PRESIDENT  
McFARLANE SON & HODGSON, LIMITED  
MONTREAL

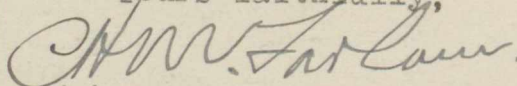

October 5th, 1925.

Dear Sir Arthur:-

I am taking you at your word and reminding you of our conversation last week at Dixie, when you very kindly said you would enquire if any book had been written detailing the development of the British Army through the War. If such a record is in existence, I would like very much to get a copy, if I knew where to apply.

Please accept my thanks in anticipation, and believe me.

Yours faithfully,

General Sir Arthur A.W. Currie,  
M o n t r e a l.
