

INDEX TO VOLUME VIII.

	PAGE
Acacia mucilage, preservation of	183
Acid butyric, manufacture of	242
“ citric, presence of lead	184
“ hydrocyanic, estimation of	207
“ “ extemporization of	221
“ “ instability of	217
“ “ detection of	362
“ oleic, preparation of	374
“ “ application in pharmacy	203
“ phenic, antidotes to	75, 226
“ “ poisoning by	75
“ “ reagents for	82
“ phosphoric, diluted, note on	381
“ “ “ incompatibility of	331
“ “ “ syrups of	191
“ sanguinarinic	407
“ salicylic, note on	388
“ salicylic, antiseptic action of	441
“ sebacic	355
“ sulphuric, note on	23
“ tannic, local use of	252
<i>Ackerman, D.</i> , on <i>mistura assafœtidæ</i>	9
Action of decomposed solutions of citric and tartaric acids	27
Adulteration Act,	97
Adulteration of butter	221
“ “ castor oil	98, 100
“ “ gum arabic	226
“ “ <i>pareira brava</i>	72
“ “ wax	213
<i>Adrian, H.</i> , on the use of phosphorus in medicine	124
Agaric	274
Air, weighing the notes in	226
Albumen in wine, test for	190
Alcohol, absolute, preparation of	285
“ estimation of strength of	300
“ curious conversion of	198
“ physiological effects of	396
Alkaloids and acids of <i>sanguinaria canadensis</i>	407
“ reaction with potassium iodide	383
“ petroleum oils for preparing	375
Alkalimetry, use of monochromatic light in	134
American pharmaceutical association, notice of meeting	33
“ “ “ annual meeting	104, 147
“ soda	176
Analysis, ingenious use of	418
Anatomical specimens, liquid for preserving	31
Angelica root	401
Anilin colors	354
“ inks	321
Apomorphia as an expectorant and emetic	183
Apparatine	429
Archil and cudbear, manufacture of	363
Atropia, poisoning by	141
