There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

Unable to Work for 14 Months

Somplete Nervous Breakdown Left Mr. Black an Invalid—Gured by Dr. Chase's Nerve Food.

Mr. Henry Black.

Mr. Henry Black.

What a helpless mass of flesh ambone the human body is, once the nerves become exhausted. Extreme weakness comes over you, and you lose control of the limbs. The nex step is paralysis.

You will be fortunate if, like Mr Black, you get the building-up process in action before it is forever too late By forming new, rich blood Dr. Chase's Nerve Food carries new vigor and energy to every organ and every mem ber of the human body.

Mr. Henry Black, 81 St. Cathering street east, Montreal, Que-, writes:—
"The wonderful results I obtained from the use of Dr. Chase's Nerve Food constrain me to write this letter in order that others who suffer from nervous exhaustion and weakness may use this medicine with equally satisfactory results. As the result of overwork I became completely exhausted, and was unable to work for fourteen months. As I am the father of a family, these were sad days for me but after I had used six boxes of Dr Chase's Nerve Food I had improved so greatly that I continued the treatment until I was completely restored to health and strength. I now work twelve to fifteen hour it day, and keel in excellent health."

Tr. Chase's Nerve Food, 50 cents a stream of the stream of the

You can't make clean bread unless you have clean flour

"I SN'T all flour clean?" you ask. No, not all, because not all wheat is clean, nor all flour mills.

Wheat is dusty when the flour mills receive it. There are particles of sand in it, and also foreign seed matter. Not until all these impurities are completely removed is the wheat ready for milling.

You can always depend on Rainbow Flour for extreme cleanliness. The care taken in its manufacture is almost mysterious. This carefulness begins with the farmer who raises the wheat and ends with the chemist who analyzes every lot of flour as it comes through to be sure of its purity.

RAINBOW FLOUR

MAKES GOOD BREAD

Your grocer has it in 7-lb., 14-lb., 24-lb., 49-lb. and 98-lb, bags and in barrels.
