

PERFECTLY SATISFIED

With your Printing? Are your Letter Heads, Bill Heads, Memorandums, Envelopes, Business Cards, and other Office Stationery, to your liking? If not, let us see if we can't please you.

What about Catalogues?

Why not spend a little more money on better paper, better cuts, better type, and better presswork, and get out something really first-class, that will be a credit to you? Such a Catalogue creates a favorable impression. It's worth the extra cost as an advertisement. Customers will examine it and keep it when they will throw away the cheap-looking affair.

Settled?

Yes, we are completely settled in our fine new printing house, with largely extended facilities for supplying everything in printing, particularly Catalogues. We shall be pleased to furnish estimates for anything from a lady's visiting card to the most voluminous book.
