War News.

Messages Received Previous to 9 A.M.

BRITISH SUCCESSFUL ATTACK.

BERLIN, Aug. 18. The British with several fresh divisions launched an attack on the German lines north of the Somme and succeeded in driving back the German main line for a short distance on a narrow front southwest of Martinhuich. The War Office announced today. A night attack by the French between Guillemont and Maurepas was futile and costly. The battle is still raging along the German salient to the northeast of Hardecourt.

REORGANIZATION OF GERMAN FORCES.

NEW YORK, Aug. 18. The Journal to-day has the following from Paris: A complete reorganization of the German forces on the west front, from Flanders to Alsace, has been effected, it was learned today from authoritative French military sources. Field Marshal Von Mackensen, who commanded the German campaign in Russia a year

ago is now in supreme command, except over the forces of the Crown Prince at Verdun. Reinforcements, including all available reserves from the training camps in the interior of Germany have been brought up to the Somme front. A great addition of heavy guns and other artillery also has been made to their defensive apparatus. Regarding the change of commanders on the western front by the German General staff it is believed here to be an acknowledgment of the threatening success of the Anglo-French offensive and at the same time a sharp rebuke to the German General staff heretofore in command on the west.

TURKISH LOSSES.

LONDON, Aug. 18. In the recent operations around Katia, east of the Suez Canal, the losses sustained by the Turkish forces are estimated at 3,000 men, including prisoners, or virtually one half the force, according to a further report on the Egyptian operations given out by the War Office this evening. The report says: The pursuit of the enemy was maintained until the 12th, and it is now possible to form a more accurate idea of the enemy's strength and losses. The enemy force amounted to probably 18,000 men. We took prisoners 49 officers, 3,871 men. Known killed amounted to 1,251. Wounded estimated at 4,000. Aggregating in round numbers about 9,000.

The following material also was brought in, a one Krupp battery of 4 guns complete, with accessories and 65 rounds of ammunition, 2,300 rifles with 1,000,000 rounds of ammunition, 9 German machine guns with 30 boxes of ammunition together with large quantities of material and equipment of all kinds, 500 camels and 100 horses. During the retreat the Turks burned a large quantity of stores at Birelahd and abandoned two field hospitals.

FRENCH MAKE FURTHER PROGRESS.

PARIS, Aug. 18. French forces made further progress in the village of Maurepas on the road from Maurepas to Crecy according to the officers report of this evening. On the remainder of the front during Friday there was the usual bombardments.

DEUTSCHLAND REPORTED.

GENEVA, Aug. 18. A private telegram received today from Berlin by the Neue Zurich Zeitung says the German submarine Deutschland arrived safely yesterday at Bremen from the United States. The Deutschland sailed from Baltimore, M.D., for Germany on August 1st, passing out to sea the following day.

Newport News, Aug. 18.—A captain of a Norwegian steamer which arrived at Hampton Roads for bunker coal, stated today he passed the submarine Deutschland on Aug. 10th, then eight days out from Virginia Cape. The Deutschland was under full sail. The captain said he took her for a sailing ship in distress but received a reply which said she was the Deutschland. The Deutschland had collapsible masts fore and aft when she lay at her wharf at Baltimore.

TURKS IN GALICIA.

BERLIN, Aug. 18. An official statement that Turkish troops are fighting with Germans and Austrians in Galicia was made today by the War Office.

BIRTHDAY ANNIVERSARY.

BERLIN, Aug. 18. The birthday of Emperor Franz Joseph of Austria-Hungary was celebrated here today on a large scale in military and diplomatic circles. The German press was warm in its expressions of congratulations on his 86th birthday. Many papers extolled the aged monarch's virtues, praying the Austrian Emperor may be spared to see his own country and the world returned the blessings of peace.

MORE CABINET CHANGES.

LONDON, Aug. 18. The Marquis of Crewe, Lord President of the Council, has been appointed President of the Board of Education in the British Cabinet additional to his other duties. Arthur Henderson who is succeeded as President of the Board of Education by Lord Crewe and whose chief duty is the unpaid position of labor adviser to the government, has been appointed Paymaster General, in succession to Baron Newton who has resigned that office and been appointed Assistant Under Secretary of State for Foreign Affairs. Henderson's new position carries with it the Presidency of the Commissioners of the Royal Hospital at Chelsea, who have charge of all military pen-

sion matters. Lord Crewe, although appointed to the Presidency of the Board of Education, presumably will continue to take charge of the Foreign Office in event of the temporary absence of Viscount Grey.

NEW ORDER IN COUNCIL.

LONDON, Aug. 18. By a new Order-in-Council the Government is empowered, under the Defence of the Realm Act, to prohibit from entering Ireland any person not a British subject, or who being a British subject has, since the first of March, 1916, come or may hereafter come to the United Kingdom from parts beyond the seas.

THE RAILROAD TROUBLE.

WASHINGTON, Aug. 18. Thirty-one railroad presidents today told President Wilson they stood by the decision of their managers' committee that an eight hour day was impracticable. President Wilson refused to take "no" for an answer to his proposal that they accept an eight hour day, and asked them to return to the White House to-morrow with their managers for another conference.

WOMAN SUFFRAGE.

LONDON, Aug. 18. The present week has brought within the range of practical politics a reform which many of its advocates feared the war would postpone perhaps for a generation, the right of women to vote. The strongest force against the realization of woman suffrage in the years immediately preceding the war was the determined opposition of Premier Asquith, hence his virtual conversion, when he said in the Commons on Monday that the

undertaking of a new franchise and registration reforms in the midst of a great war was too complex and controversial a problem, implying that any new bill for franchise reforms in the future must of necessity include women, was a great surprise. The Premier's announcement is taken on all sides as meaning that women will have a vote before another general election, except in the unlikely event of an election being forced upon the country before the war is ended. According to the "Nation" there are other similar conversions among men of great influence, although Earl Curzon still remains a strong opponent of the women's cause, together with some other ministers. Men of all parties realize that the capacity and willingness to help in the national cause as displayed by women during the war has removed the last obstacle to their receiving political recognition. The Liberal papers are urging the Government to grapple with the problem of adult suffrage without delay on the ground that the coalition government would be able to smooth the path of reform and calm the fears of the House of Lords as no Liberal Government could.

Health Hints.

Have you ever noticed a bread wagon with the doors wide open and the dust and dirt from the street blowing in over the bread? Just stop and think of the dirt and you will always ask your Grocer for Lynch's Bread wrapped and sealed by machinery in a dust and germ-proof wrapper—by 1815 if you can't find it, write to us.

ADVENTURISTS. — Subject: "The Christian Warfare." All welcome. Evangelist D. J. C. Barrett.

Chapter of Accidents.

NONOGENARIAN FATALLY INJURED.

A very serious accident, resulting in death, has occurred at Holyrood, the victim being Mr. George Veitch, aged 90 years, who on Sunday last near his home was knocked down by a runaway horse. Mr. Veitch, being a deaf man was not aware of the runaway's approach until it was on him. He was found prone on the road side by friends, and bleeding copiously from several wounds he received. He was attended by Dr. Chisholm. The accident must have been internally injured, as on Wednesday he succumbed without regaining consciousness. Deceased, although having reached such an advanced age was hale and hearty up to the moment he met with the accident. He was a well known landmark of Conception Harbour, a brother of Rt. Rev. Mons. Veitch, of that place and his death is sincerely regretted.

FELL FROM TRAIN.

Mrs. Ferguson, wife of Roadmaster Ferguson, of the Reid Nfld. Company, had a narrow escape from serious injury recently. While boarding a train for the Bonavista branch she was thrown violently to the ground, caused by the sudden moving of the train. However, she was not as badly hurt as at first thought and is now recovering fast.

FELL OFF TROLLEY.

Section Foreman Hynes met with a painful accident a few days ago. He fell off a trolley at Placentia Junction and severely bruised his leg, causing him much pain. He is now O. K. again.

A New Foodstuff.

TEPARY BEANS FROM BURMA. Several experiments have been carried out in Burma in association with the Imperial Institute with a view to the production of beans more suited to the United Kingdom market than those usually grown in Burma. Among the different beans tried is the tepary bean. This bean is grown largely for human consumption by the Indian and Spanish settlers throughout Southern Arizona, United States, and Northern Sonora, Mexico, and its cultivation extends westwards into California.

An analysis of tepary beans grown in Burma has just been made at the Imperial Institute. Full details of this analysis will be given in the forthcoming number of the "Bulletin of the Imperial Institute." It may be said at once, however, that the results indicate that these beans possess a high food value and compare favourably with haricot beans, lentils and peas, which they closely resemble in composition. Hitherto these beans have been practically unknown in this country, but a firm of bean importers states that they should have a ready sale in the United Kingdom and in some of the Allied countries as a substitute for small haricot beans, and if introduced during the war should obtain a good footing in the market. The tepary bean should, indeed, prove a valuable export crop for Burma provided that it grows well and gives good yields. No supplies are yet available for export but it is hoped that with these encouraging reports production on a commercial scale may become possible.

Remington UMC

Cut out the "off-days"
in the field and at the traps

Use Remington UMC and you'll find your shot thrown much faster at the mark—you'll need less "lead" on your bird—you'll have an easier feeling about angles—about the quattering bird—and the "on corner." Big scores will come almost as a matter of course.

Remington UMC Pump Guns
With over 1,200 inspection points, with 100 years' manufacturing skill, with firing tests far in excess of any you'll ever give them, we KNOW what every Remington UMC gun will do before it leaves the factory. Bottom ejection, solid breech and velvet smooth, positive action for 6 shots are conspicuous features.

Remington UMC Loaded Shells
All standard loads and powders. "Arrow" birdshot amongst shells and "Nitro Club" steel-shod smokeless "speed shells," as sportsmen call them; the popular "Remington" (smokeless), and "New Club" for black powder shooters.
