The Cost of Papering

PRICE REDUCTION

There are no doubt a great many people who still believe Wall Papering to be very expensive. It was expensive a few years ago, cost like everything to paper even a small room and make it look well. It was necessary to pay 50c, 75c or \$1 a roll for "fine" papers, which made a room, say 12x15x10 ft cost between \$15 and \$25 when the hangers charges were paid.

We think we are safe in saying that in no other line of manufactured goods has there been such a revolution in price, quality and style as in wall paper. The quality of paper offered now-a-days for 7 and 8c is easily equal to the 15c papers of 8 years ago. Our 25 and 30c papers are equal (some say superior) to papers which sold for \$1 and \$1,25 a roll 10 years ago

THE COST_

The following table gives the cost of papering the side wall and ceiling of an average-sized room, viz., 15x12x10 ft, using the border made to match each paper:

aper	at	DC	costs	\$1.07	plus hanging	81 70,	total	22.11	
	**	6c	**	1 23	"	1.70	**	2.63	
	"	7c	**	1.48	"	1.70	**	3.18	
	**	8c	**	1.64	"	1.70	"	3.34	
	**	10c	**	2.05	"	1.70	**	3 85	
	**	121c	**	2.64	"	1.70	• 6	4.34	
	"	15c	**	3.66	"	1.80	"	5.46	
		20c	**	5.00	"	1.80	**	6.80	
		25c	44	9 25	"	1 80	"	8.05	
		30c	**	7.05	"	1.80	٠.	8 85	

This is, we think, a close estimate, but the cost, of course, varies, depending on the number of openings.
