-We will not pass judgment on the wisdom of strikes—they may be right or they may be wrong. One thing is certain, that during a strike the wives and daughters of those out of employment have not much cash to spend on dress. Alive to meet an emergency, Mr. McKendry has slashed down the prices of dry goods in all departments, so that during July \$2 spent at the Waterloo House will go as far as \$3 spent elsewhere,

Editor World: I wish you would, in drainage of the city of Toronto, and agitate I believe, alive to the fact that our sewage system is in a condition injurious to pulme health, for the reason that the sewage falls into the water of the bay, and a strong suspicion prevails that the water with which we are supplied is not wholly free form impurities consequent thereon.

Toronto, July 17. minion, and the Canadian Harnes market, is the cause; and no wonder. They are selling a \$35 harness for \$18. The people are wild to think they have been raying \$10 to \$15 more for a set of harness than it is necessary. They must be alive to the fact now, for the above house is selling about 40 set per week. They make an affidavit that they use nothing but No. 1 stock and all hand stitched.
