Not only in the hot summer months is NESTLE'S MILK FOOD pronounced by medical men as the safest diet to prevent cholera infantum, but its history of 20 years' use in every quarter of the globe demonstrates that children fed on NESTLE'S MILK FOOD are noted for firm flesh and muscle, and also for strong, hard teeth: this last quality is deserving of note in this country.

NESTLE'S FOOD has attained its present enormous consumption through the influence of the medical profession. Sample and pamphlet sent on application to

MOSBY, JAMES GOOD & Co.:  
Gentlemen—I have great pleasure in recommending  
**St. Leon Water,**

having used it an occasion or two since its introduction in Toronto.

When weary and tired with trying excercises and prolonged hours of pastoral duty, I always find St. Leon very soothing and refreshing.

I firmly believe St. Leon possesses all the virtues to purify and build up the system attributed to it by so many of our expert scientists.

Very Rev.
