MONEY MARKET.

NOTWITHSTANDING the steady demand for money for the purpose of moving the crops to market, there is still no pressure in the money market, and there is as yet an abundance to meet all legitimate commercial requirements, and rates are as previously noted.

Sterling Exchange is about as last quoted, 109 for Bank Drafts 60-day's sight, 1093 being the latest quotations in New York.

Gold Drafts are neglected and saleable only at an

discount.

Gold in New York has been almost stationary, scarcely varying from 130 during the past week, at which it closes. Greenbacks are bought at 231 to 231, and sold at 231 per cent discount

Silver is scarce, but without any active local demand.

We give be ow a report of business done. The prices seem ver; irregular, but are for different lines of tea, the value of which could only be judged of by samples seen

MONTREAL PRODUCE MARKET.

Akın & Kirkpatrick. Dawes Brothers & Co.

Mitchell, Robt.

LOUR-Receipts have continued liberal, but with improved British advices, a fair shipping demand has existed during the week, and all grades have advanced. There is no material change to note in Extras ; sales at the close at \$5 10 to \$5 25 Fancies, in the fore part of the week, were dull at \$4.65 to \$4.70. The market has latterly been somewhat cleared out, and present holders ask \$4.85 to \$4.90, according to sample: latest reported transactions were at \$4.82\frac{1}{2} to \$4.85 Supers. have steadily advanced. Welland Canal has sold within the last few days at rates varying from \$4 60 to \$4 70. Latest transactions in city bonds have been at \$4.721 to \$1.75, at which several thousand barrels have changed hands. Canada Supers. have met a better demand. Prices are however, irregular according to sample and the deeds of buyers. There were sales at the close ranging down to \$4.60, though \$4.65 to \$4.75 may now be considered ruling rates for ordinary. No strong Supers. from old wheat now offered. Good brands from new wheat meet a fair demand at \$4.80 to \$5, according to quality. Western state supers. have engaged more attention Several round parcels have changed hands at \$4.65 to \$4.70 for best brands. There was a good demand for No. 2, at the close, with sales at \$4 35 to \$4 40 for choice. Fine and the lower grades have also met a better demand with sales within quoted range. Bags are still scarce, with \$2.40 obtainable fat the close for best brands. Oatmeal continues to decline, under pressure of heavier receipts; sales irregular ranging down to \$4.90. No change to note in oatmeal.

GRAIN-WHEAT -Little doing in U.C. spring, receipts thus far being mostly direct to millers; if on the spot would sell at about \$1.05. Sales of Red Winter in the earlier part of the week may be noted at \$1 00 to \$1.01, but influenced by recent British advices, moved up steadily. Cargo sales a few days ago were made at \$1,02 to 1.021, and at the close, \$1.05 was in one instance secured. Several cars of No. 2, Western changed hands at \$1; some transactions, or private terms but nothing reported at high rates. Pease have engaged rather more attention; latest sales at 85c to 871c per 66 lbs, a few selected parcels being taken for Quebec at 90c. Casual sales of car lots of Oats at 32c. Birley heavy, with few transactions to note; nominal rates 65c to 70c, according to sample.

PROVISIONS .- Pork generally unchanged. Former consumptive demand continues, and rates sustained by scarcity. No change to note in Lard Butter continues to meet an active demand for export, and higher prices have been paid for desirable shipping lots. Latest sales of good have been at 20c to 21c, of ordinary at 19c to 20c. Cheese may be also quoted higher. Choice has sold at prices ranging up to 13c; ordinary at 12 c to 12 c.

Ashes .- Pots have been neglected, and are lower, selling with difficulty at reduced rates. Pearls -Arrivals have been small, and all offered are readily taken at former rates.

The wholesale trade of New Orleans has recently been exhibiting increased animation. The number of merchants from Texas has been steadily increasing, and many of them appear prepared not only to pay up old obligations but to buy freely for cash. The rule of small and frequent purchases is becoming almost universal.
