OUR NEXT SHOW LOOMS UP.

Arrangements for the Industrial Fair Looming Up. Arrangements for the Industrial Fair Looming Up.

Arrangements for the great exhibition to be held here from Sept. 8 to 20, under the auspices of the Industrial Exhibition Association, are now in full swing, and everything points to this being the most successful of the many successful exhibitions held in Toronto; in fact, during the past three weeks the number of entries have been so numerous that now fully one-half of all the available space has been allotted. The new Hortleul-tural Hall will be a prominent feature of the exhibition this year and also a building which the C.P.R. is erecting to be used exclusively for the exhibit of preducts of Manitoba and the great Northwest. A large staff is how at work painting and repairing the buildings. In the main building a new floor is being laid wherever required and Mr. Chambers, the caretaker, has within the past few days opened a magnificent new greenhouse and conservatory. Contracts for the felt and gravel rooffig for the implement building and association offices have been let and will be proceeded with at once. Arrangements have also been made by which the C.P.R. will run a track along the roadbed of the old electric railway, thereby enabling exhibitors to unload their cattle right on the grounds. The offices of the electric railway will be removed to the grounds and used for telegraph and telephone purposes. Mr. Hill, the manager, is sparing no pains to add to the attractions and many new features will be added this year. He is now in New York to meet several persons with whom he has been in correspondence during the past few weeks and to arrange with them for the presentation of some attractions of a particularly interesting character. Before his return he will visit Boston and Phiadelphia, and has already arranged with the except the main building and its annex, has arranged to be at the offices of the association, Public Isheary building, on Monday, Wednesday and Friday afternoons, from 2 to 5 o clock, for the purpose or allotting space to exhibitors.

Put Up and Put Down.

I want a word to rhyme with ills. I have it now: I'll put down pills. Excuse me, though—than put down pills, I'd rather suffer some big ills. To put down the old-fashioned, huge, bitter pills that griped so and made such disturbance internally is more than a wise man will do. He will not put up with such utnecessary suffering. He uses Dr. Pierce's Pleasant Pellets. As a Liver Pill they are unequalled. Smallest, cheapest, easiest to take. Put up in viais, hermetically sealed, hence always fresh and reliable, which is not stue of the large pills in wood or pasteboard boxes. As a gentle laxative, only one Pellet for a dose. Three to four of these tiny, sygar-coated granules act pleasantly and painlessly as a cathartic.
