

THE GOOPS THE NURSERY

The chairman and board of trustees of the Toronto General Hospital have issued invitations to the opening of new hospital, College street, at 3 o'clock this afternoon.

Mrs. Nelles and Mrs. Douglas Bowie were in town from Niagara yesterday.

Mrs. Durie, president, and the executive committee of the Society for the Prevention of Cruelty to Animals, are making arrangements for a grand Christmas festival and sale of work to be held Thursday, December 14, the following ladies having volunteered their services as convenors for the twelve departments, viz: Mrs. W. Murray Alexander, confectionery; Mrs. Edward L. Morton, gentlemen's supplies; Mrs. Percy Beatty, fancy work; Mrs. R. G. McConchie, fancy work; Mrs. D. L. McCarthy, astrological and palmistry; Mrs. J. S. Skeaff, table decorations; Mrs. A. M. S. Stewart, white goods; Mrs. F. Conner, Smith, Santa Claus booth; Miss Durie, tea room; Miss Jessie Ferguson, dolls' booth; Mrs. G. R. Baker is organizer and manager.

The closing exercises of the Bishop Strachan School, which were held yesterday afternoon, were rendered picturesque by the procession of well over two hundred white-robed girls with their teachers in academic dress. The line filed thru the shady grounds of the school and across the College street to the Foresters' Hall, where a musical program was carried out and the distribution of prizes took place under the chairmanship of the bishop. Subsequently a garden party drew the guests and members of the school back to the school grounds. In the rooms thrown open to the visitors were shown specimens of the work done by the cookery and sewing classes, the art and nature study classes, as well as notebooks kept on the school journey. The "form" gardens were a department of the middle school nature work that attracted interested attention.

The marriage of Miss Beatrice Evelyn McKenzie to Mr. John Andrew Reid took place very quietly at the home of the bride's aunt, Mrs. Fisher, in Dufferin street, Rev. D. T. McKendall of Victoria Presbyterian Church officiated.

Mr. and Mrs. Turfessy and family have left to attend the marriage of their son, Dr. H. A. Turfessy, B.A., to Miss Pullan, which takes place at Ottawa today.

Mr. and Mrs. L. R. Wolfe of Kew Beach are at Ottawa today to attend the Turfessy-Pullan wedding.

Mrs. Webster and Miss Ethel Webster are leaving next week to spend the summer at Niagara-on-the-Lake.

Mr. and Mrs. Leslie Ferguson have returned from their wedding trip to the Berkshire hills.

Captain and Mrs. Walter Long, who have been spending the past week in New York, attending the international polo matches, have returned to Ottawa. Mrs. Long is sailing from Montreal today by the Virginian for England, and her husband will accompany her to Montreal to see her off.

Mrs. Philip Gratton Kelly is in Montreal, the guest of her parents, Mr. and Mrs. A. W. McDougall.

Mr. and Mrs. Fred Beardmore have taken a house at Cap d'Aigle and will leave Montreal to take up residence about the 25th. Mr. Beardmore has been in New York with the polo team.

The closing exercises of Westbourne School will be held at 8 o'clock this evening.

The closing exercises of St. Mildred's College took place most successfully last night in St. Thomas' Parish House, where the prizes were distributed by the Lord Bishop of Toronto.

Mr. and Mrs. E. F. B. Johnston and Miss Jessie Johnston left yesterday for England.

Mrs. Hackland (formerly Miss Nellie Tupper) is spending some time with her mother, Mrs. J. Rice Tupper.

Mrs. W. O. Gwynne has left for a

Health and Beauty Advice

BY MRS. MAE MARTIN

Katie: I advise you to use this formula for a hair-tonic, because to my personal knowledge it does more for the hair and scalp than anything else and is easy to make: Into ½ pint alcohol pour 1 ounce quinquina and add ½ pint water. This quinquina tonic quickly stops the itching and cures the dandruff, and is soothing to a sore or tender scalp. The regular use of this inexpensive tonic corrects dry, scaly conditions or excessive oiliness, because it makes the scalp and hair-roots healthy; and to dull, brittle, faded hair give a brilliancy and softness, as well as restore the former color. For best results it is well to shampoo with canthrox. (See answer to "Lella").

Lydias: Yes, rubbing pyroxin on eyebrows will induce them to grow thick and glossy. Apply pyroxin at hair-roots with thumb and forefinger and they will grow long, silky and curly. This treatment is infallible, but be careful not to get any pyroxin where hair is not wanted.

Mabel P.: A thick paste made of dandelion water and applied to those hairs for 2 or 3 minutes will entirely dissolve them. After the dandelion is removed the skin should be washed and dried. This is quick, harmless and in no way mars the delicate complexion. You must, however, be sure it is dandelion you get.

Bertha: Yes, exercise and dieting sometimes reduce your weight. An easier and better way is to dissolve the unnecessary fat-tissues with the aid of the parnis treatment. This reducer is made by adding 4 ounces parnis to 1½ pints hot water. When it cools take one tablespoonful three times each day. Keep up the parnis treatment regularly and in a short while you will have gotten rid of the annoying fat and your figure will be gracefully plump and rightly proportioned, and the skin will be tight and smooth.

Laura: Your dull eyes will take on a delightful sparkle and expression when 2 or 3 drops of crysotonic are put in them daily for awhile. It is an old-fashioned and very economical remedy, which also soothes the burning and relieves the itching after one or two applications. It is simply fine for granulated lids. To prepare, dissolve an ounce crysotonic in 1 pint cold clear water and it is ready. It is absolutely harmless under all conditions.

Lella: In a case like yours where the scalp is so sensitive I should use

Daily World Pattern Service.

HINTS BY MAY MANTON.

7883 Boy's Russian Blouse Suit, 2 to 6 years.

WITH SQUARE OR HIGH NECK, SHORT OR LONG SLEEVES.

visit to Mrs. Gwynne and Mrs. Collingwood Schreiber in Ottawa.

Mrs. Fortescue Anderson, from the Isle of Pines, is visiting her sisters, Mrs. Fortescue and Mrs. Driffield.

Mrs. Alec D. Cartwright and her little son are leaving on the 28th inst. for Picton, Ont., where they will, for the month of July, and will go on to Kingston for August, where they will

canthrox. Get from your druggist an

original package and dissolve a teaspoonful in a cup of hot water and canthrox shampoo very beneficial, because they remove every trace of dust, and hair-roots healthy and vigorous. Canthrox is beneficial to the finest head of hair and to dull, streaky, lifeless or brittle hair gives a brilliancy as well as restores the natural color.

Zoe: Loss of appetite and that bilious cast to your skin plainly indicate derangement of your liver and kidneys. Prepare this excellent and inexpensive tonic and take a tablespoonful three times a day: Into ½ pint of alcohol put 1 ounce harsene (do not use whiskey) and to this add ½ cupful sugar, then hot water to make a quart. This tonic will quickly correct liver and kidney troubles, and as a blood-purifier and system-tonic it has no equal. It is also greatly beneficial to people suffering from lack of vitality, and its regular use will give to a blotchy, pimply skin a rich color, healthy and delightful clearness.

Dorothy: It is a pleasure to know that you are so well pleased with quinquina as a hair-tonic. I have great faith in a quinquina lotion, because it is far superior to powder and will surely overcome the shiny, "muddy" condition of your skin. Just get 4 ounces sour-milk with hazel or hot water and add 2 teaspoonfuls glycerine. When the apurmax lotion is on it cannot be detected and it lends an exquisite rose-tint and youthful charm to any complexion. Once you try this lotion you will prefer it to any powder you ever used. It is especially nice for tan and freckles.

Cora H.: To remove wrinkles, I use this purely vegetable product which I make at home. It is unlike creams containing animal fat, as it does not make hair nor make the flesh loose. Just dissolve an ounce of almond, which you can get from any druggist, in ½ pint cold water and add 2 teaspoonfuls glycerine. Stir and let stand for one day. To remove wrinkles apply a thick coat of this cream-telly and leave on overnight. This protects the skin and allows all the blood action to be used in constructing new texture. In the morning wash it out of the pores and massage thoroughly with more of the cream. It makes the skin soft and velvety, while it is unequalled in reducing large pores.

Miss McNab's Work

Miss Jessie McNab, who conducted many concerts and evangelized meetings on the lawn of her residence, Dundurn Heights, last summer, will continue the splendid work this year at McMurich School, Ossington avenue. The first meeting will be held on Friday, June 20, at 8 o'clock, when Robert Atchison, a returned missionary, will deliver an illustrated lecture on Japan. A Scotch choir will furnish an interesting part to the program. Rev. Mr. Maxwell will be chairman.

be the guests of Lady and the Misses Cartwright at the Maple.

Mr. Jack McLaughlin, who has been spending the week-end in Ottawa, the guest of Dr. and Mrs. Dowling, Monkland avenue, has returned.

The management of the Queen's Royal Hotel, Niagara-on-the-Lake, has issued invitations to a dance in the casino on Friday evening at 9 o'clock.

Mr. and Mrs. David Lindsay, Delaware avenue, announce the engagement of their only daughter, Alice Helmer, to Charles Lloyd Hurd, V.S., B.V.Sc., only son of Dr. H. B. and Mrs. Hurd, Parkville avenue, the marriage to take place the second week in July.

The marriage of Miss Ethel Florence, daughter of Mr. and Mrs. Thos. Patterson, and Mr. William Elwood Cox, son of Mr. and Mrs. George Cox, will take place Wednesday, June 25, at 12 o'clock, at Church of the Messiah.

Mrs. G. P. Duncan (Miss Kate Westman) will receive for the first time since her marriage at "the Manor" for Credit, on Saturday afternoon, June 21, from 3 to 6 o'clock.

On Saturday evening the "We-All-Go" Club surprise Miss Dorothy Edis, a popular young member of the club, whose marriage takes place next week, with a handkerchief and apron shower at her home on Shaw street.

Mr. and Mrs. Jack Bartlett have returned from their wedding trip, and have taken Mrs. Oht's house, 114 Kendal avenue, for the summer.

Mrs. Douglas Young of Kingston is in town for a few days, en route to Strathallan, Alandale.

The engagement is announced of Miss Lily Bristol, daughter of Mr. and Mrs. George B. Bristol, to the Rev. Dr. R. J. Ascension, rector of the Church of the Ascension.

\$1.85 Trenton and Return, Saturday, June 21.

Tickets good leaving Toronto on Grand Trunk Railway System's 1.50 p.m. train, Saturday, June 21, valid returning on regular trains up to and including Monday, June 23, 1913. Tickets now on sale at city ticket office, northwest corner King and Yonge streets, phone Main 4208.

"FOOLS AND FIREARMS."

Hugh Hannah, the man who in April last shot Mary Brook in the face while demonstrating to her how the boys in the wild and woolly west loaded and unloaded their guns, was yesterday morning in police court found guilty of criminal negligence and remanded a week for sentence.

The magistrate had some very pointed remarks to say about "young fools" handling firearms about which they knew nothing.

IF THIS IS YOUR BIRTHDAY

An active and successful year is ahead of you and you will travel or make changes to your great advantage. Those born today will be clever and of agreeable dispositions, and will succeed well in those callings where personality counts most.

WILLARD HOME IS DOING GOOD WORK

Sheltered Many Girls Until They Obtained Positions.

That the Willard Home for Girls is fulfilling its mission was made manifest yesterday at the annual meeting of the Toronto District of the Women's Christian Temperance Union, when reports were heard from Miss Helen McEwen, the secretary, and Mrs. Worrall, the matron. In presenting her report, Mrs. Worrall stated that although the home had been opened only in December, about 55 regular boarders had been living in the home for the last six months. These girls were nearly all employed by business firms in the city, and they were provided with separate rooms in the home. Besides the regular boarders, who paid for their board and room, other girls who had no home in the city, had been sheltered there until they secured positions.

Of these there were 148 in the six months. They spent 499 days in the home, and were supplied with 1406 meals. Work was secured for 48 of them. Mrs. Worrall stated that there was great need of more accommodation for regular boarders, and said that in speaking to one prominent business man, in the city, of this he replied, "Yes, twelve homes like the one you have would not be too much for the city. You should build them right away and build them near your present one."

Wanted Girl Friends.
Mrs. Worrall was asked to tell of any particular case that had come before her, and she recalled that one night, a girl who worked down town, came to her and pleaded for a room. "She was boarding in a house where there were only men," said Mrs. Worrall, "and was very lonely. She wanted to have girl friends to talk to, and that was why she came home."

Miss McEwen's report showed that there was still a debt of \$3660 on the books, 147 magazines, 15 pledges, 191 books, 147 jars of jelly, 54 quarts of cream, 53 dozen eggs, 55 dozen oranges, 40 pecks of fruit, 33 pecks of vegetables, 748 articles of clothing and \$476.75 in money. The result of the election of officers is that the board for the year is the same as last year's, with the exception of the office of vice-president. Mrs. S. Vance was vice-president last year, but Mrs. A. E. Silverthorn will take her place this year. The officers are: President, Mrs. A. E. Silverthorn; vice-president, Mrs. A. E. Silverthorn; secretary, Miss Ada Jackson; treasurer, Mrs. R. Fletcher; treasurer, Miss Letitia Harris; Y. W. C. T. U. secretary, Miss McEwen.

A summary of the report of the flower mission, presented by Miss M. Carrett, showed that in the year of nine months the Toronto District had distributed the following cheer: 2179 bouquets, 46 plants, 17 baskets of flowers, 2440 texts, 2885 papers, 35 books, 147 magazines, 15 pledges, 191 books, 147 jars of jelly, 54 quarts of cream, 53 dozen eggs, 55 dozen oranges, 40 pecks of fruit, 33 pecks of vegetables, 748 articles of clothing and \$476.75 in money.

The result of the election of officers is that the board for the year is the same as last year's, with the exception of the office of vice-president. Mrs. S. Vance was vice-president last year, but Mrs. A. E. Silverthorn will take her place this year. The officers are: President, Mrs. A. E. Silverthorn; vice-president, Mrs. A. E. Silverthorn; secretary, Miss Ada Jackson; treasurer, Mrs. R. Fletcher; treasurer, Miss Letitia Harris; Y. W. C. T. U. secretary, Miss McEwen.

Women's Ailments Caused by Neglect

Proper Treatment Will Quickly Bring Back Robust Health and Good Spirits.

Women are on the whole more sickly than men. One reason is that their system is more complicated; another and more important reason is they put off measures of relief too long. At the beginning, constipation is the cause of nine-tenths of women's ailments. The blood becomes weakened and polluted—the nerves suffer and a run-down condition takes root.

Because of their mildness of action as a system regulator, no medicine for women can compare with Dr. Hamilton's Pills. The kidneys quickly respond to the remedial action of Dr. Hamilton's Pills, and the result is as exact—pain in the back and side, shortness of breath and bad color disappear—the functions of the body then operate naturally, congestion and pain are prevented and perfect health restored.

Thousands of happy women say Dr. Hamilton's Pills are the greatest and best blood purifier, the finest complexion renewer, the most certain regulator of the system. Sold by all druggists and storerooms, 25c per box, five for \$1.00 postpaid. The Catarrh-ozone Co., Buffalo, N.Y., and Kingston, Canada.

OIL RUBS

Probably you have read before in this column that all well babies are fat. By that, I do not mean that a baby who has no superabundant rolls of fat around his neck and wrists is a sickly child. You have seen those very, very fat babies and you were sorry for them. A fat baby to be a well baby, is well-built, well-rounded and sturdy. Every ounce of his fat is put in place for some good purpose and the result is, you are not conscious of fat, but of beauty.

Then there is the other kind of baby: the thin, delicate, little one that no amount of care and attention seems to benefit.

Without just now considering the cause for this thinness, let me describe one of the best methods for dealing in oil rubs. Use olive oil, coconut oil or cocoa butter for the rub, and give it, preferably, just before bed-time. However, if that should prove a very busy time in the household, before a nap will do just as well.

Warm the oil and rub the face and neck gently, but firmly. Then the chest, the arms and hands, the abdomen and the legs and feet. Use plenty of oil and rub very thoroughly. I need not remind you again to rub very carefully. The baby's skin is so very sensitive that what should be a most soothing operation might easily become a torture.

Do not worry about the oily odor that will cling to the body and to the night-clothes, the benefit received is well worth so small a disadvantage. If three baths a week are given for two months, the practice might be discontinued for a month and then, if necessary, resumed.

Small, new babies should have at least one oil bath a week; and very frail ones should have a daily bath of oil instead of water. It is a mistake to use soap too freely in bathing children, for it tends to dry the natural oils which nourish and protect the skin.

I understand quite as well as most

SOCIETY HOUSEKEEPING

IRONING DAY COMFORT

WITH an Electric Flatiron you can do your ironing where it is coolest—out on the back porch—where the breeze invigorates you while you work. Add to this the comfort and economy of a

Electric Flatiron

which uses only about 15 cents' worth of electricity for doing the weekly ironing of an average sized family, and you have the reason why thousands of families throughout the country are using C.G.E. electric flatirons.

"Make Your Wedding Gift an Electric One—\$3 and Up."

HERE are five bridal gift suggestions. Any one of these would make a most useful and acceptable wedding present. They combine those qualities which are not infrequently rare in articles for such occasions—practical utility united with striking attractiveness.

The Electric Toaster can be used every day in the year. Makes breakfast toast at very trifling cost. Each piece is evenly browned, tender and piping hot. Can be used also for afternoon tea. Handsomely nickled, very durable. Price \$4.

The Electric Percolator makes the finest coffee. By its use the new housewife avoids the discouraging disappointments which usually beset the novice.

Just put in the coffee and water, then turn the switch. No eggs needed to settle grounds. Percolator is beautifully finished in burnished copper or nickel, in three sizes. Prices start at \$7.50.

The Electric Chafing Dish is fine for luncheons, after the theatre, or other odd-time snacks. It will cook anything it will hold. It comes in handsomely polished nickel with heat proof base, \$10 to \$18.

Demonstrations of these and other electrical devices are held from 9 to 5 in our display rooms, and 9 to 1 on Saturdays. Feel free to come in and look around without feeling obliged to buy.
