it white.

Mr. A. W. Trickey from Providence and New York has come home to run the farm for his father. You are just the kind of a man to have, Arden.

Miss Cugban is training her entrance class with great care.

Mr. and Mrs. J. B. Barry and family have gone to attend the wedding of her niece, Miss T. Stevens.

The farmers of this vicinity say it's a fine spring for working. Addison's esteemed egg buyer calls at Dublin occasionally. How about that?

ALGIRE'S CORNERS

Mr. and Mrs. E. King and little son spent Saturday and Sunday with relatives in Spitt's Falls.

Mr. and Mrs. Robt. McLaughlin were the guests of Mr. James Cugban on Sunday.

Mr. W. H. Rowsom has had a new tin roof placed on his dwelling.

Mr. Bennett Kavanagh of Lake Street was calling on friends here recently.

Miss Ida and Annie Cugban were visiting friends in Harlem on Sunday last.

Miss Jennie Cugban of New Dublin spent Sunday with her parents here.

Miss Bech of Smith's Falls has returned to her home, after spending several weeks visiting friends here.

Mr. Will Hall has been engaged in the factory of Mr. Dan McVeigh for the past week.

The school is progressing nicely under the able management of Mr. Howard Geddes.

ADDISON

Owing to the excessively wet weather, many of our farmers have not finished spring's work yet.

Mr. and Mrs. David Witte of Brockville are visiting at Addison. We are indeed pleased to see former residents recuperating in the village so "Near to Nature's Heart."

Witte Bros. have again re-established their butchering stand, and are prepared to furnish their customers with an excellent quality of meats.

A telephone line is being built in our town, which will be a very convenient improvement; also a "car" line is in progress between this and adjacent towns.

Mr. Levi Munroe has painted his house, occupied by Mrs. Wm. Howe, which has added greatly to its outward appearance.

Wanted—Competent men of nerve, strength and ability, to be stationed in different parts of our town, to stop runaway horses, to herd stray cows, etc. For further information apply to our Local Advisor.

NEWBORO

The Newboro municipal council will meet this evening.

The members of the Shakespearean Dramatic Club of Portland went to Jones' Falls on Saturday on the Str. Jopl and returned to Newboro in the evening, registering at the Hotel Rideau.

Mr. Oliver returned to town on

Friday evening and is again in charge of the Union Bank.

A meeting of the North Crosby Agricultural Society was held at the Hotel Rideau on Friday evening and matters concerning the fall exhibition were discussed. It was decided to hold the fair on Sept. 15th and 16th. The several superintendents and committees were appointed and all preparations made to make 1904 the "banner" year.

Miss Mary Lyons of Bedford Mills spent Saturday and Sunday at her home here.

Dr. Cornell of Brockville was in town on Saturday evening.

We are pleased to see Mr. Sam Pritchard, who underwent an operation for appendicitis some time ago, able to be around again.

The game of baseball between Elgin and Newboro in Elgin on Saturday resulted in a score of 22 to 11 in favor of the Elgin willow handlers. The game was fast from start to finish, but the Newboro boys showed lack of practice and were also handicapped by the absence of several of the best in the team. But the boys will "cheer up and forget it," and will yet demonstrate that they still have a right to their title "Champions of Leeds and Grenville." The players and officials were as follows:—

Elgin	Newboro	
V. Sexton	catcher	J. Moriarty
R. Clark	pitcher	A. Tett
L. Muchmore	1st base	H. Foster
W. Young	2nd base	B. Tett
G. Howard	3rd base	T. Ryan

E. Merriman	o. field	M. Hull
C. Hamilton	r. field	E. Valier
W. Ripley	s. stop	P. Ryan
Umpire, G. W. Hamilton, Elgin.		

Messrs. E. J. Adams, jr. and W. Whitworth were in town last week. Mr. E. J. Foster has purchased a handsome roadster from Mr. C. Abels of Chantry.

GLEN BUELL

THE STEEL RANGE COOKSTOVE AND THE GARDEN PARTY

Ye gentlemen of the stove wagon arrived in good season to feed up and partake of the hospitality of that famous spot and the favored family. Dinner over, the question of better facilities for cooking the food supply was introduced and artistically explained by the silver tongued knight of the road. The many good points of the range being explained, the question of price was taken up, which of course was high as compared with present price of April cheese—the principal product for cash. Two prices were made, viz.: \$69.00 on time (so as to get the benefit of higher priced milk) or \$64.00 cash, thirty days. Of course, the traveler pointed out the fact that the former would be the best, and at once began to arrange for a home for himself and the horses at three dollars per day while canvassing the outside customers. This, of course, would reduce the time price and possibly use it all up. The cautious proprietor of the garden introduced the question of guarantee that the range would have a good draft. This point was soon overcome by removing the old standby of 21 years and installing the new arrival, wood and fire were introduced, and she worked fine indeed. The garden family concluded to give it a trial for, say, thirty days, without settlement, which for the time being was quite satisfactory, special rooms were arranged for the traveler and his horses. Supper over, the silver tongued traveler conceived a new way out of his difficulty, and he hurried out to the cow barn and informed the cautious proprietor that he had made a bet of \$25.00 with the boss that he could sell three ranges during the week. That one was his third and would prevent him losing his money if he, the gardener, would kindly complete the deal by giving him his note to make things deal sure to save his money. The old gentleman could see no danger in the trap thus made, and gave him I.O.U., which was very thankfully received. On the following day a friend arrived at the garden and informed his friend that he had purchased one upon much the same terms and his traveler had not yet returned. A trip to town was arranged for and the best local counsel obtained, who very soon found the trap. The proprietor of the garden declared his new boarder was a thousand times worse

than a Jew pedlar.

Robert Stargoon, Sr., who has turned the 92nd milestone, is confined to his home. He takes good substantial meals and may now be considered a boy, as he remembers things of his boyhood in the old land much better than occurrences of present date.

Another old land mark, Richard Rowan, has wintered well and is hopefully looking to attending another session of Glen Buell S.S. Old Peoples' Anniversary, and possibly obtaining the silver medal for being the oldest person attending.

A Rare Chance to Improve Your Poultry

In order to develop the poultry industry in Leeds county, I have made arrangements by which I can get a limited number of Buff Orpington eggs, from good utility stock.

The Orpingtons are good winter layers, and keep at it all summer. When dressed, they are of the class that is wanted for export to England, being white-fleshed, plump breasted birds, dressing from 8 to 10 pounds to the pair at 5 to 6 months of age.

Strength and Endurance

Are factors of the greatest success. No person can do full justice to himself without them.

In no season of the year are they more easily exhausted than in the spring.

We need not discuss the reason for this here. It's enough to say there is one, and that Hood's Sarsaparilla gives strength and endurance, as thousands annually testify.

A MODEL RAILWAY

A recent trip, of one of our representatives brought "Truth" in contact, among other things, with the Grand Trunk Railway and its incomparable dining car service. A brighter, cleaner, more efficient plan of eating while journeying, does not exist on any railway anywhere, and "Truth" has travelled on most of the leading lines of the world, and is therefore in a position to know. The "Club" Breakfasts are an excellent feature, which appeals to many travellers. The attendants are courteous and obliging, and don't appear to be always looking for a "tip."

The fine, heavy double track of rails between Toronto and Niagara Falls makes it possible to run that distance without delays of any kind, and you are landed at your destination right on time to the minute.

The great improvements on the main line east, between Toronto and Montreal, have been very costly, and have in some cases meant the almost entire reconstruction of the road. The line has been straightened, the grades lessened, and "Truth" is told that very shortly a train will be put on between Toronto and Montreal that will make the distance in very much less time than even The International Limited does now.

"Truth" seldom travels on railway passes; the above statements can therefore be considered perfectly unbiased, and are made purely because of the excellent facilities afforded the general public, and because of the pride "Truth" feels in one of our great national highways.

We bespeak great things for the Grand Trunk Pacific Railway on its completion.—Toronto Truth.
