FRIENDS cannot fail to notice that it occupies more space to announce that no monies have been received this week, than would be required to make acknowledgments of several contributions.

RE-UNION.

ON Thursday evening, May 31st, a Social Re-union of our "Workers" was held. The gathering took place by invitation of the Secretary, and none were invited but those who are *actually* engaged in the work; and a proof of the blessing which has attended the

Association was given in the fact, that to cover the whole staff it was necessary to issue 168 invitations, and over 125 responded, while letters or personal explanations fully accounted for the absence of 20. At 7 p.m. 102 sat down to tea, and at 8 o'clock the chair was taken by Hon. S. H. Blake, who in his usual happy manner addressed words of cheer and counsel to the workers. Short addresses on the work were given by Messrs. Briggs, Kilgour, Bolton, Hines and the Secretary. Rev. H. M. Parsons gave a very forcible address on "The True Power for Christian Service." Rev. J. Salmon also spoke on the importance of faithful performance of duties devolving upon us.

The choir, under the direction of Mr. Manton, did much to add to the pleasure of the evening.

The meeting was one of marked spiritual power, and the unanimous verdict was, "it was good to be there."

"OUR WORKERS."

SEVERAL of the young men engaged in our work, feeling the importance of Christian fellowship, counsel and training, having expressed a desire to meet together weekly, it has been decided to hold a meeting every Thursday evening at 8 o'clock. The object of the meeting is for prayer, for mutual encouragement, and also for training calculated to prepare the younger members to take part in the public meetings of the Association. We expect much profit to result from this gathering, and we trust that God may soon make the way clear for holding services in which the talent developed may be called into use.

"Glorify God in your body, and in your spirit, which are God's."
