Guelph's Last Title Hopes Go With 3--2 Defeat.

Special to The Advertiser, Guelph, Sept. 26.—Guelph's last hope of winning a baseball championship this year was dashed to the wall this afternoon, when the Guelph Outfitters suc cumbed to Welland in the second game of the O. B. A. A. intermediate semifinals. The game was by far the best intermediate exhibition witnessed here this season, and the victory gave Welhand the round by 15 to 7.

The outstanding feature of today's conflict was the brilliant twirling of deorge Garner, Welland's ace mounds-man, who only allowed the locals six hits, four of which came after the seventh inning.

Up till the eighth frame the young twirler was invincible, and he was only nicked for two bingles, but, despite his wonderful work, the Outfitters opened a rally in the second last inning that the but gave them the honors of the afternoon. afternoon.

Four hits in this stanza accounted for Guelph's only two runs, and with none down and two men still on the paths, J. Garner in center field pulled his team out of a bad hole when he gobbied up Leader's high fly on the run and doubled Hamilton on a perfect throw to third after the catch. Kaine, the next batter up, singled, but the Outfitters lost their last chance of scoring when Schonfeidt flied to left for the third out. After this bad inning Garner finished up the ninth by retiring the side on three successive strike-outs.

The game, one of the fastest seen here for some time, was good, clean lacrosse, only two penalties being handed out, one to each cide. Both teams were loudly acclaimed for their combination play, which was always in evidence. Farr and Smith were the leading scorers and bright lights for the winners, while Tellemoose and Rockburn stood out on the local team. A meeting of the local branch of the Ontario Referees' Association has been called for tomorrow evening at 8 p.m. in the chamber of commerce rooms, when several matters of importance will be brought up. It was stated last night that there is certain to be a thorough sifting of the question relative to the action of the L. and D. F. A. in the selection of referees.

Some action is expected, too, regarding the resignation of Secretary Barney Devlin. It is understood that his resignation has been in President Wilkins' hands for a couple of weeks, and while numerous members of the O. R. A. have held out hope that Barney might change his mind and consent to withdraw his resignation, the latter stated last night that plans for the Immediate future necessitated his withdrawal from office.

Groundkeeper At McGill Stadium Thinks Luis Student Joke.

Canadian Press Despatch.

Montreal, Sept. 26. — Luis Angel Firpo visited the McGill stadium this afternoon to witness the McGill rugby workout and have a chat with Coach Shaughnessy. Not having been let into the secret, "Ole Bill," the groundsman, rushed up as the "Wild Bull of the Pampas" strolled over the field and informed him that he was on forbidden ground. Bill waved explanations aside, being too old a hand to be fooled by a student's joke, and it was only when Shaughnessy greeted the heavyweight Shaughnessy greeted the heavyweight contender that he understood the joke was on him.

took the whole incident as another unintelligigle manifestation of the Anglo-Sexon genius. The affair was only an aside in the hard day's drill put in by the 60-odd candidates for positions with the Red and White first squad—the layers having had both morning and afternoon training periods.

The surprise of the day was the appearance of Hayes, the Sarnia lad. Hayes landed down here this fall from Sarnia, but, owing to his medical classification, it was considered that he was hardly fit for strenuous rugby. The next heard of him was that he had turned out with the Toronto Varsity squad. Now he is back in Montreal, and will know definitely tomorrow whether he is eligible for rugby or not.

The part Johnny Evers played in Maranville's career is indicated by the fact that the "Rabbit" was at his best when playing alongside Evers. Since the little pepper-pot quit second basing Maranville has slipped slowly but surely. He is still a good shortstop, but not the best.

Also hear that Dutch Ruether, ex-Red, and last year the big star of the Brooklyn Dodgers, is booked to move again. The hunch is that the two may be the principal figures in a trade during the approaching off-season.
