## Township Councils.

HARWICH COUNCIL.

A regular meeting of the municipal council of Harwich, and a Court of Revision on drains was held on Monday, July 11th, 1904. Members all present. The minutes were read and adopted.

The report of the engineer on the Morrison Drain was received and read, and duly adopted by the council and a by-law provisionally adopted for the same and Court of Revision fixed for Monday, Aug. 8th, at 3.30 p.m.

The report of the engineer on the improvement of the Pearson Drain was adopted and a by-law provisionally adopted and court of revision fixed for Monday, Aug. 8th, at 4.30 p.m.

Also the by-law for improvement of the Pearson Drain was provisionally adopted with court of revision for Monday, Aug. 8th, 2.30 p.m.

The following communications were read:

T. H. Taylor & Co., with order from D. J. Lane, for acct., also from T. McQueen & Son, with an order from same.

Lewis & Richards, re quashing of Local Option by-law.

Pere Marquette Ry. with appeal against the Court of Revision.

W. G. McGee, re bridges on East Township.

Clerk of Howard re same.

Wilson, Pike & Gundy, with by-law for selling of road allowance.

Co. Clerk, with account for keep of indigents in House of Refuge for over ending May 31.

Copy of resolution of Howard Council re bridges and contract on East Township.

An application was received from Thos. Barnes and others, asking for improving of Morgan Drain, on motion was referred to the engineer to make survey and report.

A petition was received from Thos. Gales and others asking for drainage; on motion was also referred to the engineer to make survey and report.

On motion of Campbell and Clark, the Commissioner of ward No. 1, was given an additional allowance for his ward of \$300 for the year.

Moved by Bentley and Clark, that as the council of the township of Harwich have learned by advice through the Municipal World, that the ditch known as the J. K. Laird ditch along the 18 and 19 sideroad has been constructed over 20 years ago, that it must not be interfered with, therefore this council concludes not to take any action in the matter. Carried.

Also, that Mr. Dresser be requested to put in a tender for the construction of a bridge at Indian Creek, near the Eau according to specifications of committee of the council.

Moved by Campbell and Huffman, that we accept the tender of J. K. Laird & Dresser for bridges over McGregor and McCarron Creeks on the East Township, amounting to \$2700 for both bridges as per plans of W. G. McGee, George C. E., and resolution of Howard Council. Carried.

Moved by Clark and Bentley, that having learned the amount of costs re quashing of local option by-law to be \$105.21, and the temperance people have stated that owing to not knowing the correct amount of said costs they have been unable to provide for same as yet, and having requested the council to pay same in order to save further costs being incurred, resolved that the council pay the same, until same can be provided by next meeting by said temperance people. Carried.

Moved by Clark and Bentley, that the Clerk write the Pere Marquette Ry. that the complaint has been made that they are encroaching on the township roadway at Eriean, with their tracks. Carried.

That the erection of the bridge over Indian Creek, near the Eau, be let to J. K. Laird & Dresser for the sum of \$625, to be according to plans submitted. Carried.

Also, that whereas Norman Nash has given an explanation of the cutting of trees on con. 8, L. E., and having been within the limit of the by-law, that this council accept the explanation. Carried.

Moved by Huffman and Campbell, that as the contractor of the township ship portion of the Nash Drain completed to the Pere Marquette Ry., that the Clerk notify Company to have the portion of said ditch across said roadway completed at once so as to allow the contractor to proceed with the work. Carried.

Moved by Campbell and Clark, that the commissioner of ward 4 have notices placed in the gravel pit at Centre Line, notifying parties not to undermine fences. Carried.

Moved by Campbell and Huffman, that a committee of the whole council meet at McGregor's Creek, on the Base Line to examine the bridge over said creek, with a view of building a new one. Carried.

A by-law for the sale of the portion of road allowance across lot 25, between con. 1 and 2, E. C. R., was read a first time and on motion was laid over for further consideration until next meeting, Aug. 8th, at 2.30 p.m.

The Court of Revision on the Barfoot Drain was taken up, and evidence of parties appealing heard and on motion said court was adjourned until Aug. 8th, at 5 p.m.

Court of Revision on Lucas Extension Drain was held and appellants heard, and on motion of Clark and Bentley, the assessments on said drain were sustained and the said court closed.

The Court of Revision on the Scott Drain was next taken up, but no appeals having been made against the assessment, it was closed on motion of Clark and Bentley.

July 11th, 1904.

We, the council beg leave to report as follows, in regard to—

Let. The John Bentley ditch, the waters from the Pinder Drain flowing down across his land and overflows it, we concluded the municipality assume 12 rods at 50 cents a rod; also the Indian Creek at the Eau we considered required the construction of an iron bridge with concrete walls; also the J. K. Laird grievance, we concluded after examining said grievance to repair the old tile drain by taking the

Mrs. Elizabeth H. Thompson, of Lilydale, N.Y., Grand Worthy Wise Temple, and Member of W.T.U., tells how she recovered by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I am one of the many of your grateful friends who have been cured through the use of Lydia E. Pinkham's Vegetable Compound, and who can to-day thank you for the fine health I enjoy. When I was thirty-five years old, I suffered severe backache and frequent bearing-down pains; in fact, I had womb trouble. I was very anxious to get well, and reading of the cures your Compound had made, I decided to try it. I took only six bottles, but it built me up and cured me entirely of my troubles. My family and relatives were naturally as gratified as I was. My niece had heart trouble and nervous prostration, and was considered incurable. She took your Vegetable Compound and it cured her in a short time, and she became well and strong, and her home to her great joy and her husband's delight was blessed with a baby. I know of a number of others who have been cured of different kinds of female trouble, and am satisfied that your Compound is the best medicine for sick women."—MRS. ELIZABETH H. lower portion, 15 rods of this and repairing the upper portion and J. K. Laird assuming the said 15 rods, and that the engineer be called to find the proper outlet for the water turn down the 18 and 19 sideroad by A. Stevenson. Signed by the council as a whole. Report was not adopted. Council adjourned.

GEO. M. BAIRD, Clerk.

## FRANK'S DREAM

"Come in and have some butter-milk," said a friend to Frank Tschirhart as they were passing the Maple City Creamery. "Not on your life," said Frank. "Last night before I went to bed I drank nearly three pints of that stuff already, and such a dream that I had!" "Tell me all about it," said his friend, who bows those funny balls on Tecumseh Park. "It was like this," said Frank. "After I had feasted on the butter-milk and eaten some Limburger cheese I went to bed and soon fell asleep. And then such funny things happened. I was on the bowling green in Tecumseh Park and we were getting practice for our London match. It seemed as if every time I threw a ball it became a 'quick change artist' and turned into a piano when it reached the kitty. This made me mad and I began throwing balls faster than ever, but every one turned into a piano. The pianos got so thick after awhile, the other boys got sore and said I'd have to ship them away, so I got St. Hancock, the famous rapid transit drayman, to take the bunch of music machines over to my store, but when I got them there they all turned into bowling balls again. Si was so mad he said he wished he had a mustache like the Kaiser and he would fight me. I was just going to say something real nasty, when my patient, unbreakable alarm clock woke me up. No sir, no butter-milk for mine."

## THIS BUTCHER IS ALL RIGHT

Had Diabetes but was Cured by Dodd's Kidney Pills.

Great Interest in the Case as People Realize what will cure Diabetes will Cure any Kidney Disease.

Toronto, Ont., July 25.—(Special).—As the people learn to realize how much the general health depends on keeping the kidneys right, and how many diseases are the direct result of bad kidney action every variety of cure of a severe kidney disease is received with interest.

For that reason the case of A. W. Holman, the well known butcher of 193 1-2 Mutual street, this city, is well worthy of attention. Mr. Holman had Diabetes. Now he is a well man. Dodd's Kidney Pills cured it. Asked concerning his case, Mr. Holman said:

"Yes, I had Diabetes for six years. I tried all kinds of remedies but to no use. My attention was called to Dodd's Kidney Pills by an advertisement and I began to use them. I only used six boxes when I was completely cured."

As it is conceded that what will cure Diabetes will cure any Kidney Disease it must be admitted that Dodd's Kidney Pills will cure any Kidney Disease.

Men often grumble about things just to show they know how far to allow others to go with them.

## NATIONAL GREATNESS

Rev. Principal Warner, D. D., of Alma College, St. Thomas, preached in the Park street Methodist church Sunday morning and in the Victoria avenue Methodist church in the evening. The morning subject was a discussion of the conditions of national well-being as described in Psalm 144, verses 12, 13 and 14, with special reference to the education of our daughters as indicated in verse 12. The ideal education of the daughter develops grace and strength. The Chinese think the ideal is grace and helplessness, hence they bind the feet of the girls. The Methodist church, along with the other churches, has always taken a deep interest in the education of young women and strives to develop in them grace and strength as described by the Psalmist in the text. It is found that residential schools afford especially desirable conditions, and such schools are increasing in this country, not as competitors against the provincial system, but as auxiliary to it. Lord Dufferin said that the danger of America was irreverence in the youth for age and authority. Lord Aberdeen in an address to Alma College students said he sent his daughter to Chittenden school and practically all the great families put their daughters at some time in some of the great residential schools. Dr. Warner thought if residential schools afforded advantages sought by the greatest of the old families, residential schools were none too good for the daughter of the Canadian lawyer, doctor, merchant, mechanic, farmer, or any other class, and so thought all the Canadian churches, for they all had colleges of this class. In the course of the sermon it was stated much increased attention was being given to women education, not only by the churches, but by public spirited individuals. Royal Victoria College, Montreal, given by Lord Strathcona, the Woman's Institute now being erected at Guelph by Sir Wm. McDonald at a cost of \$175,000. Mrs. Lillian Massey Treble's recently accepted gift of \$150,000 to Toronto University for a college of Household Science in connection with Toronto University, were cited as instances. There has been expended in founding and building Alma College, St. Thomas, \$100,000, and the College Board is now raising the last third, amounting to a \$50,000 fund for the college, making in all \$150,000 invested in this college of southwestern Ontario.

Dr. Warner made a very strong plea for physical culture and urged the necessity for the employment of best medical expert skill for direction of training of this kind. If the tendencies to neurotic weakness were not checked the American race is doomed, profound physical training must come to the rescue.

The value of thorough knowledge of English was pointed out the growing necessity of every young woman whatever her station in life, having a knowledge of business science was noted, and the claims of social, artistic and religious training, for much attention in a young lady's education shown.

Dr. Warner prefaced his sermon with a reference to the Victoria College Evangelistic and Missionary Band, who are announced to conduct services in Park street church next Sunday and the week following.

Dr. Warner said they were now holding socials in St. Thomas, that they had impressed the First church in London, as it has not been moved for a score of years.

In the evening service Rev. Mr. Cobblelock, the pastor, spoke by request on the Sacrament of Christian Baptism. A baptismal and reception service was held, in which 19 were welcomed as members of the church, twelve by letter and seven on profession of faith.

Court Raleigh, of Buxton, intend holding a monster picnic in A. Broadbent's Grove, on Aug. 10. Several courts will be in attendance. Addresses will be delivered by several public men and a big time is expected.

Mr. Flaherty has broken the record. He planted about six acres of corn on the 14th inst.

The haying is nearly completed and the barley harvest begins this week.

Mr. and Mrs. Wickwire, of Ramsey, are out on a few days' tour, among their friends. They called on Mr. and Mrs. Jas. Ross, over night and will take in Chatham and Blenheim, and return by the Talbot Road. They have been married 51 years. Mr. W. is 80 years of age and came from Dundas 55 years ago and settled in Ramsey, where he has retired ever since. He is a well-to-do retired farmer and has been a consistent Methodist for some 45 years and gives with a free hand to the cause. The old couple seem happy and are strong in the faith.

## DISTRICT DOINGS.

RODNEY.

Mr. and Mrs. D. Desmond and Mr. and Mrs. John Crowder, Howard, with their touring automobile, owned by Mr. Crowder, spent a day at the residence of F. G. Macdonald, M. P., and A. D. McGowan this week. The automobile was manufactured by Ford & Co., Detroit, and was in charge of Fred Bates, of the Eau, who is agent for the company. It carried five persons down from Morpeth in short order, and it is a dandy. Mr. Bates is an expert in handling it and gave several of his friends a fun of a few miles while here.

The Disciples' Sunday School held their annual picnic at Port Glasgow on Wednesday.

T. Peafold, of the Patterson House, is visiting at the residence of W. Schrubbs, Lake Erie Fishery.

Several from here attended the barn raising at Duncan Patterson's, 3rd concession, on Wednesday.

Miss Evelyn Stinson is holidaying with friends at St. Thomas.

John Sperrin and wife have returned from Lake Orion, Mich., after spending a month there on their honeymoon trip.

A party of campers from town are now at the lake for their outing.

Cameron McIntyre, of Detroit, and Arch. McIntyre, druggist, of Detroit, are visiting their mother, Mrs. McIntyre, postmistress, Albion P. O.

O. R. G. Stinson has returned from a month's trip to Montreal.

Rodney's civic holiday is the 27th inst.

Mrs. Mills, (nee Miss Burnice Mitchell), Berlin, is visiting at the residence of A. D. McGowan.

## S. S. NO. 1, CHATHAM.

A most enjoyable afternoon was spent on Wednesday, 13th, in McKinley's grove, where the Sunday school children of the above section, their parents and teachers, gathered for an old fashioned picnic. Sports of different kinds were indulged in by the younger people, and a good old time was enjoyed by their elders until the supper hour arrived. The tables being prepared and the company seated before the bounteous spread contributed by the excellent cooks which this section boasts, the

doxology was sung and grace said by the superintendent, at which a vigorous attack was made on the good things set before them. The day was all that could be desired, but by the time all had the wants satisfied, a threatening shower caused the crowd to scatter somewhat hastily. Notwithstanding this, it was the unanimous expression that this outing was one of the most successful ever held here.

## KENT BRIDGE.

Mrs. John Damsy was under the doctor's care the first of the week.

John French is moving into Andrew Shaw's new house on River St. West.

Thos. Mitchell, of London, the famous blind organist of that city, is spending a few holidays with Dr. Buckle.

Alfred Neway, of Escanaba, Mich., one of our old boys, is renewing acquaintances again. It is nearly two years since Mr. Neway left and is now a valued employee on the street railway line of the above named city. He is quite taken up with his work and he is going to make it his future home.

Miss Eva Shaw, one of our most popular young ladies, gave a birthday party to very large number of her friends on Tuesday evening. Miss Shaw's host of friends showed the high esteem in which she is held by the many and valued gifts which she received.

Cliff Langford is home from the R. C. I.

The thermometer registered 98 degrees in the shade on Sunday.

## WILLIAMS.

Mr. Mr. Edward Shipley, of Merlin, visited friends in Dover on Sunday.

The Prairie Siding Club met on 16th. All the members were present. Mr. Gilbert Holey was chairman for the evening.

The farmers are hurrying with their hay; they report a very light crop. There is talk of a picnic in Drap-ers' grove, in aid of St. Peter's Church.
