These resolutions are to form the land. These resolutions are to form the basis of a bill which it is proposed to introduce in Parliament for the settlement of the question in Great Britain. There the education difficulty has been rendered acute by the action of the noisy element on the school boards, whose aim is to take away all power from parents in the education of their childrem and hand it over to the state. The English hierarchy take up an unequivocal position as the champions of parental right and the religious training of the child.

## A WOMAN'S SUFFERINGS

How A Haldimand County Lady Regained Health.

She Suffered Excruciating Pains from Sciatica—For Four Months was Forced to Use Crutches — Relief was Obtained After Many Remedies Failed.

From the Selkirk Item.

There have been rumors of late in Seltirk of what was termed a miraculous cure from a long illness of a lady living in Rainham township, a few miles from town. So much talk did the case give rise to that the Item determined to investigate the matter with a view to publishing the facts.

Mrs. Jacobs Fry is the wife of a well known farmer and it was she who was said to have been so wonderfully helped. When the reporter called upon her, Mrs. Fry consented to give the facts of the case and said —"I was ill for nearly a year and for four months could not move my limb because of Sciatica, and was compelled to use crutches to get around. My limb would swell up and I suffered excruciating pains which would run down from the that my health was generally bad. I tried doctors and patent medicines, but got no help until I began the use of Dr. Williams' Pink Pills. Almost from the outset these helped me and I used six boxes in all, and since that time used six boxes in all, and since that time have been a well woman, having been entirely free from pain, and having no further use for medicine. I am prepared to tell anybody and everybody what this wonderful medicine has done for me, for I feel very grateful for the great good the Pink Pills wrought in my case.

The reporter called on a number of The reporter called on a number of Mrs. Fry's neighbours who corroborated what she said as to her painful and help-less condition before she began the use

of Dr. Williams' Pink Pills.

Mr. M. F. Derby, chemist, of the firm of Derby & Derby, Selkirk, was also seen. Mr. Derby said he knew of the case of Mrs. Fry, and that what she said regarding it was worthy of every credence. She had berself told him of the great henefit she had derived from the great benefit she had derived from the use of Pink Pills. He further said that they had sold Pink Pills for a num-

ber of years and found the sale con-stantly increasing which was due beyond a doubt to the great satisfaction the pills gave those using them.

An analysis of their properties show that these pills are an unfailing specific for all troubles arising from an impairment of the nervous system or impover-

ished blood, such as loss of appetite, depression of spirits, anemia, chlorosis or green sickness, general muscular or green sickness, general muscular weakness, dizziness, loss of memory, locomotor ataxia, paralysis, sciatica, rheumatism. St. Vitus' dance, the after effects of la grippe, scrofula, chronic erysipelas, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularites, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and Storing the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all diseases aris-

ing from mental worry, overwork or excesses of any nature. These pills are not a purgative medicine. They contain only life-living properties and nothing that could injure the most delicate

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper printed in red ink. Bear in mind that Dr. William's Pink Pills are never sold in any other style of pack-age, and any dealer who offers substitutes is trying to defraud you. Ask for Dr. Williams' Pink Pills for Pale People and

refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams Medicine Company, Brock-ville, Ont, or Schenectady, N.Y., at 50 cents a box or six boxes for \$2.50.

### ARE YOU INTERESTED?

We are obliged to again call the attention of some our subscribers to the amounts owing on their sub-criptions. When the amount runs for a year or more, it means that we have virtually loaned so much money without interest, because it practically represents what we have to pay to printers and for paper, press-work, pos-tage, etc. Very few appreciate the effort and energy required to maintain an organ for their defence, but we ar satisfied that the main cause of slow payments is oversight and neglect. We need our money, need it now and trust that when this notice is read by a delinquent subscriber that he will not "put off till to-morrow," the sending of the amount he owes as indicated by the label on his paper.

## HOW IS THIS?

Something unique even in these days of mammoth premium offers, is the latest effort of Stafford's Magazine, a New York monthly of home and general reading.

The proposition is to send the magazine one year for one dollar, the regular subscription price, and in addition to send each subscriber fifty-two complete novels during the twelve months; one each week.

Think of it. You receive a new and complete novel, by mail, post paid, every week for fifty-two weeks, and in addition you get the magazine once a month for twelve months, all for one dollar. It is an offer which the publishers can only afford to make in the confident expectation of getting a hundred thousand new subscribers. Among the authors in the coming series are Wilkie Collins, Walter Besant, Mrs. Oliphant, Mary Cecil Hay, Florence Marryat, Anthony Trollope, A Conan Doyle Miss Braddon, Captain Marryat, Miss Thackery and Jules Verne. If you wish to take advantage of this unusual opportunity send one dollar for Stafford's Magazine, and your first copy of the magazine, and your first number of the fifty two novels (one each week) which you are to receive during the year will be sent you by return mail. W. H. Comstock, Brockville, Out.

Dear Sir,—Your "Dr., Morse's Indian Root Pills' are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheelin the works, and what is the result?—at first, only a slight difference is perceptible in its time-keeping, but wait you; a the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pille, and so preserve v.gor and vitality.

Yours faithfully,
