FATHER PHELAN ON SAGASTA.

Rev. D. S. Phelan, editor of our esteemed contemporary, The Western Watchman of St. Louis, Mo.. has no false sentimentality about men, however high their station, who have spent their lives outside of practical religion, and come back at the last. He writes thus of Sagasta, the late Spanish premier:

MEN AND AFFAIRS.

Rev. White, a Methodist minister, has sent to the Northwestern Christian Advocate 200 new subscribers. The Advocate tells how Mr. White does it:

"He not only succeeds in getting the paper into every family of his own congregation, but he persuades others of Methodist affiliations to take it. He takes a paper into has even crossed the ocean to speak gregation, calls attention to its mechanical make-up and to the former friends, she has flung her fact that it contains more matter defiance in their teeth, and her than other religious papers which marriage with Major McBride will sell for the same price or more. TWO SHROVE TUESDAY EN-TERTAINMENTS.

Time was when two entertain, ments of any kind in one evening were supposed to interfere with tertainments the same evening will draw full houses. But Shrove French seances on the same evening were equally well patronized. The choice of the same evening came from no spirit of opposition, but merely from the approach of Lent and the shortness of the time in which to prepare.

The annual entertainment of La Gauloise Society was held in Alhambra hall, which was quite filled. The music was nearly all furnished by the St. Boniface orchestra. The principal performers were Mrs. L. du Galembert, M. de la Giclais, Miss Mollot. In "Le Premier Pas," by Labiche, Miss Pambrun won great applause and was presented with a bouquet.

The "Two Hours of Vaudeville" in St. Boniface College Hall completely filled it. Mrs. Harry Lunt's sweet voice and unaffected manner delighted the audience. The chief performer was Mr. Jobin, whose versatility as an entertainer is often enough. With such refined his trionic talent it is a pity he attempted the negro minstrel style, which was altogether beneath him. One of the best things he did was his talking to some invisible person in the wings while 'making up' for Mephistopheles. The proceeds were for the new cathedral.

The Province of Manitoba has yet room for thousands of farmers, and laborers. There are 25,000,000 acres that can be cultivated and only 3,000,000 acres under cultivation.

THE LIVE STOCK INDUSTRY is rapidly increasing; opportunities for stockmen and dairymen are to be found in many districts.

Lands for sale by the Provincial Government are the cheapest and most desirable in the Province.
