Crushed to Death by Falling Sign.

PHILADELPIHA, Jan. 30.- Death swooped down upon a crowd of shoppers in Busy-Market Street to-day when a big heavy sheet metal sign blown from a high roof feli among them and killed two men and a girl. A half dozen other persons were injured, several so seriously that they were taken to the hospital.

The dead are: John Ellis, 40 years old, Phila. Henry Hahn, 56 years old, Phila. Ruth Seybold, 17 years, Phila. The sign was about twenty feet wide

and ten feet high and stood on the roof of a four storey building in the retail shopping district. The street was crowded, it being the noon hour Without an instant's warning, the sign, which was old, was wrenched from its fastenings by a high wind and fell to the sidewalk. The greater portion of the heavy sign landed in the middle of the street, and had it not been for this the loss of life probably would have been greater.

For example, the cost of building a fishing schooner in Nova which Dr. Kershet would condemn it. Scotia to-day is about \$6,000, while a schooner of exactly the same model built in the United States would cost \$15,000. That is the greatest element in the difference in the cost of fishing in the two countries.
