Redpath

CERTIFICATES OF STRENGTH AND PURITY.

OFFICE OF THE PUBLIC ANALYST, MONTREAL, September 9th, 1887.

To the Canada Sugar Refining Co., Montreal:—I have personally taken samples from a large stock of your Granulated Sugar, "REDPATH" brand, and carefully tested them by the Polaroscope, and I find these samples to be as near to absolute purity as can be obtained by any process of Sugar Refining. The foot by the Polaroscope showed in yesterday's trial 99.9 per cent. of Pure Cane Sugar, which may be considered commercially as absolutely pure sugar.

JOHN BAKER EDWARDS, P.L.D., D.C.L., C.A., Public Analyst for the District of Montreal, and Professor of Chemistry.

CHEMICAL LABORATORY, MEDICAL FACULTY, MCGILL UNIVERSITY, MONTREAL, September 9th, 1887.

To the Canada Sugar Refining Company:—Gentlemen,—I have taken and tested a sample of your "EXTRA GRANULATED" Sugar, and find that it yielded 99.9 per cent. of Pure Sugar. It is practically as pure and good as sugar can be manufactured.

Yours truly,
G. F. GIBB'WOOD.

Well, Miss R., you have got a picture at last that does you justice. You happened to see some photos the other day of a lady friend of mine that were taken at F. O'Brien's Studio in Yonge-street and they were so excellent that I thought I'd try my luck and get the best photo I ever had in my life, and was treated well in the bargain.

THE REASON WHY DIXON THE PHOTOGRAPHER

Gets such round clear effects is that he thoroughly understands the artistic lighting under the sky-light and the fine chemical effect he gets in developing is the secret of success. See his latest work in the gallery.
