**A Trust Company as Executor**

A Trust Company as Executor affords the Estate for which it is acting all the advantages of the best private Executor with none of the weaknesses which are inseparable from individual Executorships.

In addition, there are many exclusive advantages possessed by a Trust Company which should be carefully considered by all intending Testators before appointing an Executor for the administration of their Estates.

If you are interested, communicate with the Officers of this Company and they will explain the matter fully to you.
