"WE HAVE A GOOD CAUSE WE MUST HAVE GOOD ORGANIZATION."—Leader Rowell.

WOODSTOCK, June 29.—N. W. Rowell, when interviewed by your correspondent this evening, made the following statement: "It is gratifying to find that notwithstanding the whole weight of the Government's forces, aided by the organized liquor interests, we have improved our position in the House, for the sake of the policies for which we were fighting."

N. W. ROWELL.

misrepresentation persistently and systematically pursued in order to mislead the electors.

Short Time to Prepare.
"I regret that our gains were not numerous, as we were greatly handicapped by the short period we had to prepare for the election. It took us all our time to get candidates in the field; we had no time to perfect an organization in the great majority of the ridings, and no matter how good a cause, a good organization is necessary to insure success."
"Wherever candidates were in the field the first of the year and had an opportunity to perfect an organization in the province and we should commence to do so at once. I desire to thank the electors of the province who gave us their support, and particularly the large body of volunteer workers who, also, have freely given of their time in this contest."

New Spirit of Service.
"We have brought into the political affairs of the province a new spirit of public service, and hundreds of men who have not hitherto taken an active interest in political affairs will undoubtedly do so in the future. This is the guarantee of the ultimate success of the policy over the

THE EXCHANGES.

London, June 30.—American securities opened under parity and moved irregularly. At noon the tone was irregular, with prices ranging from 5/8 above to 1/2 below yesterday's New York closing.

TROLLEY WIRE FALLS

Man Had Narrow Escape and Traffic Is Held up for Several Hours.

When a trolley wire broke on Stanley street shortly after three o'clock yesterday afternoon, a man on a wheel and several pedestrians had narrow escapes from being struck by the falling wire, while traffic was tied up for several hours.

The trolley pole on a Normal car taking the curve at the intersection of Stanley street and Wharfside road, suddenly flew into the air. It caught on one of the guy wires, ripping it away. The vibration set up in the wire caused the pole line to fall to the ground, and the trolley pole to cross the fallen line had narrow escapes.

The bicyclist was riding parallel to the rails when the wire fell, and it was only a few inches only several children who attempted to cross the fallen line had narrow escapes.

NO PERMITS GRANTED

Controllers Claim of Unauthorized Installation of Gasoline Pumps.

The Central Garage, on York street, making application to the board of control this morning for permission to install a gasoline pump tank on the curb in front of the garage, disclosed the fact that there are two such pumps installed in the city without proper permission.

Fire Chief Aikman condemned the practice of installing these pump tanks without notifying some city official, so the fire department could learn where they were in case of fire.

The matter was referred to Building Inspector Piper, who is also to ascertain where the Canada Oil Company received its permit to install such a pump on Adelaide street, and why one has been put in on Dundas street, near Lyle street.

EXPECTED LARGER VOTE

Local Labor Candidate Expresses Disappointment at Election Results.

John D. Jacobs, Socialist and Labor candidate for London, expressed some disappointment at the small number of votes received. "I expected a larger vote," he said briefly, when the results were announced. "I thought there were more independent voters in the city. However, this three-cornered fight has served as a try-out to show just what the independent vote of the city is."
