

## "I FEEL IT MY DUTY To Give You a Statement In Regard to 'Fruit-a-tives'"

Hardwicke, Miramichi, N. B., Jan. 17, 1910.

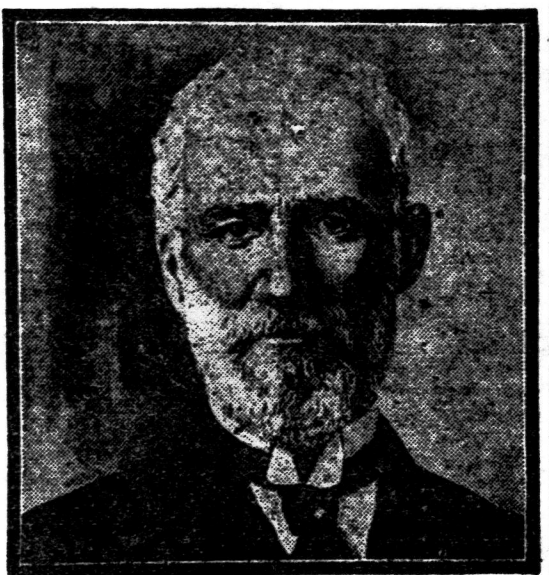

"I feel it my duty to give you and the world an unsolicited statement in respect to the wonderful cure I received by taking 'Fruit-a-tives.' Chronic Constipation was the complaint I suffered with for years. My general health was miserable as a result of this disease, and I became depressed and alarmed. I was treated by physicians without the slightest permanent benefit, and I tried all kinds of pills and tablets but nothing did me any good.

I saw the strong testimonial in favor of 'Fruit-a-tives' by New Brunswick's 'Grand Old Man,' the Hon. John Costigan, and I knew that anything he stated was honest and true. I am entirely owing to him for his help. I tried 'Fruit-a-tives' and the effects were most marvelous, and how I am enjoying myself now. I cannot say too much to express my thanks for the great benefits derived from taking 'Fruit-a-tives.'

A. G. WILLISTON.

"Fruit-a-tives" is not gotten up by druggists or expert chemists—who know nothing about disease and the needs of the human body—but is the scientific discovery of a well-known physician, and is the only medicine in the world made of fruit juices.

### SIR WILFRID AND EARL GREY

Premier Will Soon be in Montreal—  
May Head Off Bourassa.

Ottawa, Aug. 27.—Sir Wilfrid Laurier, who will conclude his tour by a speech at Medicine Hat on Wednesday, will at once return east, with a view of reaching Montreal in time for the opening of the Eucharistic congress, and thus put an end to the Bourassa plotting. The Premier should reach Ottawa on Sunday next, and he will only have to cut out a stay of a day or so in Winnipeg, which he contemplated on his way home.

It is also stated that Earl Grey has his eyes on the big gathering in Montreal the week after next, and unofficial advice have reached here that his Excellency will cut out his visit to Newfoundland, and will reach Montreal early in September, instead of on Sept. 15, as originally contemplated.

### HARVEST QUEEN IS HEARD FROM

Discovered in a Sinking Condition and  
Crew Rescued.

Bremen, Aug. 27.—A dispatch from Fayal, Azores Islands, to the North German Lloyd Company reports that the North German Lloyd steamer Koenigin Luise encountered the ship Harvest Queen of Windsor, N. S., (which sailed from Dalhousie, N. B., Aug. 19, for Buenos Ayres, Aug. 24), in a sinking condition, the ship being then in longitude 40.51 west and in latitude 44.24 north.

All the crew of the Harvest Queen were taken aboard the Koenigin Luise and the ship was left burning in mid-ocean.

### KILLED BY THRESHER

Joseph Breadner, of Brampton, Fell Under  
Engine's Wheels.

Brampton, Aug. 26.—A young man named Joseph Breadner, son of Mr. Isaac Breadner, a farmer living near Brampton, was instantly killed last night. Breadner was a thresher, and was conveying his machinery about midnight to the farm of Mr. Clark, lot 16, fourth line west. When a short distance from Mr. Clark's the machinery stopped, and Breadner alighted to start the engine again.

He climbed on the wheels and gave the flywheel a twist to start it again. Before he could recover his balance the engine started and he was thrown over the wheel, alighting on his head. He was instantly killed. His brother was with him when the accident occurred. He was unmarried and was 25 years of age.

An English factory recently turned out a hat which was made to fit a mythical man 50 feet tall.

## A DARING FORGER CAUGHT IN TORONTO

Had Skillful Scheme for Defrauding  
Banks—Wanted On  
Other Charges.

Toronto, Aug. 27.—Three hours before he was to have taken his departure from the city Thursday, a man, who gives his name as John Bagley, and his home as Boise, Idaho, was arrested on a Bathurst street car, while in company with a woman who is supposed to be his wife, and a young child. The arrest was made by Detective Tipton, and the man is charged with forgery and false pretences.

The crime for which they are being held was committed yesterday and the police believe they have a couple that will be wanted in various places as soon as the word of their arrest goes abroad. Bagley himself placed for deposit in the Yonge and College streets branch of the Bank of Commerce yesterday afternoon two checks, one for \$2,000, and another for \$1,600. The first was on the Newburg National Bank, of New York, and the other on the Fishkill Bank, of New York, but both were absolutely worthless. They bore a certified mark, which was so well imitated that a number of bank men to whom it was presented at first were genuine. When the Newburg Bank was communicated with, however, some time after the deposit in the Bank of Commerce, it was at once seen that a most clever forger had been dealt with.

After his arrest his baggage was located at the Union station and the man had already engaged a stateroom on the 11 o'clock train for Chicago. He had three trunks, four suitcases and a grip. Everything he bought from the Ontario Diamond Company here was recovered, with the exception of one watch and he said that the forger had taken it with her when she left.

Among his belongings were found a large perforating stamp and the apparatus for making checks look good. He also had a number of communications addressed to Charles V. Knightly, of New York, and from the name of Lily Knightly found on one of the trunks, the police suspect that to be the man's right name. He had registered in the city as L. W. Jones and family, Jamesville, Arkansas.

The man had worked the scheme out well and to prepare for any emergency had rented a room at 169 College street. This was the address given at the Bank of Commerce, that being the nearest bank to his place of residence. The bank telephoned that place and was told that a man by the name of Bagley did live there, all this going to strengthen his case.

The man is about 45 years of age and his wife is about 27. Neither of them seemed excited over the occurrence.

### ENEMY OF THE CUCUMBER

May Kill the Rhode Island Crop—Melons Also Suffer.

Providence, R. I., Aug. 27.—Market gardeners throughout this state have met losses amounting to more than \$150,000, through damage to their cucumber crop by a new disease.

The crop has been reduced 85 per cent and unless something be done to check the epidemic the cucumber in Rhode Island is threatened with extinction.

Melons are affected as well. The ravages of the pest have been so extensive that plant breeders in the department of agriculture at Washington have come here to study the disease at the request of Dr. H. H. Rhoads, director of the experimental station at the Rhode Island State College, at Kingston.

### COLLISION NEAR KINGSTON

Grand Trunk Trains in a Crash at Collins' Bay.

Kingston, Aug. 26.—Two trains on the G. T. R. collided at Collins' Bay, a station seven miles from the city, early this morning with somewhat serious results, including the stopping of traffic for hours.

As repairs were being made on the westbound track and the eastbound train, going 40 miles an hour, ran into it, the engine, which was slowing up for the crossing, the eastbound engine was badly wrecked, as was the express car, which was loaded with fruit, melons, etc.

II. A. Ansell, expressman, was enveloped with produce, but crawled out unhurt save for a strained back. The engine and fireman jumped and escaped. The cause of the accident will be investigated. The westbound engineer says he had no orders to stop at Collins' Bay.

Doctors and nurses from Kingston were hurried to the wreck, but were not needed.

### CHOLERA CONDITIONS HAVE IMPROVED

Epidemic in South Russia Now Believed  
To Be on the Wane.

St. Petersburg, Aug. 27.—A slight improvement in cholera conditions in South Russia is reported by the latest reports to the Government sanitary bureau, and to the Red Cross, is taken as a sign that the epidemic is now on the wane.

Reports to the sanitary bureau for the week from Aug. 14 to 20, inclusive, give 16,106 new cases and 7,743 deaths, as compared with 23,944 cases and 10,973 deaths for the previous week, making a grand total of 121,091 cases and 58,020 deaths for this year's epidemic.

Of the deaths this week, 1,039 are credited to the district of the Don Cossacks, 857 to Yekaterinoslav Province, 547 to the Cuban Cossacks district, 554 to Veronezh Province, 363 to Simbirsk Province, 362 to Saratov Province, 327 to Samara Province, 248 to Stavropol Province, and 233 to Tambov Province.

Prof. Rein, at the head of the special sanitary commission dispatched to South Russia, to combat the outbreak reports from Yekaterinoslav that the epidemic in the Donetz mining region in South Russia is on the decrease.

At Yuzovka, the principal city of the district, there are only sporadic cases and the same is true through the districts at Bakmut and Slavyanoserbsk. The great improvement is due to the introduction of proper methods of medical aid.

## SPAIN AND VATICAN MAY GET TOGETHER

Papal Representative at Court  
Asks for Interview With  
the King.

Madrid, Aug. 26.—Monsignor Vico, the papal nuncio at the Spanish court, today applied for an interview with King Alfonso. No statement of the purpose of the interview is made, but it is suggested that the report of the Vatican that the king will take up personally with the king the subject of the conflict between the Spanish government and the Vatican.

Rome, Aug. 26.—Cardinal Merry del Val, the papal secretary of state, came to Rome this morning from his summer residence for a reception of the diplomatic corps. Among those who attended was Marquis de Gonzales, in charge of the Spanish embassy at the Vatican since the recall of the ambassador, Marquis de Ojeda. His conference was longer than usual.

It is reported that the conversation of the Spanish representative with the cardinal was cordial, although Cardinal Merry del Val presented the details of the last note sent to Spain, which contains unchanged its attitude and policy toward the holy see, without making a step forward and backward.

The note asserts that if Premier Canalejas persists in maintaining his position the conflict will be left in statu quo, the Spanish Catholics to decide between the rights of the church and the policy of the Government in the matter.

Marquis de Gonzales declared that he had received no further instructions from Madrid since the recall of the ambassador. He said that the Vatican Government the note of the Vatican.

Lisbon, via frontier, Aug. 27.—Serious apprehensions of disorder during the election for the Cortes, which occur throughout the country, are entertained here, due to the persistent reports that the clerical party leaders are preparing to break as a protest against the Liberal policy of the Government in its relations with the Vatican.

The warships of the Portuguese navy have been dispatched to assist the civil and military authorities if disturbances break out.

As the Government telegraph refuse to accept dispatches referring to the position of the dispatch is sent to the frontier by train.
