

## A VICTORIA CO. MIRACLE.

HOW TWO SUFFERERS REGAINED HEALTH AND STRENGTH.

Mr. and Mrs. Jas. Lawson Tell the Story of Their Renewed Health and Strength—They Find Health After Many Remedies Had Failed.

From the Woodville Independent.

The Independent has published a number of well authenticated cases of most remarkable cures by the use of Dr. Williams' Pink Pills for Pale People. Many of these cures have occurred in our own province, and all of them have been vouched for by newspapers of well known standing, whose disinterestedness leaves no room to doubt the accuracy of the statements made. But if anything were needed to convince the skeptical among our readers (if any there be) and bring into greater prominence the surpassing merit of this wonderful life-giving remedy, it is found in the fact that the Independent has been able to give the particulars of several remarkable cures in our own neighborhood, every detail of which can be easily verified by any interested in so doing. A short time ago we gave the particulars of the recovery of little George Veale, which has attracted so much notice and added to the fame of Dr. Williams' Pink Pills in this locality. A few days ago this case was the topic of conversation in one of our local stores, when a gentleman present said he knew of a case in town even more surprising. The Independent, alert for anything that would interest its readers, asked for some further particulars, and was informed that the person referred to was Mrs. James Lawson, an esteemed resident of Woodville, who had been utterly helpless for a long time, her recovery despaired of and who is now, through the almost magical virtues of Dr. Williams' Pink Pills, recovered and able to be about once more. A few days after this, meeting Mr. Lawson on the street, The Independent inquired if it were true, as stated, that his wife owed her recovery to the use of Dr. Williams' Pink Pills, recovered and able to be about once more. Yes, replied Mr. L., and not only my wife but I was cured by them also. If you will call at the house you can have the full particulars if you want them. Mr. Lawson has been a resident of Woodville for over twenty years and is well known and highly respected by all. On calling at his house we found both Mr. and Mrs. Lawson at home, and quite willing to give the desired information. They are an intelligent couple and those acquainted with them will have no hesitation in giving implicit confidence to their statements. Mr. Lawson stated that he had been ailing for years; his appetite failed; he became weak and unable to work. He received medical assistance, but found it of no avail, and at last he was confined to the house with little prospect of recovery as was thought. He had read of the wonderful cures effected by Dr. Williams' Pink Pills and determined to give them a trial. He soon found benefit from them and continuing their use entirely recovered and is now enjoying better health than he has previously done for years and is quite as able as formerly to do a day's work.

Mrs. Lawson also told of her terrible sufferings. For three years she had been unable to do housework, and for nine months was confined to bed, being so helpless that she had to be lifted like a child. She had consulted doctors in Toronto and taken their prescriptions but found no relief. Her nervous system was wholly unstrung and she suffered from disease of the spine. The doctors told her it would be necessary to perform an operation on her spine, otherwise she could not get relief. She refused to have the operation performed, knowing that it would make her a cripple for life, and she considered that condition as bad as her then state of suffering. At last she began the use of Dr. Williams' Pink Pills and had not been taking them long when she found their good effects. She found herself getting stronger, and was able to leave her bed. At first she had to use crutches, but continuing the use of Pink Pills she was able to throw away first one and then the other of the crutches and is now not only able to walk freely, but to attend to her household duties as formerly. In fact she says she is now stronger than she has been for many years. Her appetite has returned, her nerves and spine trouble have disappeared, and she rejoices in complete recovery which she attributes solely to the use of Dr. Williams' Pink Pills, and which she recommends to those troubled with nervous prostration, diseases of the spine or general debility. Both Mr. and Mrs. Lawson attribute their recovery under Providence to the use of this marvellous medicine which has been such a blessing in our land, and they are willing that all others should enjoy the knowledge of their wonderful virtue.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous headache, ner-

vous prostration and the tired feeling therefrom, the after effects of la grippe, influenza and severe colds, diseases depending on humors in the blood such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure, in all cases arising from mental worry, overwork or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brookville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50c a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builder and nerve tonics no matter what name be given them. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from the Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Such as is the character of thy habitual thoughts, such also will be the character of thy mind, for the soul is dyed in its thoughts.—Aton.

Woe to falsehood! It affords no relief to the breast, like truth; it gives us no comfort, pains him who forges it, and like an arrow directed by a god flies back and wounds the archer.—Goethe.

A German statistician finds that the most unlucky day of the week, so far as accidents to human beings are concerned, is not Friday, but Monday; 16.74 per cent. of all accidents occur Mondays, 15.51 per cent. Tuesdays, 16.31 per cent. Wednesdays, 15.47 per cent. Thursdays, 16.38 per cent. Fridays, the same per cent. Saturdays, and 2.69 per cent. Sundays.

Medical students were last year distributed among the various German universities as follows: Berlin, 1,185; Bonn, 325; Breslau, 292; Erlangen, 424; Freiburg, 481; Gießen, 172; Göttingen, 200; Greifswald, 398; Halle, 283; Heidelberg, 278; Jena, 212; Kiel, 385; Königsberg, 255; Leipzig, 834; Marburg, 286; Munich, 1,443; Rostock, 138; Strassburg, 333; Tübingen, 230; Würzburg, 743.

Here is a Kentucky girl's picture of the ideal man who would make a good husband: "If I wished to marry—which, of course I do not—I would desire a man too noble to commit a mean act, but generous enough to forgive one. A man as gentle as a woman, as manly as a man; one who does not talk scandal nor tell disagreeable truths. A man whose name I would be proud to bear, to whom I would carry my doubts and perplexities, and with whom I would find sympathy and joy."

Victoria Colonist: There has been published by direction of the Provincial Government, a handsome pamphlet of one hundred and ten pages, in which is given a full and fair description of the present resources and future possibilities of British Columbia. The description is carefully and conscientiously written. The writer is evidently determined to keep within the truth. He shows no disposition to entice immigrants by a glowing account of the fertility of the soil or the richness of the resources of the Province; but on the contrary, if he errs at all, it is in the direction of under-statement.

Toronto Mail: The loss of the Victoria proves the power of the ram as an offensive weapon, and it also shows that modern war vessels are not so easily manoeuvred as the old wooden ships that won Britain's victories a hundred years ago, but which, of course, would be no use now. The example may instruct as an item of naval experience, but after all that can be said, it is a terrible affair, darkening hundreds of Old Country homes with the shadow of death and exciting sympathy and lament in the hearts of Britain's friends throughout the world.

The sinking of the Victoria in the Mediterranean and the drowning of 463 of her crew is an event which must necessarily remain a dark spot in naval history. There is only one feature of brightness to relieve the gloom, and that is the heroism and pluck with which her crew set to work, as the report goes, to close the bulkheads. In that brief quarter of an hour while the ship was settling, they obeyed orders, and went to their death like the British seamen of old.

## JUNE EVENING.

The trees in freshest, daintiest green arrayed—  
Though not yet in full leaf—a pleasant shade,  
Cast o'er the verdant land, and the soft air,  
Burdened with Nature's incense, rich and rare,  
In transe'd languor stirs not, as the day  
Draws to a close. The sun has made his way

Down to the horizon, and afar I see  
The city's house-tops catch the lessening ray,  
And flash it back again resistlessly.  
The citadel's steep glacis, dimly seen,  
Glow in this light, a softened golden green;  
And the grim ramparts, too, reflect the sheen

Which on the flag which crowns their heights rests last.  
About me, here, the shades are falling fast;  
The joyous birds are twittering in the trees,  
Singing their ve per songs—pure litanies—  
Ordered by One who knows their destinies.  
Frogs in the neighbouring pond, their voices too,  
Are shrilly rising, and the noisy crew  
Seem not unmusical to distant ears.

The joyous, lively, living sounds of spring—  
Of early summer—drive away our cares,  
And tell us that whatever the years may bring,  
There is a time, when, as the birds that sing,  
We too may carol gaily, and be glad  
E'en though our lives in many ways are sad.

They are worth living! while the spring returns,  
And summer roses bloom, and beauty burns  
Deep to the soul of man, and lifts him up.  
Above the sordid things of earth and time—  
We cannot murmur that our common cup  
Is mixed with sorrow, or that youthful prime

Lasts not forever. In a brighter land  
Our lives shall be renewed, and hand in hand,  
With those we've loved and lost, those happy hours  
Spent 'mid the fragrance of unfading flowers.

CONSTANCE FAIRBANKS.  
The Grove, Dartmouth, N. S., June 5th,  
NORTH AMERICAN LIFE ASSURANCE COMPANY.

The North American Life, of Toronto, Ont., is one of the most enterprising of Canadian life insurance companies.

It was the first Canadian company to adopt the tontine system, and its maturing policies show results in excess of the estimates in use. The company earns a high rate of interest, and the excellent character of its investments is shown by the small amount of overdue interest at the close of last year, being but slightly in excess of one-half of 1 per cent. of its assets. Some of the essentials of the success of the North American are to be attributed to its liberal and varied forms of insurance, combined with its liberal principles and practices, the prompt payment of death claims immediately upon satisfactory proofs of death—a practice introduced in its own country almost twelve years ago, and which has greatly contributed to its popularity as a policy-holders' company.

Wm. McCabe, F. I. A., F. S. S., the company's managing director, has long been favourably known to the profession in the United States and Canada, and is a gentleman thoroughly conversant with every detail of the work.—The Spectator, New York, June 22, 1893.

## FROM BOSTON.

Words of praise are too weak to express the good things I could say about St. Leon Mineral Water. I have supplied numbers here for twenty-six years. Health and pleasure have reigned among families who have used it. Would not be without St. Leon. Have nothing here to equal it.

Hotels.

## Dyspepsia

Makes the lives of many people miserable, causing distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels. Dyspepsia does not get well of itself. It requires careful attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet efficiently. It tones the stomach, regulates the digestion, creates a good appetite, banishes headache, and refreshes the mind.

**Distress After Eating**  
Sarsaparilla, which acts gently, yet efficiently. It tones the stomach, regulates the digestion, creates a good appetite, banishes headache, and refreshes the mind.

**Sick Headache**  
"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would have a faint or tired, all-gone feeling, as though I had not eaten anything. My trouble was aggravated by my business, painting. Last spring I took Hood's Sarsaparilla, which did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced."

GEORGE A. PAGE, Watertown, Mass.  
**Hood's Sarsaparilla**  
Sold by all druggists. \$1; six for \$5. Prepared only by C. T. HOOD & CO., Apothecaries, Lowell, Mass.  
**100 Doses One Dollar**
