THE HIGHEST TECHNICAL AND ARTISTIC EXCELLENCE IN
Spectacles and Eyeglasses.

WE ARE now making up day by day singularly beautiful glasses in spectacles and pince nez—high grade in quality—accurate in lenses—exquisite in design—comfortable in fit—and in models as far as possible appropriate to the faces of the prospective wearers.

And for prescription glasses we do not, as in the past, send to New York and other cities for special lenses, involving tedious delays. The surface grinding machinery now installed in our shop produces these day by day on short notice, with much satisfaction to ourselves and customers.

We respectfully solicit your prescription and other orders; our workers, technical knowledge and admirable facilities generally being at your service.
