NOW RAISES 600 CHICKENS

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me.
"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."
—Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters. Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

Motion Pictures Of Matapedia Valley

While on the C. N. R. special train from Halifax to Quebec recently, carrying newspaper men and moving picture operators, who were following the Prince of Wales on his tour, some of the motion picture men secured views of the Matapedia Valley. They mounted the deck of the locomotive tender at Campbellton and operated their cameras while the train sped through the Morrissey Rock Tunnel and across the Restigouche Bridge. At a point beyond Matapedia station the train was stopped and several group pictures were filmed.

These pictures will be shown in connection with the new films of the Prince's tour.

Heavy Passenger Travel On C.N.R. Lines

Passenger travel is remarkably heavy on all sections of Canadian National Railway Lines, and particularly so in the Eastern section where trains between St. John, Halifax, Sydney and Montreal, are every day filled to capacity. The popularity of the Maritime Express and Ocean Limited is amply demonstrated by many applications for sleeping car reservations on these well equipped through trains. Requests for space are so numerous that extra cars are being carried and often trains run in two sections. With the rush of travel from troop steamers arriving at Halifax and Quebec this means considerable of a strain on the railway for equipment. Passenger business which has been very brisk all summer is likely to continue lively through the fall.
