lowing Address to Hi- Excellency Sir James Douglas on Saturday :

To His Excellency Sir James Douglas, K.C. B., Governor of Vancouver Island and its Dependencies, &c., &c.

May it please your Excellency,—We, the members of the Legislative Council of Vans couver Island, in prospect of your Excellen-cy's retirement from the high office which your Excellency has so long and honorably filled, desire to express our high estimation of the policy which has guided your Excellency in originating and administering the Government of the Colony; of your noble appreciation of the duties and responsibilities develving upon the representative of our Most Gracious Queen, and of the moral qualities which have adorned your actions and endeared you to the people of Vancouver Island

That your Excellency may long live to enjoy the approbation of our Most Gracious Sovereign, and the esteem and respect of every colonist is the prayer of each member of the Council. DAVID CAMERON.

His Excellency replied : Mr. President and Gentlemen of the Legislative Council:

President of the Council.

I cannot allow you to depart without expressing my deep appreciation of the honor you have done me, and of thanking you for the cordial aid and assistance I have received frem you during the course of my administration. I feel how much I owe to your valuable counsel and advice and to your active and hearty co-operation in all matters connected with the well being and prosperity of the country, a happy circumstances to which the colony owes much of its present presper-ity. Discord has been the bane of many countries but your care and prudence has kep down the evil spirit here, and I trust it may never arise to mar the harmony and good feeling now existing between the Executive

and the Legislature. I thank you most sincerely for the many kind allusions you have made to my public services in the highly complimentary address which you have now presented to me. I shall preserve it as a memorial of your kindness and regard, and of the cerdial feeling which has marked all our official intercourse.

I sincerely hope that the colony may continue to presper, and I feel assured that no efforts will be wanting on your part to pro-mote its true and substantial interests.
