

The Empire Medicine

The preparation which has won the confidence of every country under the British flag—the remedy which has brought health and happiness to millions of men and women in every part of the Empire—the treatment which is resorted to everywhere for ailments such as Sick Headache, Biliousness, Indigestion and Constipation, often considered insignificant, yet decidedly inconvenient—ailments which have their origin in a dyspeptic condition of the stomach and a torpid action of the liver.

The death of Mrs. Catherine Walker, occurred at her home, Water Street, on Thursday, after an illness of a few weeks. She was in her 75th year. Deceased was first married to Mr. Andrew Power, and one son, Mr. James A. Power, survives her. After Mr. Power's demise, she married Mr. John E. Walker, grocery and farming business, and at our annual Regatta, she was a familiar figure catering at the farm on these occasions. We extend our sympathy to Mr. and Mrs. Power in their bereavement. The funeral was held on Saturday afternoon to the Cathedral, and interment made in the R. C. Cemetery.

An old and respected resident of the town, in the person of Mr. Alfred Chadwick, passed out on Monday after a short illness. He was a native of Folkstone, England, and came to this country in 1882. He is survived by his wife, to whom we offer condolence, in her hour of sorrow. Funeral was held on Wednesday, when interment was made in the R. C. Cemetery.

Miss Nellie Parsons, who had spent the summer here with relatives, left by Tuesday's express en route to Toronto again.

Mr. Herbert Butt, son of Mr. John Butt, left here on Tuesday for Montreal, where he will enter McGill. We wish him much success in his studies.

Big Vaudeville and Pictures

WIN ROUNDS OF APPLAUSE.

The large audience at the majestic last night had more than the average share of vaudeville and pictures. The dramatic thunderbolt "The Man Life Passed By," was a smashing feature, full of fury, folly, raids and revenge.

"The Man Life Passed By" is the story of a man whose bitterness is heart against life, is changed by a daughter to love, and the woman to the daughter of his enemy. But this happens only after the girl's younger sister barely escapes the penalty of her father's wrong against the man whose invention he stole. A peculiar coincidence is that the Novak sisters have the roles of sisters in the photoplay, Jane the elder, and Eva the younger. Mr. Marmont is "the youngerman he passed by" and Herbert Bosworth is "Iron Man" Moore, the girl's father. Cullen Landis has the role of Moore's Secretary, who is in love with the younger sister. As already intimated, "The Man Life Passed By," is the biggest picture released by the Metro people in 1923. It held the audience in the grip of expectation, from beginning to end.

Strad and Legato put a big thing over in their rendition of "Cavalleria Rusticana," tenor solo, "Sunshine of your Smile," and "The Glow Worm," and the smart finish of "Can't you see I love you?" from "The Newlyweds." Every item was vigorously applauded, the patrons showing their appreciation by repeated requests for encores. One of the pleasing events in connection with the show, was the performance of Miss Mary O'Neil, A.T. C.L., who accompanied Strad and Legato on the piano. As intimated previously, there are two shows at

Identifying the Best Bread.

A housewife was asked to tell the kind of bread she preferred. She said:

A bread that's light, bright and flaky—open grained in texture, evenly baked. A bread that will not tear or crumble when I spread it. A bread that's rich and made of wholesome ingredients.

That is why so many women serve regularly

Seeks Information

(Editor Trade Review.)
Sir,—In glancing through your valued columns of last issue, I noticed with amazement a list of arrivals from the Labrador with the catch of each arrival.

Mr. Editor, I am not interested in any schooners except those listed as arrived at Change Islands. I hereby respectfully ask your energetic and respected Minister of Marine and Fisheries to immediately call an investigation as to who and where was the C. I. list compiled.

I take it that every issue of your paper reaches the countries whose inhabitants consume our Labrador fish. Is it true, as has been mooted that Sir W. F. Coaker is endeavoring to have the price of Labrador fish in the outports as low a price as he can possibly make it? Is his hand, or his foot behind this business?

Some of us were under the impression that we were through with Coakerism and Bolshevism for all time, but alas!
We will anxiously await a satisfactory explanation.—COR.
